

## **Series 3000: Operations, Finance, and Property**

### **3400 School Safety and Security**

#### **1. 3403 Reporting Accidents**

If a student suffers a serious physical injury that requires immediate emergency response (e.g., calling 911) or any injury that significantly impacts the student's ability to function normally in school activities, District personnel, if aware of the injury, will promptly report the injury to the building principal or designee. If the student is a minor, the building principal or designee will promptly notify the student's parent(s)/legal guardian(s) and complete an accident report. See Policy 5702.
