§ 5.1 The Owner is not required to issue any Service Orders under this Master Agreement.

§ 5.2 The Owner shall provide information in a timely manner regarding requirements for, and limitations of, each Service Order. Within 15 days after receipt of a written request from the Architect, the Owner shall furnish the requested information as necessary and relevant for the Architect to evaluate, give notice of, or enforce lien rights.

§ 5.3 The Owner shall render decisions and approve the Architect's submittals in a timely manner in order to avoid unreasonable delay in the orderly and sequential progress of the Architect's services.

§ 5.4 The Owner shall coordinate the services of its own consultants with those services provided by the Architect. Upon the Architect's request, the Owner shall furnish copies of the scope of consulting services in the contracts between the Owner and the Owner's consultants. The Owner shall furnish the services of consultants as designated in an individual Service Order, or authorize the Architect to furnish them as an Additional Service, when the Architect requests such services and demonstrates that they are reasonably required by the scope of the Service Order. The Owner shall require that its consultants maintain professional liability insurance as appropriate to the services provided.

§ 5.5 The Owner shall furnish all legal, insurance and accounting services, including auditing services, that may be reasonably necessary at any time to meet the Owner's needs and interests under a Service Agreement.

Init.

§ 5.6 The Owner shall provide prompt written notice to the Architect if the Owner becomes aware of any fault or defect in the services or work related to a Service Agreement, including errors, omissions or inconsistencies in the Architect's Instruments of Service.

§ 6.1 The Architect and the Owner warrant that in transmitting Instruments of Service, or any other information, the transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit such information for its use in relation to a Service Agreement. If the Owner and Architect intend to transmit Instruments of Service or any other information or documentation in digital form, they shall endeavor to establish necessary protocols governing such transmissions.

§ 6.2 The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and shall retain all common law, statutory and other reserved rights, including copyrights. Submission or distribution of Instruments of Service to meet official regulatory requirements or for similar purposes in connection with a Service Agreement is not to be construed as publication in derogation of the reserved rights of the Architect and the Architect's consultants.

§ 6.3 Upon execution of each Service Order, the Architect grants to the Owner a nonexclusive license to use the Architect's Instruments of Service solely and exclusively for purposes of constructing, using, maintaining, altering and adding to the Project, provided that the Owner substantially performs its obligations, including prompt payment of all sums when due, under the Service Agreement. The Architect shall obtain similar nonexclusive licenses from the Architect's consultants consistent with this Master Agreement. The license granted under this section permits the Owner to authorize the Contractor, Subcontractors, Sub-subcontractors, and material or equipment suppliers, as well as the Owner's consultants and separate contractors, to reproduce applicable portions of the Instruments of Service solely and exclusively for use in performing services or construction for the Project. If the Architect rightfully terminates a Service Agreement for cause as provided in Sections 8.3 and 8.4, the license granted in this Section 6.3, and related to the terminated Service Agreement, shall terminate.

§ 6.3.1 In the event the Owner uses the Instruments of Service without retaining the author of the Instruments of Service, the Owner releases the Architect and Architect's consultant(s) from all claims and causes of action arising from such uses. The Owner, to the extent permitted by law, further agrees to indemnify and hold harmless the Architect and its consultants from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's use of the Instruments of Service under this Section 6.3.1.

§ 6.4 Except for the licenses granted in this Article 6, no other license or right shall be deemed granted or implied under this Master Agreement. The Owner shall not assign, delegate, sublicense, pledge or otherwise transfer any license granted herein to another party without the prior written agreement of the Architect. Any unauthorized use of the Instruments of Service shall be at the Owner's sole risk and without liability to the Architect and the Architect's consultants.

ARTICLE 7 CLAIMS AND DISPUTES

§ 7.1 General

§ 7.1.1 The Owner and Architect shall commence all claims and causes of action, whether in contract, tort, or otherwise, against the other arising out of or related to any Service Agreement, in accordance with the requirements of the method of binding dispute resolution selected in this Master Agreement, within the period specified by applicable law, but in any case not more than 10 years after the completion of the services provided pursuant to a specific Service Agreement, whichever is sooner. The Owner and Architect waive all claims and causes of action not commenced in accordance with this Section 7.1.1.

§ 7.1.2 To the extent damages are covered by property insurance, the Owner and Architect waive all rights against each other and against the contractors, consultants, agents and employees of the other for damages, except such rights as they may have to the proceeds of such insurance as set forth in AIA Document A201™-2007, General

§ 7.2 Mediation

§ 7.2.1 Any claim, dispute or other matter in question arising out of or related to a Service Agreement shall be subject to mediation as a condition precedent to binding dispute resolution. If such matter relates to or is the subject of a lien arising out of the Architect's services, the Architect may proceed in accordance with applicable law to comply with the lien notice or filing deadlines prior to resolution of the matter by mediation or by binding dispute resolution.

§ 7.2.2 The Owner and Architect shall endeavor to resolve claims, disputes and other matters in question between them by mediation which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Mediation Procedures in effect on the date of this Master Agreement. A request for mediation shall be made in writing, delivered to the other party to this Master Agreement, and filed with the person or entity administering the mediation. The request may be made concurrently with the filing of a complaint or other appropriate demand for binding dispute resolution but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order. If an arbitration proceeding is stayed pursuant to this Section, the parties may nonetheless proceed to the selection of the arbitrator(s) and agree upon a schedule for later proceedings.

§ 7.2.3 The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

§ 8.1 If the Owner fails to make payments to the Architect in accordance with a Service Agreement, such failure shall be considered substantial nonperformance and cause for termination of the Service Agreement or, at the Architect's option, cause for suspension of performance of services under the Service Agreement for which the Owner failed to make payment. If the Architect elects to suspend services, the Architect shall give seven days' written notice to the Owner before suspending services. In the event of a suspension of services, the Architect shall have no liability to the Owner for delay or damage caused the Owner because of such suspension of services. Before resuming services, the Architect shall be paid all sums due prior to suspension and any expenses incurred in the

§ 8.2 If the services under a Service Agreement have been suspended by the Owner, the Architect shall be compensated for services performed prior to notice of such suspension. Termination of a Service Agreement under this Section 8.4 shall not be deemed a termination of other Service Agreements under this Master Agreement.

§ 8.5 The Owner may terminate a Service Agreement, upon not less than seven days' written notice to the Architect for the Owner's convenience and without cause.

§ 8.6 In the event of termination of a Service Agreement not the fault of the Architect, the Architect shall be compensated for services performed prior to termination, together with Reimbursable Expenses then due and all Termination Expenses as defined in Section 8.8.
