RE: Update to policy CB(Local)

The Texas Education Agency has published guidance for districts on the use of federal Elementary and Secondary School Emergency Relief Funds (ESSER) and recommendations that districts develop local board policies to address how the district will provide the required public notice regarding federal grants and awards.

In order to provide the public with consistent opportunity for input on the use of federal grants and awards, it is recommended that Coppel ISD update policy CB(Local) to include the posting of public notice of federal grant applications through an information item at a board meeting and by posting on the district's website. In addition, the policy will state that approval of required grant and award plans shall be by the Superintendent.

This update to CB(Local) will satisfy the public notice requirements for ESSER.

Recommendation: The Board of Trustees adopt the resolution updating policy CB(Local) as presented.
