Indy Controls is pleased to provide you with this proposal to upgrade the license and software in your existing Honeywell WEBS JACE to the latest available version. This also includes a 3-year Standard Maintenance Agreement (SMA). This proposal includes the initial software upgrade and setup. During your 3-year maintenance build period the software upgrades are at no cost to you. Installation labor is not included after the initial upgrade. Released updates can be installed during your PM with Indy Controls or as part of a separate job. There are many advantages to keeping the software up to date. The developer released patches can include critical security updates to prevent intrusion from the outside. Also, reliability and performance issues are constantly being improved by the developer.

The following scope of work is included;

- 1) Provide and install new Honeywell N4 license with a (3) year maintenance build
- 2) Install the latest reliable version of the Honeywell N4 software
- 3) Revise graphics to make them N4 compatible if necessary
- 4) Make new station backups when complete.

The above work is to be performed in accordance with the terms and conditions of this proposal and completed in a substantial workmanlike manner for the price of; \$1,266.00.
