#### **Glows:**

1. **MAP's Testing:** Started MAP's testing on January 20, 2022 and as of 1-31-22 have a majority of the tests finished. Preliminary results are encouraging with many students showing improvement.
2. **Trial Dress Code Change:** After many discussions with student focus groups, student council and some parents, we decided to have a trial period in February for students to wear hoods. A kick off to this decision was done on Wed. Morning Meeting with this student body on January 26th. The PBIS meeting was filmed and we are using this to educate students on the trial. The follow are the rules that groups developed:
  1. Wearing the hood is freedom and with this comes responsibility.
  2. Earbuds cannot be worn during class. Must show ears anytime a staff member asks. The student will be reported to the office if they will not show ears and/or they have earbuds in their ears. A conference will be scheduled with the parents and/or guardians.
  3. There can be no more than 30 reports of earbuds and/or students not showing ears to transfer the trial period into the dress code rules.
