

Utah School District 2024-2025 First Days of School

- 25 of the 41 listed school districts started the same week Davis started.
- State law dictates 180 instructional days. The state allows for 2 teacher comp days for parent/teacher conferences and up to 4 professional/preparation days as instructional days. Davis gives teachers an additional 5 preparation days which gives us 185 days. Not all school boards are this generous with their teachers. We value teacher preparation and professional time which benefits teachers and in turn, benefits students.
