ELPS (English Language Proficiency Standards) Grades 9-12 (Teacher Handbook) Adoption

In the Fall of 2009, a committee of 4 secondary ESL teachers and 1 administrator began the textbook adoption process for the ELPS grades 9-12 adoption. Using a scoring rubric, the committee members evaluated 4 titles.

On January 27, 2010, the committee had the opportunity to review the approved textbooks with representatives from each publisher at Region 10.

This memo serves as a recommendation from the ELPS Textbook Adoption Committee **to order *ELLevate*, a Glencoe publication**, as our new ELPS 9-12 teacher textbook (handbook) adoption.

Furthermore, we recommend adopting all ELPS titles on the approved list with no exclusions.
