Item Id:	<input type="text" value="1"/>
Facility Name & Address:*	<input type="text" value="PUTNAM COUNTY JR HIGH SCHOOL, 13183 N 350th Ave, McNabb"/>
Description of Facility:*	<p>Putnam County Junior High was constructed in 1965 with an addition added in 1969. It contains 51,455 square feet and serves approximately 170 students and 30 staff members.</p>
Description of Work:*	<p>Putnam County Junior High has a standalone wastewater treatment plant that is nearly 60 years old. Due to its age, the concrete structure is deteriorating. The system itself is also inefficient, leading to issues that have caused the school to close at times.</p> <p>The District intends to remove the wastewater treatment plant and install a septic-based system to serve the school.</p>
Location of Work within the building/outside the building if it affects only a portion of the building: (i.e. North Wing classrooms)*	<p>The work is located outside of the building but on its campus. The construction of a new system would impact the entire operations of the school.</p>
Project Priority Category:	<input type="text" value="D - Permanent Improvement Projects"/>
Category Code:*	<input type="text" value="Plumbing"/>
Total Work Cost: [0000]*	<input type="text" value="\$200000"/>
Estimated Start Date: [MM/DD/YYYY]*	<input type="text" value="06/01/2026"/>
Estimated Completion Date: [MM/DD/YYYY]*	<input type="text" value="08/01/2026"/>
