Work Experience

- Recreational School Teacher Summer 2011, 2012, 2013, 2014 and 2015
- Worked closely with summer school teachers, instructing students in typical school subjects including math, science, and other areas, as needed. Also worked with students in organized recreational activities associated with their attendance at summer school.
- Koocanusa Excavating Summer 2012, 2013 and 2014
- Operated heavy machinery, and performed various construction-related tasks including building rock walls, grading parking lots, and preparing house foundations.
- Indian Springs Golf Pro Shop Summer 2016
- Served as an assistant to the Golf Pro to run the shop and coordinate scheduling tee times for golfers and other golf- related responsibilities.
- Montana Tech Laboratory Teachers Assistant Fall Semester – 2015 and 2016
Spring Semester – 2016
- Teacher’s assistant for Ecology and Biodiversity Department. Helped students set up microscopes, prepare microscope slides, and helped with other needs of the professor during lab.

Volunteer Work

- Mentor – Big Brothers Big Sisters of Butte August – May 2014, 2015 and 2016
- Continuing to serve as a big brother, approximately two hours a week or more, taking my little brother for various activities including hiking, bowling and movies.
- Montana Tech Science Fair Judge Fall 2015 and 2016
- Montana Tech – PhageDigging program Fall 2016
