

**GOVERNING BOARD AGENDA ITEM
AMPHITHEATER UNIFIED SCHOOL DISTRICT NO. 10**

DATE OF MEETING: **December 5, 2017**

TITLE: **Annual Community Extension Programs, Inc. (CEP) Update**

BACKGROUND:

Community Extension Programs, Inc. (CEP), is a non-profit organization which operates before and after-school and other enrichment programs at multiple school sites within the District. Since its initial and original formation as a district-owned community schools program, CEP has been a valuable partner for the District by providing a resource for parents seeking convenient, on-site care for their children after school, as well as a provider of “intersession”, summer, and other educational programming.

Approximately 28 years ago, “Amphitheater Extension Programs” became a wholly separate entity from Amphitheater Public Schools, forming its current 501(c)(3) corporate status, and subsequently also changing its name to Community Extension Programs about 17 years ago.

In 2000, CEP became the exclusive provider of on-site after-school programs in the District. That contractual relationship, renewed several times, requires CEP to make an annual report to the District Governing Board regarding the scope and status of its operations.

CEP Executive Director Bruce Weigold is a former long-time employee of the District, his service including posts as Principal at two different schools. Mr. Weigold will make the report to the Board on behalf of CEP.

RECOMMENDATION:

This item is presented for review and discussion and complies with previous Board action. No new action is required at this time.

INITIATED BY:

Dr. Roseanne Lopez, Chief Academic Officer Elementary Education

Date: November 28, 2017

Todd A. Jaeger, J.D., Superintendent
