March 4th, 2019

Dear Board Members,

Greetings from Glendale Colony. February was a quiet month at the colony but despite the weather the students were able to enjoy a couple of outdoor activities. During the February visit from the GNP rangers the students went on a snowshoe hike around the colony followed by a warm snack of hot chocolate and cookies. Mr. Andreas took the students to the frozen pond behind the school where they all enjoyed a game of hockey (the favorite sport in the colony).

The 4th-8th graders are learning about the solar system. They are completing their planet reports and are putting them into a slide presentation which will be due at the end of the week.

Joni Hofer, Glendale first grader, took first place in the Keep Montana Green calendar competition for our region. Her picture will go on to the state level for judging now. Please include this information in the board report.

We all wish the Browning Indians good luck at the state tournament.

Your partners in education,

Ms. Show and Mrs. Christoferson
