

TECHNOLOGY RESOURCES

(Movies/Videos/Texts/Books)

Movies and videos as well as texts or books with ratings other than for general audiences of all ages are not to be shown in classrooms or at any District facility (this includes buses and motels where students are present) except when:

- The movie, or video, text or book has been previewed by the teacher or other licensed staff member.
- The movie, or video, text or book has been determined to not contain material that is objectionable or inappropriate for the age group to which it is intended to be shown.
- The responsible site administrator has approved the use of the movie, or video, text or book to its showing.
- The teacher or other licensed staff member has provided advance notification to each student's parent(s), or other responsible adult, of the title of the movie, or video, text or book and the date(s) on which it will be shown or used.
- A student whose parent(s) or other responsible adult has provided notice of their disapproval will not be permitted to view the movie, or video, text or book.

Parents have the right to request that their child not view any movie, or video, text or book, regardless of its rating or the purpose for which it is to be shown. In these cases, the student shall be offered an alternative and appropriate assignment.
