

Athletic Report

Spring sports are in full swing and things are very busy. Baseball and Softball have both preformed at a high level and are set to start district play on Tuesday March 4th. The track teams have competed in two meets so far this season and looked especially strong in La Pryor. Both teams placed second in the meet and had many of the athletes meddle in multiple events. Both the girls and boys next meet will be Thursday March 6th in Nueces Canyon. Also, in recent weeks Junior High & High School Tennis meets have started with many of these athletes getting ready to start their district push in the following weeks. Golf has also competed in two meets and have had strong showings on both the boys and girls sides. Many of these athletes cross over into multiple sports and other UIL extracurricular activities. However, they continue to work hard and maintain good grades throughout this very busy time of the year.
