Background Information

The Support Personnel Association and School District reached a tentative agreement for the 2019-20 and 2020-21 contract years. The agreement was reached in December with minor modifications since that time. Members of the Support Personnel Association ratified the contract during the week of May 18th.

Financial highlights of the changes include 2% increases on each cell each year, the elimination of Step 2 beginning in 2020-21 to increase base rate of pay, and increasing class 2 wages to match class B. There are also other modest financial changes and numerous language changes as shown in the redline version of the contract included as an "extra" on the school board meeting site.

Recommendation

I move to approve the Support Personnel Master Agreement for the 2019-20 and 2020-21 contract years as presented.
