

It is my great pleasure to write this letter recommending Kimberly Foote for the Elementary First Year Teacher of the Year Award. Kimberly is an asset to Weber School District's teams, schools, and community.

Kimberly is a team player. She is flexible—willing to adapt or shift plans as necessary. She is always willing to help others without complaint. She consistently runs around helping people—always with a positive attitude. When Kimberly is asked to do something, she does it without hesitation. Kimberly has been an asset to and strengthened our Special Education Program at Uintah.

Kimberly is known for always having an enjoyable personality. She has an excellent rapport with students, parents, and teachers. She has integrity and strives to be understanding and fair. She also excels in creative problem solving and coming up with win-win solutions.

Kimberly is an excellent leader; she leads by example by being in the trenches with the rest of us. She does not just sit by and watch things go on, she's productive--always working on something. Kimberly is a diligent, hard-working individual.. Her problem solving skills and ability to make critical decisions is an asset to Weber School District.

Kimberly is a great person who uses her skills and attributes to be a high-quality educator and to build up those that she is around. Her abilities are of great value to students, teachers, and to school-improvement efforts. She is a quality educator who I trust and respect. OUR special education department here at Uintah has greatly benefited from adding her to our team!
