

CAMPLIN

Environmental Services, Inc.

March 28, 2025

Libertyville School District 70
1381 W. Park Street
Libertyville, IL 60048

Attention: Stacey Bachar, Assistant Superintendent of Finance & Operations

Subject: Asbestos Removal Consulting Budget – Rockland School

Hi Stacey,

Camplin Environmental Services, Inc. proposes to provide Libertyville School District 70 with asbestos consulting services during the removal of asbestos flooring at Rockland School. These services include bid management, project design development, onsite project management, air sampling, final clearance sampling, and final report to the Illinois Department of Public Health.

The costs for these services based upon completing the work in one phase is \$20,000 (twenty thousand dollars). If the project is separated into two phases there will be an extra consulting cost of \$5,000 for additional project design work, final clearance testing, and report development for the Illinois Department of Public Health.

Please contact my office with any questions.

Cordially,

Jeff
