June 2026 Consent Calendar

Thrive Therapy School Based Mental Health Services

To: Board of Education
CC: Dr. Jay Morrow, Superintendent
From: Shannon Miller, Director of Curriculum and Instruction
Re: 2026-2027 Thrive Therapy Based Mental Health Contracted Service Agreement

United Township High School District #30 is entering its third consecutive year of partnership with Thrive Therapy for the provision of school-based mental health services. The proposed agreement for the 2026-2027 academic year maintains the existing service level of five days per week at a monthly rate of \$8,200. This renewal reflects a zero percent cost increase and will be supported by district funds. It is recommended that the Board of Education approve the Thrive Therapy contracted services agreement as part of the consent calendar. The comprehensive contract detailing the specific services provided to students is attached for formal review.
