

Cameron Elementary School
Principal's School Board Report
March 23, 2026

February 16 - Our Cameron Elementary PTO and students completed our Spring fundraiser. We were able to raise a little over \$10,000. Delivery will be on March 24.

February 24 - Cameron Elementary hosted an open house event with students and their families who will be entering our 4K program during the 2026-2027 school year. Families could eat dinner at the school and also tour the 4K pod and classrooms. This was a very successful event. Thank you to our 4K staff for hosting such a fun event.

March 6 - We had our Cameron Elementary School Summer School meeting. We have a lot of staff that are eager to be part of the summer school staffing. This is a great opportunity for staff to connect with students in a different school setting. We will start student sign-up in April.

March 6 - We had a district inservice day. The focus of the elementary school was Educator Effectiveness and Restorative Practices. We had a representative from CESA 10 meet with staff members and give a one hour overview of Restorative Practices. We have had several staff members trained and we are looking to have more trained.

March 7 - The Barron County Youth Art Exhibit had a very successful open house. The Cameron School District had a very good representation of student art at the exhibit. Mrs. Cornell would like to thank everyone for the support that is shown by our district and community for this event. I would like to thank Mrs. Cornell and Mrs. Leschisin for doing such a nice job with our students.

March 16-24 – Cameron Elementary School hosted our end of the 2nd trimester PBIS acknowledgement. We took students to The Palace Theater in Spooner, WI. Some grades were able to see the movie Hoppers and others saw Pout, Pout, Fish. I would like to thank Sarah Miley for organizing this event. It was a big success.

Upcoming Events
