**Continued Discussion of Legislative Priorities
in Preparation of the 86th Legislative Session**

Results:

Advantages:

Alignment of our Board's outcomes allows the DISD learning organization to also align goals and actions to these goals. Furthermore, the DISD learning organization will be able to articulate the value of legislative considerations to our *guiding statements of outcomes*. Staying abreast of legislative proposals and actions, while preparing for conversation and discussion with our legislature may have significant impact to policies directly impacting public education. Sharing information with our Denton ISD community creates a stronger voice and prepares voters as they consider policies impacting public education. Partnering with the State & Federal Relations Committee and other such organizations reflects a strong partnership within the Denton community, which supports public education.
