

# Open-Enrollment Public Charter School Renewal Application

Deadline for Submission: 4:00 PM on September 26, 2019

**Charter School: Arkansas Virtual Academy** 

# **Arkansas Department of Education**

Charter School Office Four Capitol Mall Little Rock, AR 72201 501.683.5313

# **Contact Information**

Sponsoring Entity:	Arkansas Virtual Academy Board of Directors
Name of Charter School:	Arkansas Virtual Academy
School LEA #	6043700 6043701; 6043702; 6043703
Name of Principal/Director: Mailing Address: Phone Number: Fax Number: E-mail address:	Amy Johnson 1400 W. Markham Suite 206 Little Rock, AR 72201 (501) 664-4225 (501) 665-4226 amjohnson@arva.org
Name of Board Chairman: Mailing Address: Phone Number: Fax Number: E-mail address:	Dr. Gary McHenry 1660 N. Forest Heights Fayetteville, AR 72703 (479) 466-9758 arvachair@att.net

Number of Years Requested for Renewal (1-20) <u>5</u>	
Renewal Application Approval Date by the School/Entity Board(s)	9/25/19

# Section 1 – Composition of the Charter School's Governing Board and Relationships to Others

# Part A: Composition of Governing Board

Describe the governance structure of the charter, including an explanation of the board member selection process and the authority and responsibilities of the charter board.

Arkansas Virtual Academy operates under the direction of a five-member Board of Directors who graciously dedicate their time, talent, experience and expertise to ensure the mission and operation of the school. The ARVA Board is elected annually by a majority of the Board members present in person or by proxy, provided a quorum is present. Each director initially holds an office for a term of one year or until his successor is elected. A member may, without limitation, be elected to succeed himself or herself upon any term expirations. The Board consists of individuals who are leaders in their communities across multiple sectors (public, private, non-profit). Members of the ARVA Board are not employees of the charter school or the contracted charter management organization (CMO). More information about the management services provided through the CMO contracted by the ARVA Board over the previous 5-year renewal period, and throughout the life of the charter school, may be found in Appendix A.

The Board of Directors meets regularly to oversee the management, operation, activities, and affairs of the charter school. The ARVA Board of Directors operates as a 501(c)3 governed by adopted by-laws and specific processes for selecting new board members. Board meetings are held quarterly on dates determined by the members of the board. The ARVA Board of Directors represents a broad area of expertise which may include banking and finance, education, fundraising, community service, and political service. The ARVA Board of Directors may incorporate temporary advisory boards or committees into the organizational structure of the Board to handle various functions. All actions take place according to the by-laws of the corporation. The Board of Directors act in accordance with the provisions of Arkansas open meetings and public records laws.

The ARVA Board of Directors' primary responsibilities include setting policy and ensuring fiscal responsibility through budgetary oversight. The ARVA Board of Directors have been empowered to:

- Ensure that the school adheres to the goals outlined in this charter, as well as develop and institute guidelines and school policies
- Hold the management staff accountable for the academic and fiscal responsibility, viability, and success of the school
- Hire teachers
- Provide support to the school for additional fund-raising, marketing, and other services as needs arise
- Provide financial oversight through budget approval and monthly review
- Work with the community members to develop and advance opportunities for students within the school
- Report student achievement and school progress annually to parents and the community

#### **Part B: Disclosure Information**

Identify any contract, lease, or employment agreement in which the charter is or has been a party, and in which any charter administrator, board member, or an administrator's or board member's family member has or had a financial interest.

Arkansas Virtual Academy is not a party to any contract or lease in which any ARVA administrator or board member, or any administrator or board member's family member, has or had a financial interest.

# **Relationship Disclosures**

In the first column, provide the name and contact information of each board member and/or administrator. In the second column, provide the name and position (e.g., financial officer, teacher, custodian) of any other board member, charter employee, or management company employee who has a relationship with the board member/administrator or state NONE. Describe the relationship in the third column (e.g., spouse, parent, sibling).

Charter School Board Member's/ Administrator's Name and Contact Information	Name and Title of Individual Related to Board Member	Relationship NA

# **Section 2 – School Mission and Performance Goals**

### Part A: Current School Mission

The charter's school mission, as approved by the authorizer, is provided. Describe the charter's progress in maintaining this mission. If the mission is not being maintained, provide a revised mission.

Arkansas Virtual Academy will support, guide, and assist families and colleagues in a positive way through teamwork to promote academic growth that leads to high achievement for the entire Arkansas Virtual Academy community. We will do this by keeping sight of our vision and embracing change through teamwork and good communication to ensure family commitment to accomplish our purpose.

Arkansas Virtual Academy continues to work to support, guide and assist families as implied in the mission statement. The culture of the school is based and rooted in this original mission. However, the ARVA Board approved a more refined and focused iteration of this goal in its new mission statement that reads,

Arkansas Virtual Academy exists to build relationships, instruct with relevance and prepare students for the rigor of career and college success.

In the pursuit of this mission, ARVA continues to support, guide and assist families and colleagues toward success as is evidenced below.

## **Building Relationships**

ARVA builds relationships with families through an extensive system of supports. Every single student is assigned a Coach of Academic Performance and Engagement. These CAPEs serve in an advisement capacity and are provided as a point of contact for families when needs or questions arise. The CAPE travels with the student within grade bands of K-4, 5-7, and 8-12 to provide consistency and continuity of comfort and success. These student heroes are the initial contact in navigating onboarding, technical issues, or various other pain points that could occur. Additionally, the CAPEs reach out via phone, email, and even face to face visits to students who might be struggling to create a plan to stay on track and experience success.

Teachers also reach out to build relationships through phone calls to discuss students' interests, hobbies, and goals. These building conversations allow teachers to instruct with relevance to pattern their planning toward the interests and long-term plans of students. Additionally, teachers utilize the Zoom© platform to foster virtual "face to face" relationships with their students. This also allows students to work collaboratively and build relationships within their learning, recognizing the social and soft skills needed for success in college and career roles.

#### **Instruct with Relevance**

Relevance is increased with opportunities to meet face to face and experience real life situations together. Face to face opportunities include:

- ARVA Adventure traditional field trip experiences
- ARVA Academic academic extensions for hands on projects and learning experiences
- ARVA Assist volunteer and service-learning opportunities

ARVA career education further provides experiences for face to face meetings, competitions, and workplace skill acquisition that builds relevance in the applicable learning of students. Work based learning experiences drive student application and career pathways, with opportunities to participate in

Skills USA, DECA, and FFA, add to the relevance of education and its result. The ARVA experience is patterned to what is important to students and families.

## Prepare Students for the Rigor of Career and College Success

College and career readiness are further driven throughout the curriculum and are enhanced through the instruction of our staff. Students are monitored for growth throughout the year with intervention and reteaching provided for mastery of topics. Project-based learning is an additional layer, allowing students the real-world opportunity to problem solve together in teams, replicating the same skills needed in the workplace. Additionally, every student, starting in 8<sup>th</sup> grade, is placed on a student success plan for their high school careers, guiding them forward to graduation and college/career readiness. Relationships with local colleges are created for opportunities to receive college credit and an offering of AP and honors courses supports college readiness within the school curriculum structure.

# **Part B: Current Performance Goals**

Each of the charter's performance goals, as approved by the authorizer, is listed. Describe the charter's progress in achieving each goal and provide supporting documentation that demonstrates the progress. If a goal was not reached, explain why it was not reached and the actions being taken so that students can achieve the goal.

# REDACT ALL STUDENT IDENTIFIABLE INFORMATION.

# Goals as stated in the prior application:

Describe the charter's progress toward achieving each goal by completing the table below, responding to the prompts, and providing supporting documentation that demonstrates the progress, as appropriate.

## Goals

Goal	Assessment Instrument For Measuring Performance	Performance Level that Demonstrates Achievement	When Attainment of Goal will be Assessed	Year 1 (2014-2015)	Year 2 (2015-2016)	Year 3 (2016- 2017)	Year 4 (2017- 2018)	Year 5 (2018-2019)	Met Goal Yes or No
1. Arkansas Virtual Academy will improve student performance in literacy, measured by the state assessment, an average of 2%, each year, for students enrolled in ARVA for two or more years over a baseline established from the 2014 PARCC administration.	PARCC ACT Aspire	Meeting 2% growth each year	Annually	31% proficient	35% proficient	36% proficient	47% proficient	41% proficient	Yes
2. Arkansas Virtual Academy will improve student performance in math, measured by the state assessment, an average of 2%, each year, for students enrolled in ARVA for two	PARCC ACT Aspire	Meeting 2% growth each year	Annually	19% proficient	35% proficient	36% proficient	35% proficient	30% proficient	Yes

or more years over a baseline established from the 2014 PARCC administration.  3. Students in ARVA's graduating Class of 2018 and beyond, who began the ninth grade with ARVA, will earn an average of 5.5 course credits toward graduation in each year of the charter.	Internal credit's earned audit	5.5 credits earned yearly	Semester 1 end Semester 2 end Summer School end	9 <sup>th</sup> : 68% 10 <sup>th</sup> :85%	9 <sup>th</sup> :69% 10 <sup>th</sup> :83% 11 <sup>th</sup> :85%	9 <sup>th</sup> : 67% 10 <sup>th</sup> : 84% 11 <sup>th</sup> :86% 12 <sup>th</sup> :85%	9th: 66% 10th: 89% 11th: 97% 12th: 95%	9 <sup>th:</sup> 63% 10 <sup>th:</sup> 82% 11 <sup>th</sup> : 80% 12 <sup>th</sup> : 83%	Yes with room to improve
4. Arkansas Virtual Academy will demonstrate a satisfaction rate of 95% or higher measured by an annual satisfaction survey.	7 internal surveys throughout the year assessing satisfaction, preparation, daily routine, etc.	95% or growth toward that percentage	7 times throughout the school year	Survey 1 (end of year survey) 73%	Survey 1 67% Survey 2 70% Survey 3 70% Survey 4 68% Survey 5 76% Survey 6 75% Survey 7 74%  Total growth of 7%	Survey 1 72% Survey 2 64% Survey 3 64% Survey 4 69% Survey 5 72% Survey 6 75% Survey 7 76%  Total growth of 4%	Survey 1 71% Survey 2 70% Survey 3 66% Survey 4 71% Survey 5 73% Survey 6 74% Survey 7 75%  Total growth of 4%	Survey 1 71%  Survey 2 71%  Survey 3 72%  Survey 4 73%  Survey 5 74%  Survey 6 74%  Survey 7 76%  Total growth of 5%	No

1. Arkansas Virtual Academy will improve student performance in literacy, measured by the state assessment, an average of 2%, each year, for students enrolled in ARVA for two or more years over a baseline established from the 2014 PARCC administration.

Respond below in 11 point Times New Roman font. Indicate if supporting documentation demonstrating the progress is attached. This response can be no longer than 1 page, excluding the supporting documentation.

As is evidenced by the overview data above and the comparison data in Appendix B, students enrolled in ARVA for two or more years did grow from renewal year 1 to renewal year 5 the equivalent of a 2% yearly increase. While there were slight dips in scores, the ACT Aspire results held consistent with the increase of enrollment throughout the 2016-17, 2017-18, and 2018-19 enrollment expansion approved by the charter panel.

While the very nature of the goal, seated in the PARCC baseline, skews the outcome of the results, growth was seen in students enrolled for two or more years. Yet, even with this growth, Arkansas Virtual Academy acknowledges that the two-or-more-year students are below the state average, and that our school falls below state average as well. While the change in assessment has made it difficult to calculate growth for the two-or-more-year students, it is evidenced that this growth did occur. With the finalization of the 2018-19 ACT Aspire scores, a four-year calculation can be made. The achievement for all students in Reading on the ACT Aspire from 2016 to 2018 has remained consistent with only a slight dip in the 2019 assessment year. Additionally, ARVA students have scored above the state average for reading on the ACT in every year included.

With the dip in the 2018-2019 scores and the subsequent drop of letter grade, Arkansas Virtual Academy has provided interventions to remediate the below average performance and has adjusted goals for the coming renewal cycle to mitigate and close the performance gap.

### 2014-2015 (PARCC)

The school percentage of students who scored proficient or advanced is 31%

The two-or-more year students who scored proficient could not be extracted from the overall percentage

# 2015-16 (ACT Aspire)

- o The overall school percentage of students in grades 3-10 who met reading readiness: 40%
- o ACT average reading score for all tested 11<sup>th</sup> grade students: 20.3 (State Average: 19)
- o The two or more-year student percentage in grades 3-10 who met reading readiness: 35% (State Average: 37%)

## 2016-17 (ACT Aspire)

- The overall school percentage of students in grades 3-10 who met reading readiness: 39%
- o ACT average reading score for all tested 11<sup>th</sup> grade students: 21 (State Average: 18.9)
- The two or more-year student percentage in grades 3-10 who met reading readiness: 36% (State Average: 41%)

## 2017-18 (ACT Aspire)

- o The overall school percentage of students in grades 3-10 who met reading readiness: 45%
- o ACT Average reading score for all tested 11<sup>th</sup> grade students: 19.8 (State Average: 18.8)
- o The two or more-year student percentage in grades 3-10 who met reading readiness: 47% (State Average: 46%)

# 2018-19 (ACT Aspire)

- o The overall school percentage of students in grades 3-10 who met reading readiness: 37%
- o ACT average reading score for all tested 11<sup>th</sup> grade students: 19.81 (State Average: 18.9)
- o The two or more-year student percentage in grades 3-10 who met reading readiness: 41% (State Average: 41%)

# <u>Intervention Strategies in Place:</u>

- o R.I.S.E. and Science of Reading Training
- o R.I.S.E. Observations/Evaluations
- o ARVA Reads Initiative
- o APSRC collaboration and Professional Development
- o High Reliability Schools implementation
- o All teachers teaching reading and content vocabulary
- o Instructional Coaching
- o Targeted Instruction for every student with tracking of mastery
- o See Appendix C: Literacy Plan and link to whitepaper surrounding the creation of online curriculum for state consideration

2. Arkansas Virtual Academy will improve student performance in math, measured by the state assessment, an average of 2%, each year, for students enrolled in ARVA for two or more years over a baseline established from the 2014 PARCC administration.

Respond below in 11 point Times New Roman font. Indicate if supporting documentation demonstrating the progress is attached. This response can be no longer than 1 page, excluding the supporting documentation.

As is evidenced by the overview data above and the comparison data in Appendix B, students enrolled in ARVA for two or more years did grow from renewal year 1 to renewal year 5 the equivalent of a 2% yearly increase. While there were slight dips in scores, the ACT Aspire results held consistent with the increase of enrollment throughout the 2016-17, 2017-18, and 2018-19 enrollment expansion approved by the charter panel.

While the very nature of the goal, seated in the PARCC baseline, skews the outcome of the results, growth was seen in students enrolled for two or more years. Yet, even with this growth, Arkansas Virtual Academy acknowledges that the two-or-more-year students are below the state average, and that our school falls below state average as well. While the change in assessment has made it difficult to calculate growth for the two-or-more-year students, it is evidenced that this growth did occur. With the finalization of the 2018-19 ACT Aspire scores, a four-year calculation can be made. The achievement for all students in Math on the ACT Aspire from 2016 to 2018 has remained consistent with a dip witnessed in the 2019 assessment year.

Math is noted to have the largest negative delta from state averages for both general population and the two or more-year students. This area has taken a high priority among staff and administration alike to close the proficiency gap to state average. With the dip in the 2018-2019 scores and the subsequent drop of letter grade, Arkansas Virtual Academy has provided interventions to remediate the below average performance and has adjusted goals for the coming renewal cycle to mitigate and close the performance gap.

### 2014-2015 (PARCC)

The school percentage of students who scored proficient or advanced is 19%

The two-or-more year students who scored proficient could not be extracted from the overall percentage

# 2015-16 (ACT Aspire)

- o The overall school percentage of students in grades 3-10 who met math readiness: 41%
- o ACT average math score for all tested 11<sup>th</sup> grade students: 18.3 (State Average: 18.6)
- o The two or more-year student percentage in grades 3-10 who met math readiness: 35% (State Average: 43%)

## 2016-17 (ACT Aspire)

- o The overall school percentage of students in grades 3-10 who met math readiness: 34%
- o ACT average math score for all tested 11th grade students: 18.3 (State Average: 18.5)
- o The two or more-year student percentage in grades 3-10 who met math readiness: 36% (State Average: 47%)

# 2017-18 (ACT Aspire)

- o The overall school percentage of students in grades 3-10 who met reading readiness: 30%
- o ACT average math score for all tested 11<sup>th</sup> grade students: 17.6 (State Average: 18.4)
- o The two or more-year student percentage in grades 3-10 who met reading readiness: 47% (State Average: 47%)

## 2018-19 (ACT Aspire)

- o The overall school percentage of students in grades 3-10 who met math readiness: 28%
- o ACT average math score for all tested 11<sup>th</sup> grade students: 17.25 (State Average: 17.9)
- o The two or more-year student percentage in grades 3-10 who met math readiness: 41% (State Average: 47%)

## Intervention Strategies in Place:

- o High Reliability Schools Work
- o Mathematical Mindsets Training and Instruction
- MathQuest
- o APSRC collaboration and Professional Development
- o Higher DOK practices and assessments
- o Instructional Coaching
- o Targeted Instruction for every student with tracking of mastery
- 3. Students in ARVA's graduating Class of 2018 and beyond, who began the ninth grade with ARVA, will earn an average of 5.5 course credits toward graduation in each year of the charter.

Respond below in 11 point Times New Roman font. Indicate if supporting documentation demonstrating the progress is attached. This response can be no longer than 1 page, excluding the supporting documentation.

As shown above, 80% + students at Arkansas Virtual Academy earn an average of 5.5 credits with the exception of 9<sup>th</sup> grade. As a result, 9<sup>th</sup> grade was reorganized into a 9<sup>th</sup> grade academy with shared pods of teachers for the 19-20 school year in order to more effectively meet the needs of this population.

Additionally, ARVA has worked diligently to create opportunities for students who enroll credit delinquent to make up credit through its summer school program and credit recovery courses. The goal is to get students back on track. This has been evidenced in the graduation rates of the first 2 graduation cohorts of 79% and 76% graduating. And while this graduation rate is below the state average, it is well above the ESSA requirement and is significant given the percentage of students who come to ARVA credit deficient.

Students, along with counselors, begin tracking their credits and course choices via the Graduation Planning tool. An example of this tool can be found in Appendix D. This tool acts as the Student Success plan and allows counselors to have real-time conversations with students concerning credits, course choices, and potential career certifications and pathways available. In so doing, the majority of ARVA students are on track for graduating and systematic year-by-year credit accumulation.

4. Arkansas Virtual Academy will demonstrate a satisfaction rate of 95% or higher measured by an annual satisfaction survey.

Respond below in 11 point Times New Roman font. Indicate if supporting documentation demonstrating the progress is attached. This response can be no longer than 1 page, excluding the supporting documentation.

As noted, parent satisfaction has reached a high of 76% with growth from beginning of the year to end of the year in every year since renewal. While 95% parent satisfaction is a lofty goal, it is one that Arkansas Virtual Academy takes very seriously. Parents have multiple opportunities to express opinions and provide feedback through closed group Facebook pages, parent surveys and check ins and cold calls from administration. Please see Appendix E for testimonials from families and their satisfaction with ARVA.

#### Part C: New Performance Goals

Confirm the understanding that, during the term of the charter renewal, the charter is expected to meet all goals and/or objectives set by the state.

<u>List performance goals for the period of time requested for renewal.</u> Be sure to include, at a minimum, goals for literacy, mathematics, and science, as appropriate for the grade levels served at the charter. For each goal, include the following:

- The tool to be used to measure academic performance;
- The level of performance that will demonstrate success; and
- The timeframe for the achievement of the goal.

Respond below in 11 point Times New Roman font. This response can be no longer than 2 pages.

Arkansas Virtual Academy's request of the state authorizer to consider a 5-year renewal is also supported in the extensive plan to continue ARVA's groundbreaking work in Career Readiness Education. ARVA has been a leader in the nation for virtual CRE opportunities and the opportunity to seek this goal through the plan in Appendix F is the driving force for this innovation. Additionally, through the strong work of CRE education opportunities, ARVA will continue to strengthen and grow students' academic success via the goals relayed below for all students in math, literacy, and science.

Goals

Goal	Assessment Instrument For Measuring Performance	Performance Level that Demonstrates Achievement	When Attainm ent of Goal will be Assessed	Year 1 Following Renewal	Year 2 Following Renewal	Year 3 Following Renewal	Year 4 Following Renewal	Year 5 Following Renewal	End Goal Based on Current State Average
Demonstrate measurable growth in literacy as measured by the School Content Value-Added Score. # **Part A: New Waiver Requests**

Complete the waiver request form to include each additional law and rule from Title VI of Arkansas Code Annotated, State Board of Education Rules and Regulations, including the Standards for Accreditation that the charter would like the authorizer to waive. A rationale is required for each new waiver request.

## If no new waivers are requested, state this.

Respond below in 11 point Times New Roman font.

Please review the new waiver request form submitted by Arkansas Virtual Academy and included in Appendix G.

ARVA requests a waiver from ACT 641 to align with the currently held waiver from ACA 6-16-102 providing ARVA students with a flexible school day. Because students are learning virtually at home, the requirement for a 40-minute recess is at the discernment of the parent. ARVA requests the waiver as the daily schedule is learning coach driven outside of ARVA held synchronous learning. ARVA will educate all parents that a 40-minute recess should be considered and scheduled as part of their learning day. Additionally, Act 641 creates provision for waiver under E.i.a.2.b, stating that a school approved by the department to operate as a virtual school may seek a waiver for the requirements.

#### Part B: Waivers to Be Rescinded

List each waiver granted by the authorizer that the charter would like to have rescinded. If no waivers are listed, the charter may be required to adhere to all waivers listed on both the original and renewal charter documentation.

## If the charter wishes to maintain all currently approved waivers, state this.

Respond below in 11 point Times New Roman font. Contact staff in the Charter Schools Office if this response needs to be longer than 5 pages.

Arkansas Virtual Academy wishes to maintain all currently approved waivers.

# **Section 4 – Requested Amendments**

<u>List any amendment requests and provide a rationale for each (i.e., changes to grade levels, enrollment cap, location, educational plan).</u>

A budget to show that the charter will be financially viable must accompany any amendment request to change grade levels, the enrollment cap, relocate, and/or add a campus. The budget must document expected revenue to be generated and/or expenses to be incurred if the amendment request is approved.

A request to add or change a location must be accompanied by a Facilities Utilization Agreement.

# If no charter amendments are requested, state this.

Arkansas Virtual Academy is requesting an increase in cap for grades 8-12 of 150 students per year of the 5-year renewal period for a total of a 750-student increase for the direct purpose of building the Career Readiness Education program. See Appendix F for details of the CRE build out and the effort to innovate virtual career technical education in the state. Financial information can be found in Appendix H. This 750 in total would move the overall cap for ARVA to 3750 students by the year 2030. Additionally, the 150 students would be dispersed throughout the grade bands in grades 8-12, for a 30 student per grade increase yearly. The Amendment Request form can be viewed in Appendix G.

# **Section 5 – Desegregation Analysis**

<u>Describe the impact, both current and potential, of the public charter school on the efforts of affected public school district(s) to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools.</u>

Respond below in 11 point Times New Roman font.

Arkansas Virtual Academy seeks the renewal of its current charter. ARVA expects to continue to obtain its students from across the state, with the largest populations of students in the Northwest, Northeast and Central portions of the state . This analysis is provided to inform the decision making of the charter authorizer with regard to the effect, if any, that the proposed charter renewal would have on the efforts of the state's school districts with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools.

Arkansas Virtual Academy enrolls students across all districts within the state. Current student counts by resident district can be reviewed in Appendix I. Within this district by district analysis it is noted that Arkansas Virtual Academy enrolls below 3% of the student population from each district, and from the majority of districts less than 1% of the most recent population attending Arkansas Virtual Academy.

Under Ark. Code Ann. §6-23-306(6)(A), Arkansas Virtual Academy must be race-neutral and nondiscriminatory in its student admission process. While it is impossible to project its future racial composition accurately, ARVA will continue to implement admissions policies that are consistent with state and federal laws, regulations, and/or guidelines applicable to charter schools. In addition, Ark. Code Ann. §6-23-106 requires that ARVA's operation will not serve to hamper, delay, or in any manner negatively affect the desegregation efforts of a public-school district or districts within the state. As explained above, Arkansas Virtual Academy's careful review of the student population shows that such negative impact is not present here.

#### Conclusion:

Arkansas Virtual Academy submits that upon the basis of its review, neither any existing federal desegregation order nor the 1989 Settlement Agreement prohibit the State's charter school authorizer from granting the proposed charter renewal for an open-enrollment public charter school serving students statewide.

# **Appendices**

## **Appendix A: Management Services Details**

### Management Services Provided Include:

## **Teacher Support**

- K-12 Teacher Training and Coaching
- Delivered virtually with synchronous and asynchronous instruction
- Collaboration with over 1200 teachers across the nation
- Coaching support includes observation, goal setting, instructional feedback based on the Arkansas TESS

#### **Academic Services**

- Collaboration and consultation concerning student growth
- Assists in identification and intervention programs for low performing students
- Provides frameworks for successfully performing virtual schools

## Data Support

- Assistance with data analysis
- Disaggregation of data for schools as needed
- Collaboration with the school's data team as needed
- School level metrics

## Special Education Support

- Second layer of audits conducted randomly
- Processes to help in streamlining special education records during enrollment
- Provides administrative oversight for related service needs
- Provides professional development to administrative staff and teachers
- Develops and implements training plans for special education teachers
- Provides mediation and due process support as needed
- Provides ongoing administrative and student support as needed throughout the school year

#### School Operations Support

- Support to ensure state reporting expectations are fully met
- Technical support related requests including targeted data retrieval
- Weekly meetings for operations and financial managers
- Enrollment and Re-registration service and reporting
- Training for set and roll out of new tools to increase efficiency of schools
- Data tracking including school's active population and subgroups and staff data

## **Human Relations Support**

- Payroll review and support
- Recruiting for school-based positions including advertising, sourcing, screening and interview scheduling for open positions
- HR staff support
- Background checks for all staff supporting the school
- Employee relations training
- Performance management training
- Benefits support and management
- Leadership training and development
- Auditing of employees' files
- Performance management support for success

### Legal

- Legal support and expertise are provided to schools including access to staff attorneys and various outside counsel with expertise in:
  - o Federal Education Rights and Privacy Act (FERPA)
  - o Charter school law
  - o ESSA and other federal education laws and regulations
  - o Employment law

## Accounting, Budgeting and Finance

- Financial Guarantee—no school in contract with current service provider will end a fiscal year during the term of the agreement in a negative net asset position
- Budget Development—working and final budgets are prepared and submitted for Board review, appraisal and approval each fiscal year
- Budgets are developed during the March to June time frame
- At the beginning of the school year, financial forecasts are developed and tracked to support the school and provide the Board with complete financial information
- Internal Controls and Procedures developed and proposed to the Board for review and approval
- Reporting and Forecasting regular reports and forecasts are developed to keep the board well informed of all financial detail for the school
- Reconciliations monthly bank and balance sheet account reconciliations are conducted and exceptions, if any, are immediately investigated and resolved
- Accounts Payable and Payroll—the service provider ensures that accounts payable and payroll are accurate, properly documented, and properly approved for payment with accurate amounts

#### Curriculum and Instructional Methods

- Ongoing access to content experts
- National Instructional Model
- Assessment expertise available to all schools
- On-site personnel, including Head of School
- Administrator sourcing, selection, training and oversight
- Best practice sharing
- Mentoring of Head of School by Regional and Deputy Regional Vice Presidents
- Teacher sourcing, recommendation, training and oversight
- Enrollment processing and placement expertise
- Website development and maintenance
- Creative services for recruitment and messaging
- Provision of academically strong and current curricula for all grades and subjects

## Community and Family Support

- National Clubs and Competitions
  - Examples of clubs include math, photography, music, cooking, pen pals and more.
     Students from around the country can connect, under the direction of the club advisor, in a secure web-meeting tool
  - Competitions across schools include spelling bees, art contests, and eSports allow students locally and nationally to interact in academic and extracurricular activities that support academic growth and relationships
- National Parent Programming
  - Speaker series sessions hosted by experts across a wide variety of topics, ranging from helpful tips on organization and scheduling to parent/teacher relationships and much more. Sessions are recorded so parents have access at a time that is convenient for them.
- Collaboration, frameworks, and support for the Student Advisory team, which is the frontline team for supporting families and student

# Appendix C: Literacy Plan and Curriculum Build Out White Paper

White Paper for the development of curriculum for state approval via legislation

Elementary School Improvement Plan 2019-2020

# **Professional Development**

<u>Science of Reading:</u> All teachers will be trained in the Science of Reading. Teachers will progress through the training by utilizing Pathway D. The Academic Administrator will keep a record of training. The training will include all teachers in grades K-12, the type of training required (proficiency or awareness), and each teacher's current progress. The Academic Administrator will keep training certificates and/or other documentation of training.

Supplemental Staff/Tools	Arkansas IDEAS Portal; Arkansas Public School
	Resource Center
Professional Learning	Science of Reading Training
Implementation Timeline	2019-2021
Progress Monitoring	Teacher Training Tracker
Evaluation Timeline/Procedures	The Academic Administrator will update the tracker and notify principals of teachers who have not
	completed the required trainings by the deadlines.

# Reading Instruction

<u>Tier 1:</u> All students receive Tier I instruction. This instruction includes required class sessions as well as access to the online curriculum. Students work through the curriculum and may attend extra class sessions if needed. The K12 English-Language Arts Curriculum is an evidence-based curriculum. More information about the curriculum can be found at this link: K12 Reading Program.

Supplemental Staff/Tools	Document Cameras & Manipulatives for Teaching
	Phonics
Professional Learning	Science of Reading;
Implementation Timeline	2019-2020 and the beginning of each school year
Progress Monitoring	-Formative measures such as interims, STAR, DIBELS
	-Summative Assessments
Evaluation Timeline/Procedures	Quarterly: Student data will be reviewed. Teachers will
	place students in instructional groups based on student
	needs.
	(MOY/EOY): Teachers will meet with parents about
	student progress and/or send reports in writing to
	families.

<u>Tier 2</u>: Students who perform in the Basic or Below Basic areas are required to attend multiple sessions with the ELA teacher and/or interventionist. These students attend sessions that target their specific needs. Teachers may also utilize online programs such as STRIDE or i-Ready to help target specific needs.

Supplemental Staff/Tools	RTI Coordinator; Interventionists
Professional Learning	Science of Reading;
Implementation Timeline	2019-2020
Progress Monitoring	-Formative measures such as interims, STAR, DIBELS -Summative Assessments -Reports from STRIDE or i-Ready if applicable to student
Evaluation Timeline/Procedures	<u>2 Week Schedule</u> : Teachers and/or interventionists will progress monitor students at least every 2 weeks. Teachers may use common assessment scores, or other formative measures. Teachers will recommend students for Tier 3 if progress is not made with Tier 2 interventions.

<u>Tier 3</u>: Students who continue to struggle while attending targeted sessions may be placed in Tier 3. Students in Tier 3 continue to attend targeted sessions. Programs such as STRIDE and/or i-Ready are utilized to help teachers pinpoint areas where students struggle. Teachers may utilize the program to assign practice on specific skill deficits. They may also work with students in small group and/or one-on-one sessions to help students overcome skill deficits and make progress.

Supplemental Staff/Tools	RTI Coordinator; Interventionists; STRIDE; i-Ready

Progress Monitoring	-Formative measures such as interims, STAR, DIBELS
	-Summative Assessments
	-Reports from STRIDE or i-Ready
Evaluation Timeline/Procedures	2 Week Schedule: Teachers and/or interventionists
	will progress monitor students at least every 2 weeks.
	Teachers may use common assessment scores, or
	other formative measures. Teachers will recommend
	students for possible further evaluation if progress is
	not made with Tier 3 interventions.

# Reading Engagement

ARVA Reads Campaign: Each school level will participate in a district-wide campaign to promote reading among students. Each school level will choose a book and will encourage each student to read the same book. Each school will present ideas to promote reading at the school level. Ideas may include assemblies, utilizing the school Facebook page, teachers promoting books/reading during class, and other ideas that may encourage students to read for pleasure.

Supplemental Staff/Tools	Tumblebooks
Professional Learning	Science of Reading
Implementation Timeline	2019-2020
Progress Monitoring	Student & Family Feedback; Teacher Feedback
Evaluation Timeline/Procedures	Questions will be asked in the Family Needs Survey
	at the end of the school year that will ask families and
	students to reflect on the impact of the ARVA Reads
	campaign. Teacher feedback will also be requestsed.

<u>ARVA Academic Days</u>: Outings will be scheduled where students will meet and participate in learning activities. At least one academic day will be devoted to reading. Teachers will utilize this day to share a love of reading with students and encourage students to read for pleasure.

Supplemental Staff/Tools	Books and supplies for student engagement

Evaluation Timeline/Procedures	Questions will be asked in the Family Needs Survey
	at the end of the school year that will ask families and
	students to reflect on the impact of the ARVA
	Academic Days. Teacher feedback will also be
	requested.

# **Dyslexia Process**

Arkansas Virtual Academy Dyslexia Screener Process for students K-2 without an outside diagnosis. (2019-2020)

Administer the DIBELS, RAN, and the Phonics First encoding assessment 3 times a year for students who fail any part of the initial screener.

Parents will receive a letter anytime a screener is given, explaining the assessment and the results of the assessment.

If the student is in SPED or in the process of a SPED referral, contact both the dyslexia coordinator and case manager for the student before proceeding as we will follow SPED procedures.

IF	THEN
The student scores at risk or some risk in ANY area.	The classroom teacher should contact the parent to discuss the results of the initial screener and conduct the parent interview for consent to administer the level 1. Give results of the initial screening and completed interview to Dyslexia coordinator. Use RTI to address the needs and keep progress monitoring data (DIBELS) every 2 weeks. Refer to step 2 and 3 to determine how to proceed.
The student already has a diagnosis of dyslexia.	Refer to the outside diagnosis flowchart.
The child does <b>NOT</b> already have a diagnosis of dyslexia.	The classroom teacher will conduct a level 1 screener with all required components (PAST, Core Phonics Survey).
The teacher conducts a level 1 screener.	Complete the dyslexia referral form and send to the Dyslexia coordinator. The school- based decision- making team to include the dyslexia coordinator should meet to review the screener, results, student records, and progress monitoring data. Inform parents of concerns and obtain parental consent if additional assessments are needed to determine if the student is exhibiting characteristics of dyslexia.
The team determines the student <u>is</u> exhibiting characteristics of dyslexia through answering the Dyslexia Profile questions.	A 504 conference will be scheduled by the 504 coordinator to discuss the results with the parents. Parents will be provided with information and resource materials on characteristics of dyslexia, inform them of their rights to an independent evaluation, and obtain permission for placement with the dyslexia intervention form. Student will begin intervention and the interventionist will monitor progress and report progress to the parent quarterly.
The team is <u>unsure</u> if the student is exhibiting characteristics of dyslexia after answering the questions on the dyslexia profile.	The student may need a level 2 screener. Obtain informed consent through the 504 process or special education meeting. 504- the dyslexia coordinator will conduct the level 2 assessment. Special education-the school psychologist will administer the testing.
The student is given a Level 2 assessment.	The 504 or Special Education team to include parents should meet to review test results, student records and progress. Obtain parental consent if additional assessments are needed to determine of the student is exhibiting characteristics of dyslexia.

The team determines that the student <u>does not</u> exhibit the characteristics of dyslexia after answering the questions in the dyslexia profile.	Refer the student to the special education team and begin the special education referral process.
The student is not responding to the intervention is	Continue intervention and refer for Level 2 screening or special education depending on the needs of the

## **Appendix E: Parent Testimonials**

### --all listed testimonials gathered randomly from voluntary reviews

My son was failing in normal public school and being bullied while the teachers ignored it. I switched to ARVA and my son has never been happier! The teachers care and make sure they don't fall behind, and he has friends again. This is our third year with ARVA and I can say it's the best decision I could have made! I highly recommend this school!

For me and my kids this is the best decision I have ever made for them and now for the first time ever they are both talking about wanting to go to college, so I am completely ecstatic.

After a couple of fantastic years with ARVA, my youngest son who has autism, was forced to attend the local brick and mortar school by the doctor. It was a horrible experience for us as he was bullied severely. After a couple of years of abuse, I finally put my foot down and pulled him out and re-enrolled with ARVA. I would definitely recommend ARVA. My son graduates this year and we have been with ARVA off and on over the last 10 years of learning and growing! Every year ARVA continues to grow and make changes to keep up with the ever-changing needs of our children's education!! WE ARE DIAMONDS!

I love having our son in ARVA. He is more relaxed, and his homeroom teacher is so personable that he is happier and more focused on school. He learns at his own pace and he is more of a night owl, so he does his classwork in the evenings. He is making A's and he isn't getting bullied not only by classmates but by teachers as well. We got so frustrated with nothing ever getting done that when we discovered ARVA we jumped at the chance to enroll him. This is his second year and he absolutely loves it.

We went through 1st grade with K12 back in 2012 and we are starting it again now in 2016, mid-year. Online learning has its challenges just like anything else does. But being right beside my son, helping him get a good education and knowing that he actually understands what he is learning, is priceless. I can tell that my son needs more one on one attention than he was getting in brick and mortar school. I have my work cut out for me this year, but I am 100% dedicated to making sure my son excels far beyond what he would have in the school we removed him from. K12 makes all the difference in the world for us. Thanks!

ARVA has been a wonderful experience for our family. We do struggle sometimes especially at the beginning of a new school year, but all we have to do is make a phone call and they are on the ball at the school. I have never had any issues with truancy, but we work through any sickness. It may take longer to do his schoolwork when he is ill, but since he can do it at his own pace, we can do one class then take a break. My child had so much trouble with bullies at school and I don't mean just the other children, the teachers were also bullying to him. He was misdiagnosed at one point and the BM teachers would never let go of his misdiagnosis and every time he had a meltdown at school they refused to help and instead antagonized him further. ARVA is always just a phone call away and is always so helpful and caring. I felt and I believe my son feels the same way, teachers at BM here are not caring and they certainly were not helpful. They also lied just to get us to do what they wanted, and they were only teaching my 3rd-grade son, spelling, math and a little reading. We are always so excited to get those new boxes at the beginning of the year with Science, History, Math, Reading all of it. He is learning so much more because of ARVA and while he still does not "love" school, he doesn't get up every single day stating how he hates school now. He also looks forward to the outings to see his ARVA friends! ARVA is a blessing to our family! My son is in 5th grade now, makes straight A's and will be enrolling again next year.

We are so happy we enrolled! This is the perfect balance of structure and flexibility. Alex LOVES reading ahead for tomorrow's lesson. He's not just going through the motions of school. He's THRIVING!

We have an autistic 4th grader who suffers from Asperger's. He has trouble understanding and maintaining focus on what he is doing at the time. We love how we can work with him on his level, so he finally understands what it is he is doing. When he was in traditional school, his teachers didn't have time to give him the extra help he needed, but with 20 other students who would? He has found that spark to learn again! He wakes up and always says, one cartoon, then gotta get to school. We love the flexibility of being able to do what we need to do, like allergy shots, and not have to worry about him missing important things at school. We love that he no longer sees others doing better than him and him getting depressed because he feels stupid. He now knows and feels like he is the smartest kid in the class. We highly recommend ARVA to anyone we talk to!! We have finally found the school that works best for our son!!

My daughter has never been excited to start school until this year. We are loving ARVA and everyone is so helpful. It has been a huge blessing for our family.

We made the switch mid-year to ARVA last year. The curriculum is ahead of our public school, and I am able to be more proactive with my kids' learning. This is the best decision my husband and I have ever made for so many different reasons. The ARVA staff is so helpful and whenever I (or my children) need help they are very responsive and encouraging!

ARVA Jr. High and High school have been a wonderful experience for our family. Our daughter is in 10th and our son in 7th. This school will be a best and excellent fit for you if you are a committed active and involved parent! It is not homeschooling, where you are your student's primary teacher, but it is also NOT a hands off, expect the school to turn key educate your child school either.

Your child has a Learning Coach (that is you or another adult) who has a very active and important role in your child's learning. Your child's success depends on this role! Your daily involvement may be small or significant, depending on your child's needs, but in my experience, one child needs little to none of my time and the other needs at least 4 hours of my devoted time.

That means knowing what they have and haven't completed, tracking their grades, and encouraging quiz retakes and assignment completion. It may also mean you are flat out teaching - just like you do in a brick and mortar school when they bring homework they don't understand. But, you are not alone. Your child's teacher is available for individual or small group help! Just ask!

If you watch the introductory videos ARVA K12 offers, you will see they communicate very clearly what you and your child should expect. For us, it has been everything we were looking for.

The curriculum is excellent, and the teachers are just like any other school. Some (very few in our experience) are good, but not highly engaged, but most are exceptional! They challenge my kids to reach their highest potential and are ready and available to help. My kids know their teachers from our ARVA Outings and love the chance to engage them personally.

Finally, do not let anyone tell you that ARVA kids don't get a chance to socialize! That is just silly. In addition to parent outings, the school has ARVA outings several times a year where teachers students and parents gather in several locations throughout the State to have fun together. They skate, zip line, jump at the trampoline park, visit a museum, or hang out at the library for game day. You can be as involved as you like!

I hope this encourages you to join our amazing school. ARVA Diamonds! Together, we are Diamond Strong!

# Appendix G: Amendment and Waiver Request

#### Charter Amendment Request Form

Charter Name: A	rkansas Virtual Academy		
LEA Number: 604	13700 Phone N	umber: 501-664-4225	Submission Date: 09/24/2019
Charter Leader: _/	Amy Johnson		
Email Address: _a	amjohnson@arva.org		
ype of Amendmen	nt Requested: nrollment cap		
Current cap	3,000		
Proposed cap	3,750		
× Waiver			
Waiver Topic:	Act 641		
Statute/Stan	dard/Rule to be Waive	d	
Arkansa	as Code Annotated		
	Code Number	Code Title	
•	6-16-102(a)	Concerning the School Day (a	mended to include 40 minute recess)

#### Rationale for Waiver

Arkansas Virtual Academy currently holds a waiver from ACA 6-16-102 due to the need for a larger window for school day for our students who can complete work at any of the day. Additionally, students can also take breaks as needed and step away for play as desired while moving through the required daily work. With a flexible class schedule and flexible work times afforded for our students, the requirement of specific duration of recess is not applicable or feasible for the virtual environment. Finally the Act makes provision in E(i)(b) for a virtual school approved by the state to receive such a waiver.
