Good evening Rebecca,

I would like to start by saying thank you for all your help and support! I am regretfully resigning from my position as Facilities secretary as of today 7/29/25. As you know I have been having complications with my health condition and stress is a contributing factor. I feel that working in two positions is causing more stress for me, being that I can't fully learn everything that goes along with the position I was hired for. I also feel like I am not apart of any department beings I go back and forth. I would have like to discuss this with you in person but was unable to reach you. I can return my MacBook and keys next week! Again thank you for everything!
