## **ISBA Convention**

- Dwayne and I attended the ISBA convention last month in Boise. Dwayne spoke on behalf of the resolution to amend the Idaho school age statute to allow flexibility for kindergarten preparedness programs. This change if adopted by the legislature and signed by the governor would not be compulsory or mandated but allowing local districts to address the needs of their students. The resolution passed at the convention and we were very well represented by Dwayne during the session.
- Another resolution of interest is the proposed change to reduce the 2/3 majority vote requirement to a simple majority in the event of two board vacancies in order to convene in executive session. This resolution passed at the convention and will be pursued by the ISBA as a priority during the legislative session.
