Re: Purchase of Dust Collectors for LCTC

I would like to discuss, at the February 10, 2025, Committee of the Whole Meeting, the purchase and installation of a dust collection system for the Construction Trades classroom at Livonia Career Technical Center. This purchase will help improve the air quality of the room and extend the life of the room's HVAC System by collecting dust particles when the equipment in the classroom is in use.

Allied Building Service Company of Detroit Inc., via the Omnia Partners contract, is the company chosen for this project. The price for the dust collection project is \$108,545.51. The funding source for this project will be the Sinking Fund.

Please add this to the agenda. Thank you.
