

HOMEWORK

The School Board believes that homework serves many important purposes. The administration and certificated staff shall design homework plans and assignments so that through their homework, students can reinforce academic skills taught in school and learn how to conduct research effectively, develop ideas creatively and become life-long learners.

The Board believes that homework is the responsibility of the student. It is the student's job to develop regular study habits and to do most assignments independently. The Board encourages teachers at all grade levels to use the parent/guardian as a contributing resource and to structure homework assignments so as to involve the parent/guardian without diminishing the student's sense of responsibility. When assigning homework which involves interaction with parents/guardians, teachers should include instructions which show how parents/guardians can best help their children.

To be effective, homework assignments should not place an undue burden on students and families. Homework should reinforce classroom learning objectives and be related to student needs and abilities.

Makeup Work

Students shall be given the opportunity to make up school work missed because of an excused absence, unexcused absence, or suspension and shall receive full credit if the work is turned in according to a reasonable makeup schedule.
