teen leadership (6-12)TM

Leadership, Professional, and Business Skills for Students

When students discover their own self-worth and approach life prepared to achieve, the opportunities are endless. This is the philosophy behind the Teen Leadership course (available in middle and high school versions). The course teaches students to take responsibility, express themselves, and handle problems and decisions when they arise.

Schools can offer the Teen Leadership course in semester or full-year formats. The Flippen Group must certify a teacher to deliver the curriculum. The course builds personal responsibility and leadership skills through role plays, group activities, speeches, and projects.

Outcomes: Through the Teen Leadership curriculum, students will:

- Develop a healthy self-concept, healthy relationships, and a sense of personal responsibility
- Understand Emotional Intelligence and the skills it measures, including self-awareness, self-control, self-motivation, and social skills
- Build skills in public speaking and communication as well as an understanding of personal image
- Develop an understanding of principle-based decision-making and learn to make responsible personal and financial decisions
- Recognize and resist peer pressure
- Learn to become better family members and citizens
- Appreciate the need for vision in goal-setting, personally and professionally

Approach: Teen Leadership prepares students for success in all they pursue, in and beyond school. The course follows an illustrated (consumable) Student Manual and comprehensive Course Leader's Guide that includes activities, handouts, and daily lessons.

Who: This course is intended for middle and high school students of all backgrounds and abilities. The practical skills taught in Teen Leadership will help any student make the transition to life after school. Districts are encouraged to utilize both middle and high school versions of Teen Leadership, but they may use only one, if they prefer.

Credit: Teen Leadership is approved for course credit in some states.

Getting started: To implement this curriculum, a school must send a teacher to certification training by The Flippen Group. Capturing Kids' Hearts is a prerequisite. For more information, please call The Flippen Group at 800.316.4311.

"We compared the first six weeks grades of our Teen Leadership students this year with last year, before they were in our class. Many were failing multiple courses, assigned to the detention center, had police records, etc. Now they are experiencing what it feels like to be successful. They are achieving academically, staying out of trouble, and truly exemplifying the Teen Leadership spirit. The curriculum is awesome, and these kids are becoming true leaders. Thank you!"

Ele Manry
Middle School Teacher

Meet Bethany Rosebrock, Director of Training and Product Development and hear first-hand about this transformational training experience.

capturing kids' hearts™

"If you have a child's heart, you have his head."™ - Flip Flippen

Truly remarkable outcomes are possible in a classroom where trust, respect, and caring relationships flourish. But creating such an environment is a tremendous challenge. Capturing Kids' Hearts is a 3-day off-site learning experience that provides tools for administrators, faculty and staff to build positive, productive, trusting relationships — among themselves and with their students. These processes can transform the classroom and campus environment, paving the way for high performance.

Outcomes: Participants will learn proven, repeatable skills that help:

- Develop safe, trusting, self-managing classrooms
- Improve classroom attendance by building students' motivation and helping them take responsibility for their actions and performance
- Decrease delinquent behaviors such as disruptive outbursts, violent acts, drug use and other risky behavior
- Utilize the EXCEL Model™ and reinforce the role of emotional intelligence in teaching
- Develop students' empathy for diverse cultures and backgrounds

Approach: CKH is a dynamic, skill-driven, participatory experience. It is not a theoretical or motivational lecture, but the beginning of an important transformational process. Teachers, staff, and administrators learn and practice skills they will use and model in their schools.

Who: Capturing Kids' Hearts is meant for all faculty, staff, and campus-level administrators. CKH is the core of a powerful process that allows every member of the school family to foster and become part of a high-performing, learning community. We encourage schools to get started by sending to Capturing Kids' Hearts training several respected teachers and administrators-influential faculty and staff who encourage and inspire their peers.

When: This is a three-day learning experience. Open-enrollment sessions are available throughout the year in locations nation-wide. We can also schedule client-booked sessions with up to 50 individuals at a time.

Where: Open-enrollment sessions take place at locations we have found to be conducive to learning. Client-booked sessions can be scheduled at a convenient off-site location in retreat or day formats. We will work with you to determine an appropriate location.

Other attendance considerations: Experience shows that the optimal outcome - an intentional culture shift - relies on the complete support and involvement of school administrators. Consequently, they are strongly encouraged to attend as early in the process as possible.

Getting started: To attend an open-enrollment session, to discuss your options for a larger-scale implementation, or for answers to any other questions, please call The Flippen Group at 800.316.4311.

"I have been teaching for 29 years and have never been more impacted or filled with the desire to teach than I have after attending Capturing Kids' Hearts."

Linda Mattox
Vocational Counselor

"The Capturing Kids' Hearts process has revitalized our already tremendous staff. Our statistics speak for themselves; discipline problems nearly non-existent, and academic achievement constantly improving."

Dave Daughton
Principal

Dear

Mrs. Jones

Thank you for letting
us get this wonderful
chance to try something
New because other schools
would make us do the
same thing over and over
again but what I want
to say is thank you for
letting us try something
New I am glad that
I came at a wonderful
time to join this great
school

Sincerely,
LB.
