

**Nippersink Middle School  
Principals Report  
Tim Molitor  
June 28, 2017**

**Awards Assemblies**

Each of our 3 grade levels held their end of the year award assemblies in the month of May. All 3 events were well attended by parents and family members. We had a large number of students who received an award for being on the honor roll.

**Choir-Band**

Congratulations and thank you to the choir and band students who performed flawlessly at the graduation ceremony.

**Field Day**

On Wednesday, May 24th, NMS held its annual field day. This year's theme was based on grade level competitions. Students competed in a wide variety of competitions and events. The students had a great time.

**Knight Crew/PTO**

On Saturday, May 6<sup>th</sup> NMS hosted our second annual color run. This year we had just over 165 students participate and just over 225 total participants. The weather was great and the students had a great time. The PTO raised \$4800. To date, the PTO has raised \$16,320 in funds committed to the installation of a new running surface on our school property.

**Future Problem Solvers**

The international competition was held June 7-11 at the University of Wisconsin-LaCrosse. Over 2,000 students from around the world competed. Seventeen students from NMS competed. Listed below are just some of the outstanding performances from our students:

6<sup>th</sup> grade team- Oral presentation finals

Ryan Cerauli's scenario writing team won the competition

Sarah Ames team won first place in the magic competition

Amelia Guanci's scenario writing team came in third place

**NMS Students at lunch with students from Singapore!!**

### **Science Splash**

This is the 6<sup>th</sup> year that our 7<sup>th</sup> & 8<sup>th</sup> Grade Advanced Science students have participated in Science Splash. Science Splash is unique program in which our students, in small groups, design their own science lessons and then teach the lessons to elementary students. It is an awesome hands-on learning experience for students in kindergarten through third grade. This year our Science Splash program traveled to Reek Elementary School in Fontana, Wisconsin as well as RGS and SGE. See the link below for an article and picture of science splash in the Lake Geneva News.
