**RE:** School Improvement Plans

**DATE:** December 6, 2012

Attached are the School Improvement Plans for Beye, Brooks and the District. At its December 11, 2012 meeting the Board of Education is scheduled to approve the plans. Approval means that the Board trusts the teams will review the indicators and honestly reflect where the school or district is in relation to full implementation and that the plan developed will lead to full implementation of the research-based indicators. Approval also means that the Board understands that transformation will take place over time, and that the time element may extend beyond two years. The remaining eight school improvement plans will be brought for Board approval in January 2013.
