Welcome

Welcome to TASB's Online Learning Center (OLC). Courses are grouped according to suggested audience (see Course Categories below). The course information icon $\boldsymbol{\Theta}$ located to the right of the course title displays the course description, fee, and continuing education credit details. Be sure you enable pop-up windows so you are able to view all OLC content.

Your OLC Account

The OLC and myTASB require separate log on credentials. For easier access, you may want to use the same user name and password for both accounts, but it is important to note that they function in separate systems. If you have forgotten your OLC password, e-mail us and we will reset it asap.

Course Enrollment and Fees

To enroll in a course simply create an account, log on, select your course, and enroll

Free Courses: To take a free course, simply select the course, hit "Self enrollment" and proceed

Fee-Based Courses: Fee-based courses require payment by credit card/Paypal or purchase order. If you want immediate access, please select the Paypal option. Purchase orders must be processed manually, and it could take up to two business days before course access is granted.

Continuing Education Credit

In accordance with the State Board of Education, school board members may take up to five hours of their required continuing education credit (CEC) online. Read more about CEC requirements.
