

Minidoka County School District
Superintendent's Report
April 30, 2018

Information/Updates

- **Negotiations** – We met on April 17 and came to an agreement. We will meet again May 1 from 4 to 7 pm to review what was agreed upon and to consider whether to make the language of the agreement last for two years rather than just one.
- **Reality Town** – Terry Merrill is heading up this project, which has been scheduled for May 9 at East Minico. Please contact him if you are able to volunteer to help that day.
- **ARTEC – Industrial Regional Professional Technical Charter (RPTC) School** – Minico submitted applications to add some programs for ARTEC. We will be resubmitting one application as there was not enough information for the ARTEC Board to approve it.

Meetings/Activities

- **Staff/Building Visits:**

We will be interviewing for the East Minico Principal position this week.
