School Culture and Student Engagement

Our focus on positive school culture remains strong as we close out the year. The RISE character recognition program continues to gain momentum—students are proudly earning RISE cards and sporting their new pink COSSA Cruisers hoodies, which have quickly become a sought-after symbol of school pride. Simply put, RISE is *on the rise*.

The final Advisory Challenge of the year featured a high-energy Giant Jenga tournament, with advisories competing in a lively bracket-style format. The event brought laughter, team spirit, and a great sense of connection to wrap up a year of fun and meaningful advisory competitions. The winning advisory earned bragging rights and a small reward, but the biggest takeaway was the sense of community it fostered.

These ongoing efforts—including weekly recognitions, advisory circles, and collaborative challenges—continue to build a supportive, inclusive, and energized school environment.

Our team has demonstrated resilience, unity, and commitment. The culture at COSSA continues to evolve into one that is supportive, student-centered, and hopeful. We look forward to finishing the year strong and entering summer with momentum for growth.
