

Legislative Platform 2015

Independent School District 709

State or Federal Mandates

State or Federal mandates imposed on local schools must be suspended or accompanied with sufficient resources to enable public schools to meet those mandates such as special education underfunding and charter school lack of funding for resident students.

Integration Revenue

The State of Minnesota should continue funding of both inter-district and intra-district integration revenue. Any further redistribution of integration aid should be tied to a specific consensus on the proper use of integration funding. The MDE should continue to cooperate with districts to further develop programs that provide choice, reduce segregation, close the learning gap, and promote integrated learning experiences for all students.

Permanent Structural Change

Permanent structural change in Minnesota's tax system must be combined with school finance reform efforts being considered. Tax reform should include replacing school district reliance on property tax increases with other state taxes, greater equalization of the operating referendum, and continuing to restore the original level of debt service equalization.

Mandate Reform and Reduction

Mandates that have negative, unintended consequences should be considered for repeal or revision. Included would be system-wide technology infrastructure investments that would result in enhanced efficiency, eliminating mandated newspaper publishing that could be more effectively done via websites and provide funding to implement staff evaluation systems.
