

# 2025-2026 Course Selection Guide Changes

## Detailed Summary of Additions

Additions to the 25-26 HS CSG	Rationale for the Recommendation
Spanish 1 and 2 Dual Credit	This addition is a change that will allow students to work towards college credit for Language Other Than English.
Career Preparation for Program of Study & Career Preparation - General	This addition is due to an update on the TEA course offerings.
Lifetime Fitness & Lifetime Fitness A	This addition is due to a change from TEA on PE course offerings that can count toward graduation requirements.
Kinesiology I and II	These courses will replace the current course for students in Sports Medicine/Athletic training.
Contemporary Math Dual Credit	This course addition will allow more options for dual credit math courses.
Earth Systems Science and Earth Systems Science M	These courses will be added to build on students' prior scientific and academic knowledge and skills to develop their understanding of Earth's systems.
AP Foundations of Cybersecurity	This course will be added to develop the knowledge and skills needed to master fundamental concepts of cybersecurity.
Advanced Topics in Math	This upper-level mathematics course will be added to replace Differential Equations and Linear Algebra.

## Detailed Summary of Revisions

Revisions to the 25-26 HS CSG	Rationale for the Recommendation
Forty-eight Course offerings revised by the CTE Department	These revisions will provide opportunities for students to gain access to courses by removing prerequisites.
AP Physics I and II	These updated course names to AP Physics I-Algebra-Based and AP Physics II-Algebra-Based indicate the level of math that is the basis for the course. In addition, students need to show proficiency in prerequisite coursework that is aligned with the rigor of an AP course.
AP Biology, AP Chemistry, and AP Environmental Science	These revisions will allow students to show proficiency in prerequisite coursework that is aligned with the advanced rigor of an AP course.
Science Course Listings for Physics and Chemistry	This revision will reorder the sequence in certain pages of the CSG.
Read 180 (1-3)	This revision will change the course title and description to reading courses in grades 6th-8th.
Literacy Achievement M and A (6-8)	These revisions will change the title of the course to align to the change with the general education course for reading intervention.
Sports Medicine/Allied Health	This revision to Allied Health Therapeutic Services will replace Sports Medicine currently a local credit.
Statistics Advanced	This revision to Statistics Advanced is due to the fact that AP Statistics is offered. This will allow more opportunities for students needing a fourth year of mathematics.

## Detailed Summary of Deletions/Replacements

Deletions/Replacements to the 25-26 HS CSG	Rationale for the Recommendation
Animation II, Advanced Marketing and eSports - Independent Study in Evolving/Emerging Technologies	These courses will be deleted due to a change in the program of study.
Business Information Management II	This course will be deleted as it is no longer aligned to a program of study.
Viticulture and Hospitality Services	This course will be deleted as there was limited interest in the courses and realignment of the program of study.
Career Preparation I	This course will be deleted since it was replaced with Career Preparation for Program of Study and Career Preparation - General. The course name has changed within TEA.
Calculus Advanced	This course will be deleted due to limited student interest and the course is offered as an AP course and dual credit.
Linear Algebra and Differential Equations	These courses are being deleted since they are replaced with Advanced Topics in Mathematics.
Dallas College Dual Credit	This course will be deleted due to replacing it with Advanced Topics in Mathematics and changes from the Institution of Higher Education.
Personal Group Fitness	This course will be deleted because it is no longer a TEA-approved course for the 2025-2026 school year.
Team Sports and Individual Sports	This course will be deleted due to a change to PEIMS codes.

Food Science	This course will be deleted due to being a course only offered at Bridges.
Earth & Space Science and Number Theory	This course will be deleted because it is no longer a TEA-approved course for the 2025-2026 school year.
GT AP Calculus	This course was not offered in the 2024-2025 school year but was listed in the CSG. This course will be deleted.
English III Advanced	This course is being deleted as there are English III AP and Dual credit course offerings. Additionally, it lacks a differentiated curriculum.
Precalculus	This course is being deleted as there are Precalculus Advanced and AP course offerings. Additionally, it lacks a differentiated curriculum.
