

**Questions Submitted by Trustee Elda Flores**  
**October 18, 2017**  
**Regular Called Board Meeting**

**Consent: Item #7**

**Request:** *Ms. Flores requested a comparison of attendance at the high school for the first 6 weeks this year, compared to the first 6 weeks last year.*

**Response:** The attendance at the high school for the first 6 weeks last year was 94.92% and for the first 6 weeks this year, the attendance was 94.07%. This is a drop of .85%. As a result of this request, we compared attendance for the first 6 weeks of school, for both years, for all schools. We also studied whether there was an increase or a decrease of transportation for the schools studied. The results of that study are on the following page. After looking at the information, it does not seem that there is any relationship between attendance and transportation services provided.

route comparisons 16 17 17 18.xlsx
