GRANTS PROJECT COORDINATION

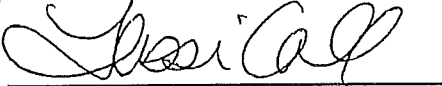

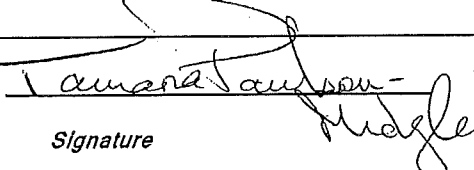

PROJECT PROFILE

*Forms should be submitted to Cathy Eiting,

Working title:	Amphl Middle School Assisteens Helping Tucson Teens Grant
Target population: <i>(Which schools, grades, staff, etc. are impacted?)</i>	Amphitheater Middle School music students In 6 th , 7 th , and 8 th grade Tamara Paulson-Midgley (AMS music teacher) will work with the music students.
General problem addressed by the project:	Although our school offers music electives to all grade levels at our site, these electives are not part of a specific budget plan. We do have an inventory if instruments available for student use, but availability of new and challenging music is limited and varies from year to year. It is essential that students have a quality music repertoire from which to learn and perform.
Project Synopsis: <i>(Please also attach the proposal abstract or any additional clarifying information needed.)</i>	<p>The project allows all music students at AMS (approximately 170) to learn and perform from a repertoire of new and challenging music. Mrs. Midgley will plan programs for our musical performances and will select appropriate music for each program from the new repertoire this project will provide. Consequently, the music can be divided among several musical groups and performances throughout the year, and can then be filed in our music library for future use.</p> <p>Students will be exposed to many musical styles, composers, and historical periods, and Mrs. Midgley will guide students through beginning, intermediate and advanced repertoire. The students will be motivated to build their musical skills and knowledge in the classroom and will then demonstrate their achievements to community members at several exciting concerts through the year.</p>

NEED: Although our school offers music electives to all grade levels at our site, these electives are not part of a specific budget plan.
