

Milam 2009/2010 School Improvement Plan Quarterly Report

Self Assessment Overview

In an effort to improve:

- Milam is adding rigor to the curriculum by incorporating Pre-AP and inclusion classes to the curriculum.
- Milam is giving benchmark tests using Orchard and MCT II practice tests each semester.
- Milam is using technology in each classroom to make the curriculum relevant to the students.

Self Assessment Overview

- Collaborative Regular ED/Special ED teacher planning
- Improve Teacher Support Team to identify students needing academic support
- Continue to improve differential instruction and technology integration
- Improve professional development opportunities for staff

Math Target Goals by Subgroups

Reading Target Goals by Subgroups

Back Practices for Targets

Math

- Math Challenge
- Benchmark testing with Orchard
- Benchmark testing with MCT II
- Departmental planning with pacing guides
- Guided study instruction

Reading

- Benchmark testing with Orchard
- Benchmark testing with MCT II
- Departmental planning with pacing guides
- Guided study instruction

Writing

- Journal writing
- Classroom writing assignments in language arts and reading classes

Science

- Using MCT II fifth grade science test as benchmark test in science
- Project-based teaching with hands-on experience
- Departmental planning

Benchmarking

Currently Milam is using Orchard and MCT II benchmark testing each semester.

- Improve pacing guides for each subject
- Improve benchmark tests in each subject
- Benchmark teacher-made benchmark tests each grading period
