Be brief; please limit your responses to 50 words per question.

1. Describe in your own words the mission and goals of OSBA.

The mission of OSBA is to help build the capacity of School Board Members so they can advocate for an Oregon education system free of cultural, institutional, and individual racism. Together we work to break down the oppressive systems of white supremacy to ensure that EVERY student can thrive.

2. What do you want to accomplish by serving on the OSBA board of directors?

When serving on the OSBA Board, I will focus on student advocacy while bridging education and public health. Both systems are rooted in white supremacy and have life-altering effects on our youth, families and communities.

I want to create a LGBTQQI2S+ caucus for OSBA to support colleagues, future candidates, staff, students & families.

3. What leadership skills do you believe you bring to the board of directors? Give an example of a situation in which you demonstrated these skills.

My leadership style is collaborative, creative, and driven by a justice framework. I created the Service Integration Teams for Yamhill County, which are community-based resource sharing and collaborative problem-solving groups. Each group is formed around school districts, and building them required 100+ regional, cross-sector partners working together.

4. What do you see as the two most challenging issues faced by OSBA?

1. Addressing and deconstructing the white supremacy culture and structure within the field of education and within OSBA; this includes working to be actively anti-racist.

2. Aiding school districts in the SSA – SIA transparency and accountability demands; with a specific emphasis on holding school districts accountable to equity and community engagement.

5. What do you see as the two most challenging issues faced by your region?

1. Students in our region are not receiving the support they need. A lack of accessible physical, mental and emotional health resources decreases the likelihood that a student will thrive, which is only exacerbated by a pandemic like COVID-19.
2. Student retention due to gentrification and a lack of affordable housing.

6. What is your plan for communicating with boards in your region?

My plan is to enhance and create platforms for meaningful communication that align with existing regional efforts. I will work to create a Legislative and Community Action coalition for my region to collaborate, while simultaneously being responsive to the specific challenges and opportunities of each district.

Thank you for your consideration and the opportunity to share my goals and qualifications.
