Contractor Ivalu Release
 Agrees To: This is the first version of the app for iPad and apple computers. Home Page Leaderboard Section (currently working on but needs to be completed)

Leaderboard section will show the students their points in comparison to the other students in their class. Currently students are constantly asking each other how many points they have. This way they will know who has how many points.

Viva Challenge (currently working on but needs to be completed) VIVA Challenge is for students to practice vocabulary that they have already mastered in the regular VIVA units. Currently it is only available on the website. Once it is available on the app they will not need the website at all.

Login, Home Page, Lesson One Page, Lessons 2-8 Page, Aarigaa Page (HTML) This is making everything that is available on the app also available and matching design and code on the website. This is critical so that parents and community members can also use the learning program as they will not have access to the app until we make it a public app.
