**Re:** Principal Report June, 2017

---

Homedale Board of Trustees,

This year seemed to fly by for us at the High School. As I talk to staff members and get a feel for what they felt this school year we all came to the agreement that the winter threw a curve ball at us and we felt like the school year went by a lot faster the second semester because of it. Although it went by fast we still enjoyed the year and we are excited about the direction that we are headed as a school. We have some plans moving into next school year to continue to improve on student success and to continue to improve on the culture we have begun to build here at HHS.
