PRESENTED TO

**Beaverton School District
Oregon**

For the Fiscal Year Beginning

July 01, 2024

Christopher P. Morill

Executive Director

Welcome to the Beaverton School District! Whether you are a new reader or returning for a refresher, this section is designed to help you navigate the organization and structure of the Beaverton School District’s budget. The budget document serves as a key planning tool, reflecting our commitment to transparency, accountability and alignment with the District’s strategic goals.

Budget Format

The budget document is organized into four main sections:

- **Executive Summary**
- **Organizational Section**
- **Financial Section**
- **Informational Section**

The document begins with a Table of Contents to guide your reading. Summary information and key highlights are presented in the opening pages for quick reference.

The Executive Summary

This section includes the Budget Message and a high-level overview of the 2025–26 budget. The 2025–26 budget reflects the strategic direction set by the School Board’s new strategic plan, adopted in May 2023. It includes foundational priorities, core values, and goals to support student success. You will also find summary financial data in tables and graphics, as well as information on enrollment trends, long-term forecasts, and benchmarking comparisons.

Details about the Superintendent’s Cabinet and Budget Committee for 2024–25 are also included. The Budget Committee and School Board work in partnership to review and adopt the budget. While the Committee reviews and approves the proposed budget, the School Board is responsible for making final appropriations and levying taxes. The Budget at a Glance page highlights major changes from the 2024–25 budget, with a focus on the General Fund, Grant Fund, and Capital Projects Fund.

The Organizational Section

This section provides background on the District’s structure, the communities we serve, and the education services offered. It also outlines the District’s significant budget and financial policies, procedures, and regulations, as well as a detailed description of the budget process.

The Financial Section

This section includes detailed information about each of the District’s eleven funds. It describes the major revenue sources and spending categories, along with fund-specific narratives that provide further insight into planned activities and allocations.

The Informational Section

The final section contains historical and projected staffing data, property tax details, and additional performance metrics used by the District to evaluate operations and outcomes. It also features summary data for individual schools to provide school-specific budget insights.

THE BUDGET AT A GLANCE

The Budget Process

Oregon Local Budget Law (ORS 294.305 to 294.565) outlines the process and format for school districts' annual budget preparation and presentation. A balanced budget is achieved when projected resources equal projected requirements within each fund. The Oregon Department of Education (ODE) adopts a chart of accounts through the administrative rule process, which all Oregon school districts must follow for budgeting and financial reporting. The Beaverton School District appropriates its expenditure budget at the major function level, which includes Instruction, Support Services, Enterprise and Community Services, Facilities Acquisition and Construction, Debt Service, Other Uses (mainly transfers), Contingency, and Unappropriated Ending Fund Balance.

2025-26 Budget Overview

The District's budget message and proposed budget are based on an \$11.36 billion State School Funding (SSF) level for the 2025-27 biennium, with an anticipated additional \$200 million to support costs in Special Education. The 2025-26 proposed budget for the District totals \$1,660,798,865 for all funds, reflecting a \$159.9 million decrease from the 2024-25 adopted budget. This decrease is primarily due to the spend down of bond proceeds and removal of additional capacity for the final bond sale related to the 2022 Capital Bond program that is planned in the spring of 2025.

General Fund

The General Fund is the District's main operating fund. The proposed General Fund budget for 2025-26 totals \$786,914,149, an increase of \$46.1 million from the 2024-25 adopted budget. This increase is largely due to higher salary and associated payroll costs in alignment with negotiated collective bargaining agreements and an increase in PERS rates for the 2025-27 biennium. This is offset by increased SSF revenue expected in the upcoming 2025-27 biennium and use of reserves. Approximately \$10.0 million in a combination of budget reductions and shifting of expenses to other funding sources occurred in the General Fund during the 2025-26 budget process. Major objects for Salaries, Associated Payroll Costs, Purchased Services, Supplies & Materials, Capital Outlay, Other, and Transfers provide further explanation.

The 2025-26 proposed budget allocates 50.6% to Instruction, 31.2% to Support Services, 0.2% to Debt Service, 0.5% to Transfers, and 17.6% to Contingency. Small allocations to Facilities Acquisition and Construction and Enterprise and Community Services are less than 0.1% of the total General Fund budget.

Comparing the 2025-26 proposed and 2024-25 adopted budgets, the allocation to Instruction increased from 49.2% to 50.6%, and Support Services increased from 30.4% to 31.2%. These increases are largely due to the investments in Special Education and English Language Development staffing, as well as increased salaries and associated payroll costs as noted above. These increases are offset by the decrease in contingency from 19.3% to 17.6%, resulting from planned spending of reserves. Transfer of Funds decreased from 0.9% to 0.5%, with a large transfer to debt service shifted to the Capital Projects Fund. Debt Service, Enterprise & Community Services and Facilities Acquisition & Construction saw no changes.

General Fund Revenue Outlook

The General Fund revenue budget includes \$549,996,454 from the State School Fund formula, based on ODE's March 3, 2025 projection. Of this amount, \$25.6 million is reimbursement for Transportation programs. The State School Fund is the District's main source of revenue, making up 87.5% of total General Fund revenue. The District monitors fluctuations in SSF inputs, such as total enrollment, special education, English language learners (ELL) and property tax collections, to project related adjustments in the SSF throughout the year.

BUDGET SUMMARY BY FUND – ALL FUNDS

FOUR YEARS ADOPTED AND ONE YEAR PROPOSED BUDGETS

Total revenue and expenditures budget for all funds has decreased by \$159.9 million from 2024-25 to 2025-26. This decrease is primarily due to a decrease of bond proceeds and related capacity in the Capital Projects fund.

Over the past five years, all funds budget has increased by \$636.7 million with the largest area of change being the Capital Projects Fund, Long-Term Planning Fund, and Nutrition Services Fund. The Capital Projects Fund has increased significantly over this period due to the approval of the \$723 million bond measure in 2022, with the initial bond sale occurring early in the 2022-23 year and the second bond sale planned for spring 2025. At the same time, the Long-Term Planning fund has been increasing each year with a 2% charge against PERS eligible salaries to build a PERS reserve. A transfer from this fund has not occurred since 2019-20 and no transfers of funds are budgeted in the Long-Term Planning Fund in the 2025-26 year. Finally, the Nutrition Services Fund has increased as the District has transitioned to a Community Eligibility Provision (CEP) district, which provides free meals for all students. This program has brought higher participation rates than originally estimated and with it, more supplies, equipment and staff were necessary, which is offset by increased reimbursements from the State and Federal levels.

		Adopted Budget 2021-22	Adopted Budget 2022-23	Adopted Budget 2023-24	Adopted Budget 2024-25	Proposed Budget 2025-26

EXPENDITURES BY OBJECT – ALL FUNDS

The following charts show a comparison of the District’s all funds adopted 2024-25 and proposed 2025-26 budgets. The most significant change in the District’s budget is a decrease in 0500 Capital Outlay capacity due to the completion and project progression of the 2022 Capital Bond measure.

Source: Business Services

ALL FUNDS SALARIES, BENEFITS AND POSITIONS – HISTORY AND BUDGET

The District is experiencing an increase of 0.7% in overall personnel allocations for the 2025-26 budget year over the previous year’s budget. This increase, despite a decrease in enrollment, is primarily due to the significant investments made in the areas of Special Education and English Language Development when they were added the Staffing Allocation Methodology in 2024-25. While the District is experiencing a decline in overall enrollment, the Special Education and English Language Learner student counts are increasing. The SAM makes annual adjustments directly tied to student enrollment and demographics. The overall increase in salaries and benefits from the 2024-25 budget is 8.3%. Included in the proposed budget for 2025-26 is a large PERS rate increase for the next biennium, as well as cost of living and salary step adjustments for staff as negotiated in the collective bargaining agreements.

Source: Business Services

ASSESSED VALUE AND PROPERTY TAX SUMMARIES

In Oregon, property taxes help support police, fire protection, education and other public services provided by local taxing districts, such as cities, counties, and schools. Oregon's property tax system represents one of the most important sources of revenue for local governments. Oregon's property tax system is defined by two significant constitutional limitations that were put into place by initiative petitions passed by voters in 1990 (Measure 5) and 1997 (Measure 50). More information on Measure 5 and Measure 50 are included in the Organizational and Informational Sections of this document.

The permanent tax rate and local option tax collections are determined by the State of Oregon Constitution and State Statutes. Existing districts cannot increase their permanent rate authority. Local option levies are limited to five years for operations and ten years for capital projects. Elections for local option levies must meet the double majority election test, except in the May and November general elections. Rates for debt services are set based on each year's requirements.

Currently, the amount of property taxes paid by a taxpayer is based on two things:

- The assessed value of the property; and
- The amount of taxes that each taxing district is authorized to raise.

	2021-22	2022-23	2023-24	2024-25	Projected 2025-26
Tax Rates					
Permanent Tax Rate per \$1,000 of AV	4.6930	4.6930	4.6930	4.6930	4.6930

(1) Amounts are based upon the tax collection year July 1 to June 30.

DEBT SUMMARY

Payments on the general obligation bonds are made by the Debt Service Fund from property taxes and earnings on investments. Payments on pension bonds are made by the Debt Service Fund from revenue charges to other funds. The payments on the full faith and credit obligation bonds are made by the Debt Service Fund from transfers from Equipment Replacement Fund and Capital Projects Fund. The information below includes the estimate for the second and final general obligation bond sale related to the 2022 capital bond measure that is planned for spring 2025.

BENCHMARK DATA

The District participates in a group of finance leaders from school districts in Oregon with student enrollment counts greater than 10,000 students (10K). The state of Oregon has 197 districts, however 85 districts have less than 10,000 students and an additional 102 districts have less than 1,000 students. In order to compare to like-sized districts, the District utilizes the 10K districts as the peer group in the datasets on this page. The following tables represent the District’s student-teacher ratio for the last five years and compares the District’s student-teacher ratio to the other districts in the group.

In addition to the individual classroom teachers, the average student-teacher ratio uses all non-Special Education teachers by Full Time Equivalent (FTE), including elementary (music, art and physical education) specialists. The average student-teacher ratio for the District continues to decline each year. The District has been below the 10k district average for the past five years.

Source: Frontline Analytics

Source: Frontline Analytics

The tables below compare the District’s student-teacher ratio for 2024 to the other districts in the group and per pupil expenditures of the District to other 10k districts for 2024. This only includes the General Fund and does not include any grant funds such as Title IA, SIA, or HSS.

District	FTE	Student-Teacher Ratio

STUDENT ENROLLMENT HISTORY AND PROJECTIONS

The District’s proposed budget is based on the number of projected students. State School Funding, the primary source of District revenue, is calculated based on the number and demographic of students enrolled.

For the 2025-26 budget, the District projects a decrease in enrollment compared to September 2024. The enrollment declines observed in 2022-23, 2023-24 and 2024-25 were primarily at the elementary level. The 2025-26 projections indicate a continued overall decline in District enrollment, with secondary schools beginning to see decreases as large cohorts exit the 12th grade and incoming kindergarten cohorts remain small.

The following chart displays student population data for four years based on actual enrollment as of September 30 of each year, along with projected enrollment for 2025-26 through 2028-29.

GENERAL FUND REVENUE AND EXPENSES (in millions)

THE DISTRICT AND THE COMMUNITY

Beaverton School District (BSD or the District) is the third largest district in Oregon and is projected to have over 37,000 students for the 2025-26 school year. The District offers 54 schools and two charter schools to its increasingly diverse student body. Students of color make up 59.0% of the District population. The largest minority student group is Hispanic/Latino(a), followed by Asian. There are 98 different primary languages spoken in students’ homes.

On average, the students of the District outperform state averages on standardized tests, and District schools receive high ratings based on Oregon’s state education standards. Over the past decade, graduation rates have improved while dropout rates have declined, reflecting the strong partnership among students, families, District staff, and the broader community.

The District, a pre-kindergarten through twelfth-grade district, was formed in 1960 following a community vote to unify 12 elementary school districts and one high school district. It opened with 24 schools and just under 10,000 students. By 1980, the District had added ten elementary schools, six middle schools, one high school, and supporting facilities including a

transportation center, a maintenance facility, and an administration center. Student enrollment had doubled to over 20,000 at that time.

The next two decades brought continued growth, with enrollment reaching 33,324 students by 2000 - a 65.8% increase from 1980. The District also added eight schools, including two option schools: Arts and Communications Magnet Academy (ACMA) and Merlo Station High School. By 2009, the District had opened another four elementary schools, including two K-8 schools and two additional option schools.

In 2015, voters approved a \$680 million capital construction bond, funding significant infrastructure investments. One project included a new middle school in the northern part of the District, which served temporarily as a swing school while the three elementary schools and one option school were rebuilt. That building opened as a middle school in the fall of 2021. In the fall of 2017, the District opened a new elementary school and a new high school, as well as reopened the first elementary teardown and rebuild. The second elementary rebuild opened in August 2018, and the third elementary rebuild opened in September 2019. The final rebuild opened for the 2021-22 school year.

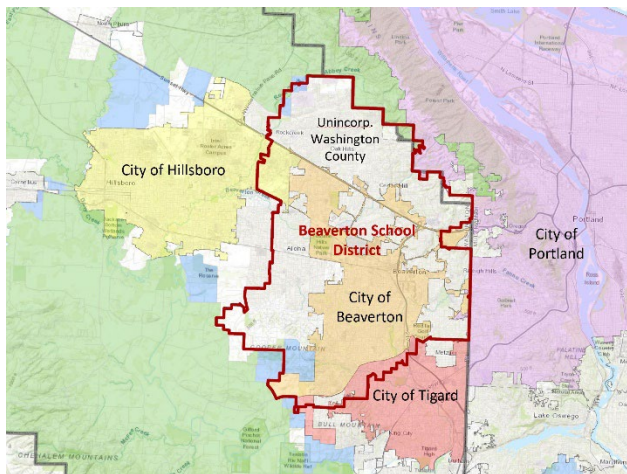

The District celebrated 60 years of operations in 2020 with enrollment nearly quadrupling since its founding. Today, the District includes 33 elementary schools, one K-8 school, nine middle schools, six high schools, four middle/high option schools, and one K-12 online option school - all supported by Central Support Services. A complete list of schools and enrollment can be found in the Informational Section of this document. The District employs over 5,000 people, of which 53.0% are teachers and other licensed staff. Among District educators, 86.9% hold a master’s degree or higher, and the average teacher has 10.6 years of experience in BSD classrooms.

The Beaverton School District is a financially independent, special-purpose municipal corporation responsible for public education within its boundaries. In accordance with United States generally accepted accounting principles (GAAP), all significant activities and organizations are reflected in the District’s financial statements.

The District spans more than 57 square miles, primarily within Washington County, and is located approximately 10 miles west of Portland, Oregon. It serves the residents of Beaverton and surrounding communities and is the third largest school district in the state.

Fall 2024 enrollment was 37,970. Official enrollment counts are reported annually on October 1 and submitted to the state in November, following a data confirmation process. Each student is counted only once, regardless of the number of schools or programs they attend.

Between the fall of 2013, with an enrollment of 39,509, and the fall of 2024, with an enrollment of 37,970, the District has experienced an enrollment decline of approximately 3.9%. Within the past 10 years, enrollment growth fluctuated as much as 6.0% in many years and decreased 4.4% during the COVID-19 pandemic. The District is projecting declining enrollment through 2028-29 based on cohort survival history, current and projected housing development, and overall regional economics.

The Beaverton School District Board, elected by a majority of the voting electorate, is the governing body responsible for the District's policy decisions. The seven-member Board has oversight responsibility and control over all activities related to the District. The Board is accountable for all fiscal matters that significantly influence operations.

Located in northwestern Oregon, Washington County is one of the six counties that comprise the Portland-Vancouver-Hillsboro Primary Metropolitan Statistical Area (PVH-PMSA). The six counties are Washington, Multnomah, Clackamas, Yamhill, and Columbia in Oregon and Clark in Washington. According to the Population Research Center of Portland State University, Multnomah and Washington counties together have one-third of the State of Oregon's population. Washington County's three largest cities are Beaverton, Hillsboro, and Tigard. Because the District lies within the PVH-PMSA, economic and demographic data is not available specifically for the District. Data is generally available for Washington County and for the PVH-PMSA.

Currently, manufacturing accounts for 18% of the total non-farm employment in the PVH-PMSA, while trade, transportation, and utilities also account for 18%, government jobs 7%, professional and business services 19%, education and health services 13%, and leisure and hospitality 8%. A major manufacturing employer in the Beaverton area is Nike, an athletic footwear and apparel manufacturer with its 286-acre world headquarters campus located in Washington County.

The PVH-PMSA relies heavily on manufacturing, high technology industries, wholesale trade, and financial activities. According to the Oregon Employment Department, at the end of June 2023, the PVH-PMSA unemployment rate was 3.4%, compared to the Oregon unemployment rate of 3.5% and the nation's rate of 3.6%.

STRATEGIC PLAN FOR 2023—2028 – In May 2023, the School Board approved a new strategic plan that will guide the District’s work and shape its budget over the next several years.

The plan’s framework was co-developed through an inclusive, intentional process that began with student voice and incorporated broad community input and the contributions of multiple stakeholder committees. Thousands of students, families, staff and community members engaged through committees, focus groups and surveys. More than 7,000 individuals responded – providing critical insights that helped shape the plan’s promise, vision, and goals.

The goal of this collaborative process was to develop a shared vision for the future of Beaverton schools—one that supports the long-term success of every student. The resulting strategic plan provides a roadmap for aligning District resources, improving equitable student outcomes, and ensuring accountability to the community.

The plan clearly articulates the District’s promise, vision, mission, values, and goals—all centered on creating conditions for student success.

We are committed to creating an environment in which our students feel a deep sense of belonging to their school communities – where they are accepted, supported, and encouraged to be their authentic selves.

We believe in our students’ capacity to learn, grow, and thrive, and we want our students to believe in themselves and their limitless potential.

We hold our students to high academic standards and provide them with the support to achieve their own personal goals – now and in the future.

District Vision:

Our Vision

In Beaverton School District, we envision every student saying:

- I belong, and I matter.
- I believe in myself, and my community believes in me.
- I am an informed and engaged member of my community.
- I am challenged, supported and successful in my learning.
- I feel connected to my learning, to my peers and to the adults in my school.
- I see a future I want, and I know how to achieve it.

District Mission:

Our Mission

Beaverton School District promotes a deep sense of belonging while challenging, supporting and inspiring all students to explore their passions, achieve their goals and graduate ready to thrive in college, careers and life.

District Values:

Our Values

Academic Excellence

We challenge each student with rigorous, relevant and standards-based learning experiences. We provide quality feedback to each student that cultivates critical thinking, curiosity, engagement and growth. Together, we help students envision and prepare for their future success.

Belonging and Dignity

We center equity in our relationships, actions, systems and outcomes. We honor the dignity and voices of our students, families, staff and community members. Individual identities are visible, valued, nurtured and celebrated.

Community Connections

We build on the experiences and strengths of our students, families, staff and community members to connect with our local and global communities. We show care for and commitment to our community through gratitude and service.

The strategic plan identifies four main goal areas to support student success, as well as target outcomes and actions to achieve them:

- Safe & Thriving
- Foundations of Success
- Progress on Standards
- College & Career Ready

Foundational building blocks for the District's efforts are:

- Engaging and Effective Teaching and Learning Systems
- Authentic Engagement with Students, Families and Community
- Facilities and Programs for World-Class Learning
- Effective Systems and Structures for Student Success

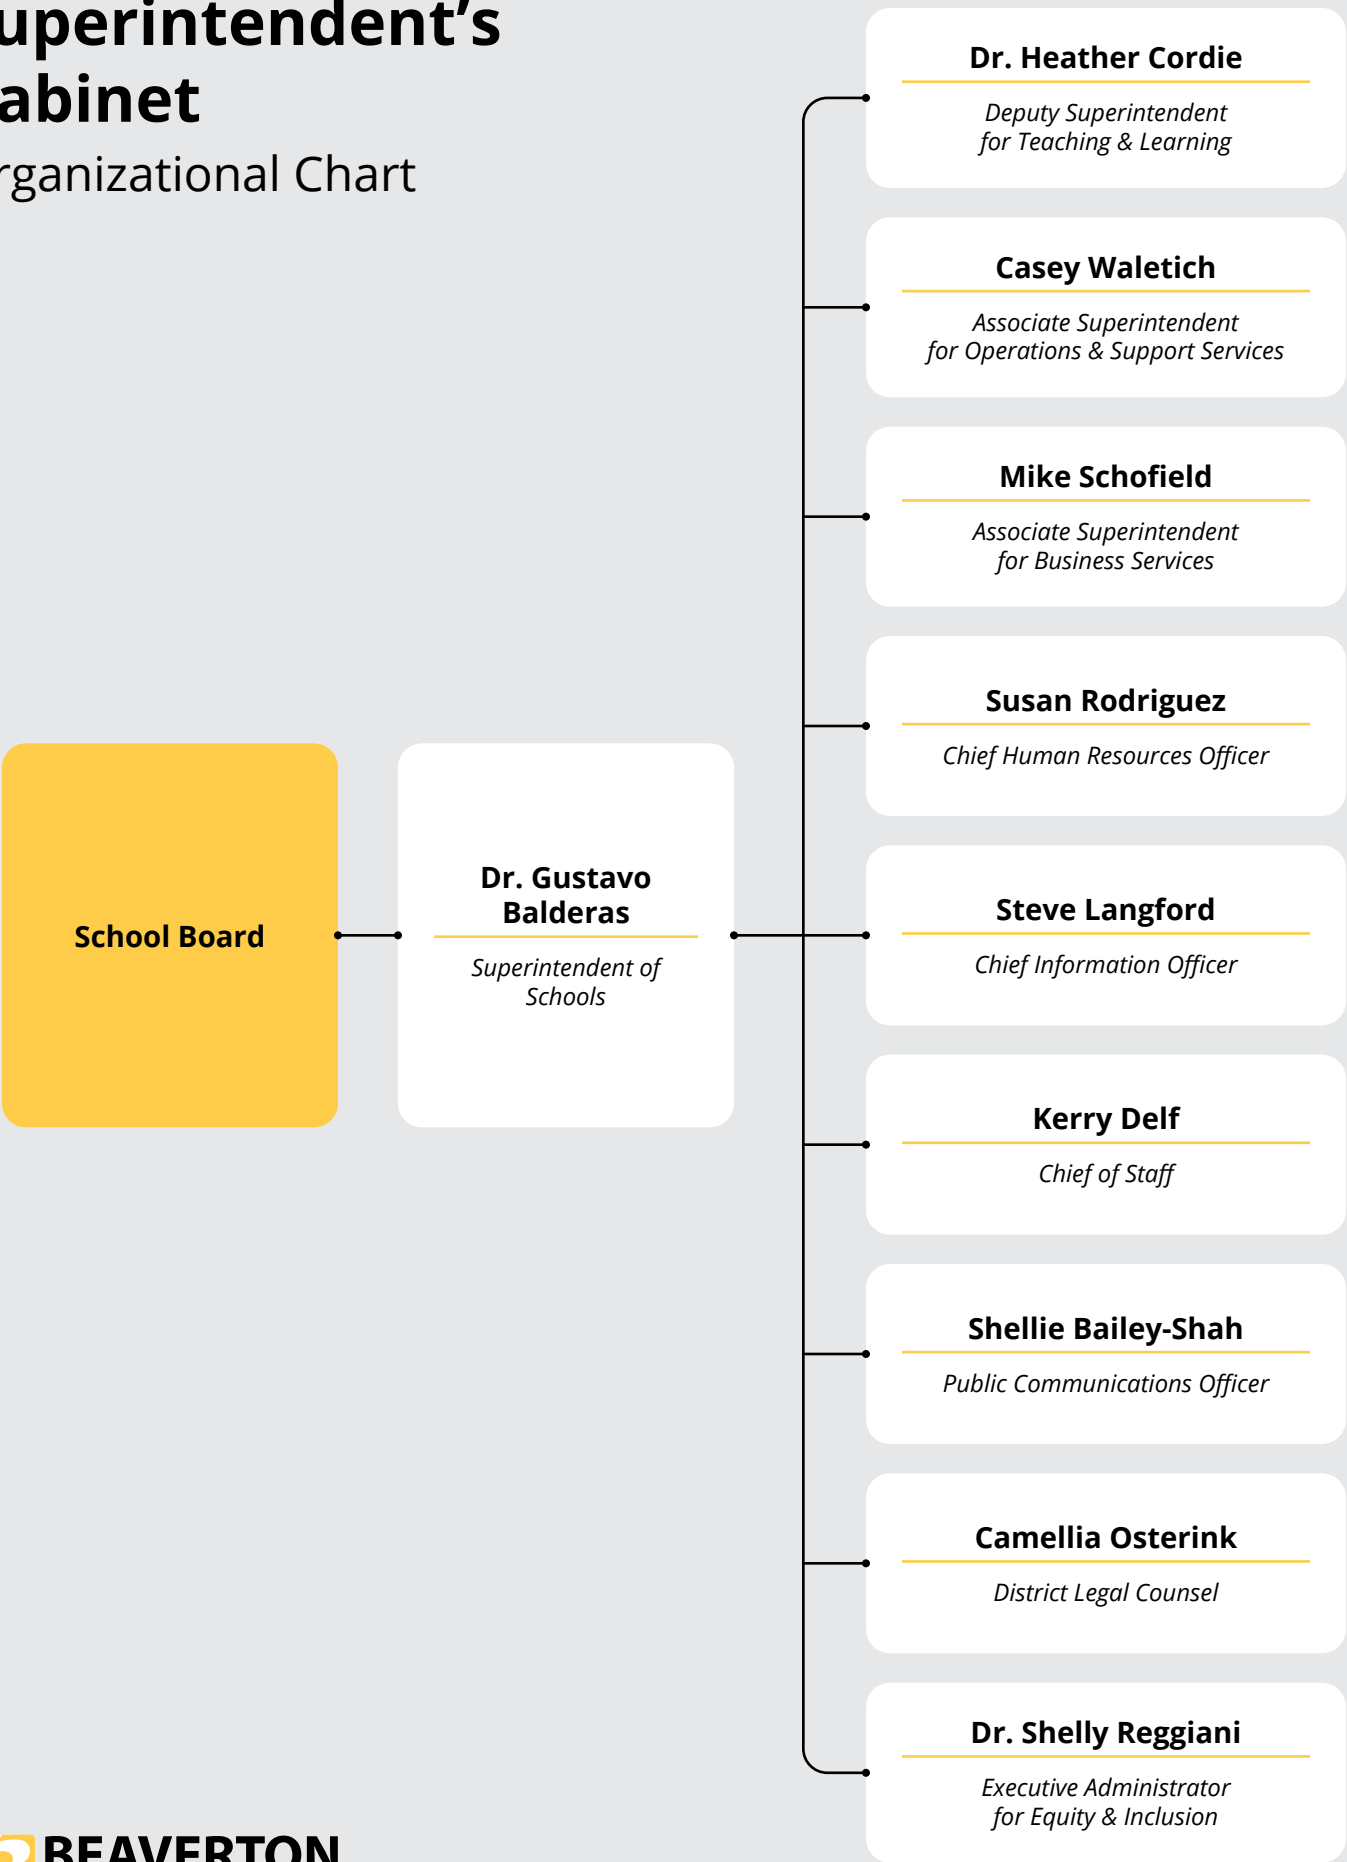

Equity, engagement, and excellence underpin all these foundations and goals.

CENTRAL SUPPORT SERVICES includes the Superintendent’s Office, Business Services, Information & Technology, Human Resources, Communications & Community Involvement, Legal Services, Office of Equity & Inclusion, Teaching & Learning, Associate Superintendent for Support Services, Facilities Development, Maintenance & Custodial Services, Long-Range Planning, Nutrition Services, Public Safety, and Transportation. Each department within Central Support Services is aligned to the District’s strategic plan. Their collective goals and objectives are focused on providing the infrastructure, resources, and operational support necessary to ensure student success and advance the District’s long-term vision.

Summary of Major Department Responsibilities

The Superintendent, Dr. Gustavo Balderas, is the chief executive officer of the District and leads the implementation of the strategic plan. In this role, the Superintendent provides executive leadership and administrative oversight for all Beaverton School District schools and central services and is responsible for proposing and executing long-range planning initiatives.

Operating under the direction of the School Board, and in accordance with Board policies and state law, the Superintendent advances the District's vision and mission by guiding schools, staff, departments, programs and operations. The Superintendent's Office also includes the Chief of Staff, who supports this leadership work and ensures alignment across the organization.

*Staffing information is actuals as of 3/31/25 and Financial Data is working budget as of 3/31/25.

All Risk Management expenses are held outside of the General Fund in the Insurance Reserve Fund and the Workers' Compensation Fund.

Summary of Major Department Responsibilities: The Business Services Department provides essential support for the financial and operational health of the District. Responsibilities include budget development, resource management, purchasing, accounting, financial reporting, payroll, and risk management. All work is grounded in the District's strategic priorities and focuses on responsible stewardship of public resources.

Outcomes for 2023-24:

- Successfully completed an external audit, receiving an unmodified opinion with no comments.
- Earned the Association of School Business Officials International (ASBO) Meritorious Budget Award for the 13th year.
- Received the Government Finance Officers Association (GFOA) Distinguished Budget Presentation Award for the ninth year.
- Awarded the Certificate of Achievement for Excellence in Financial Reporting from the GFOA for the 43rd year and the ASBO Certificate of Excellence in Financial Reporting for the 42nd year.

Goals and Objectives for 2025-26:

- Align financial resources with the District’s Strategic Plan.
- Support accountability efforts tied to the Student Investment Account (SIA) and Student Success Act (SSA).
- Provide continued fiscal guidance around High School Success (HSS) and SIA programs.
- Adopt a budget that reflects District priorities and Strategic Plan goals.
- Continue work on Academic Return on Investment (AROI).
- In collaboration with Information Technology and Human Resources, advance implementation of the District’s new enterprise resource planning (ERP) system (Project New Horizons). Business operations are scheduled to go live in Fall 2025, with payroll and HR functionalities launching in Summer 2026.

Significant Budget Changes:

The most significant adjustment in the 2025–26 budget is a reduction in projected costs associated with Senate Bill 489 (SB 489), which provides unemployment benefits for nonprofessional education workers. When the 2024–25 budget was developed, the financial impact of SB 489 was uncertain. Based on updated third and fourth quarter data, the budget has been reduced to reflect current trends. These costs are recorded in the Risk Management Department and are funded outside the General Fund.

Additionally, the Department has experienced ongoing staffing vacancies in recent years. As a result, actual FTE and expenditures have been consistently lower than budgeted levels.

Information Technology

*Staffing information is actuals as of 3/31/25 and Financial Data is working budget as of 3/31/25

Summary of Major Department Responsibilities:

The Information & Technology Department designs, builds, maintains, and enhances technology systems that support both student learning and District operations. The Department's work enables the effective use of digital tools across classrooms and central services while exploring innovative solutions to improve outcomes. The Department also plays a key role in evaluating and integrating new technologies to support the District's goal of academic success for all students.

Recent/New Programs and Initiatives:

- **Project New Horizons:** Initiated the replacement of the District's ERP system, with a focus on redesigning core business processes.
- **Device Replacement:** Completed replacement of student devices for elementary and middle school students at the start of the 2024-25 school year.
- **Identity Management Solution:** Transitioned student accounts to a new identity management platform, increasing both functionality and security.
- **Classroom Technology:** Ensured all classrooms are equipped with standardized District technology resources.

- **Generative AI Advisory Committee:** Launched a committee composed of students, teachers, staff, parents, and business partners to develop responsible use guidelines for generative AI in the District.
- **Help Desk Application:** Rolled out a centralized Help Desk system, creating a single portal to streamline staff support across IT and other departments.

FY 25-26 Objectives:

- **Staff Identity Management:** Transition staff accounts to the new Identity Management System, improving efficiency and security across all user accounts and systems access.
- **Project New Horizons Phase One:** Launch phase one of the new ERP application with all business functions active in Fall 2025.
- **Wireless Network Upgrade:** Begin upgrading and replacing the District's wireless network infrastructure across all schools and facilities.
- **Network Transition:** Complete the final phase of the District's Dark Fiber transition, ensuring high-speed connectivity at all school sites and ancillary buildings.

Significant Budget Changes:

The 2025-26 all funds budget is lower due to the cadence of the Learning Technologies spending forecast in the 2022 capital bond. Many devices were purchased during the 2024-25 year and purchases are intentionally planned lower for the next fiscal year.

*Staffing information is actuals as of 3/31/25 and Financial Data is working budget as of 3/31/25.

Summary of Major Department Responsibilities:

The Human Resources (HR) Department is responsible for managing the District's human capital systems, including recruitment, hiring, retention, and ongoing support of high-quality staff. HR plays a critical role in advancing the District's commitment to workforce diversity, ensuring that the staff reflects the rich diversity of our student population.

In addition to leading efforts around supervision, coaching, evaluation, and performance management, HR manages employee benefits and wellness services, supports compliance with state and federal employment laws, and oversees all aspects of labor relations. The Department also partners with the Business Office to ensure accurate and timely compensation for all employees.

Recent/New Programs and Initiatives:

- Implemented contractual changes related to negotiated agreements, including salary adjustments and retroactive pay.
- Administered Spanish language proficiency assessments for eligible employees to validate stipends for bilingual skills.
- Continued comprehensive support for employee leave administration, including federal, state, and contractual leave programs.
- Launched a redesigned Careers webpage and streamlined application process via ApplyBSD to enhance recruitment and hiring.
- Continued collaboration with Business Services and Information Technology on the implementation of the District's new ERP system. HR functionalities are scheduled to launch in Summer 2026.
- Strengthened recruitment pipelines through partnerships with local agencies, higher education institutions, and professional associations.
- Provided targeted support and coaching for employee supervision and evaluation, including leadership development, performance improvement, and conduct investigations.

Major Departmental Challenges:

- The labor market remains competitive, requiring innovative solutions to recruit and retain qualified candidates in critical roles.
- The number and complexity of employee leave cases have increased significantly.
- Hiring volumes continue to reach record highs and staff turnover is now more common.
- Declining enrollment and the expiration of temporary state and federal funding have created staffing uncertainties. HR plays a key role in guiding leaders through these transitions to ensure the effective and equitable management of personnel resources.

FY 25-26 Objectives:

- Negotiate a fair and sustainable contract with the Oregon School Employees Association (OSEA) for our classified staff.
- Continue implementing Paid Family Medical Leave Insurance (PFMLI) in compliance with Oregon law and integrate it with other leave programs.
- Expand and strengthen recruitment partnerships and identify new avenues to build robust candidate pools.
- Support program expansion efforts in dual language, early learning, and career and technical education (CTE) by attracting staff with the necessary expertise and credentials.
- Collaborate with Business Services and Information Technology to continue development of the District's new ERP system, with business operations going live in Fall 2025 and HR/payroll functions scheduled for Summer 2026.

Significant Budget Changes:

The HR Department continues to operate with a lean budget relative to the size of the organization and the volume of services provided. For 2025–26, additional staffing has been added to support leave administration, improving service delivery and communication in this growing area of need.

The Department is also undergoing an organizational restructuring aimed at increasing efficiency and enhancing customer service. As the complexity and volume of HR responsibilities continue to grow, these changes are designed to better position the Department to meet the evolving needs of employees and leadership across the District.

*Staffing information is actuals as of 3/31/25 and Financial Data is working budget as of 3/31/25.

Summary of Major Department Responsibilities:

The Communications & Community Involvement (CCI) Department is dedicated to delivering accurate, clear, timely, and transparent information to students, families, staff, community members, and media partners. CCI also provides opportunities for meaningful engagement with the community and works in close collaboration with schools and departments to promote and support the District's strategic priorities.

Recent/New Programs and Initiatives:

- CCI was honored with the Gold Medallion Award, the highest distinction from the National School Public Relations Association (NSPRA), for its *Belonging Begins Here* attendance campaign. In addition to its messaging, the department partnered with schools to offer attendance incentives donated by local businesses.
- The Department produced 164 videos during the 2023–24 school year, showcasing each school and most departments. CCI has doubled the number of videos related to bond projects to ensure the community is kept informed about how bond dollars are being responsibly and equitably invested.
- CCI continues to lead with a “joy-only” strategy, focusing on positive, high-impact stories featuring staff and students. Since 2020–21, the District’s social media engagement has grown significantly: Instagram followers increased by 387%, Facebook by 54%, and the YouTube channel now has 6,000 subscribers and over 899,000 total views.
- Clothes for Kids (C4K) served a record 4,703 visits in 2023–24, distributing approximately 146,000 clothing items. Since 2000, the number of students served has increased by 223%. To support long-term sustainability, CCI has secured sponsorships from local businesses and community organizations and launched regular surplus sales to generate additional revenue.
- In 2023–24, CCI facilitated more than \$1.15 million in donated goods and services through districtwide partnerships, in addition to supporting numerous school-level partnerships.

Major Departmental Challenges:

- CCI transitioned to a new provider for the Engage BSD platform to improve digital engagement capabilities. Recent initiatives include the District-wide cell phone policy survey, a student survey on the Aloha High School mascot, and targeted feedback collection for bond projects. In the coming year, the department will expand the use of this platform to support broader community engagement, including input on long-range facility planning.
- In partnership with Human Resources, CCI continues to explore ways to recognize and uplift staff. In January 2025, the Department launched BSD Achievers, a new staff recognition program.

Significant Budget Changes:

No major changes in the 2025-26 budget.

*Staffing information is actuals as of 3/31/25 and Financial Data is working budget as of 3/31/25.

Summary of Major Department Responsibilities:

The Office of Equity and Inclusion supports the District's commitment to educational equity, student well-being, and inclusive learning environments. The Department includes two administrators, two office professionals, one program assistant, and three Social Support Liaisons. Together, they provide professional development and guidance to school leaders and staff, build relationships with culturally specific parent groups, support restorative practices, and coordinate services for students and families experiencing homelessness through the McKinney-Vento program.

Recent/New Programs and Initiatives:

This year, the Department continued implementation of year two of BSD's Engaging Equity learning series, a key component of the District's Strategic Plan. Sessions 4, 5, and 6 focused on expanding the leadership capacity of school-based teams to implement educational equity and justice practices. The content aligned with Oregon Department of Education initiatives, including *Every Student Belongs*, and BSD's foundational work in social-emotional learning and trauma-informed practices. A tailored version of the series has been offered to non-school-based and classified staff to broaden district-wide engagement.

Restorative Practices remain a central focus, emphasizing relationship building, conflict resolution, and inclusive communication. Over 500 staff members participated in Connected Communication workshops, enhancing their skills in de-escalation, culturally responsive interactions, and fostering a positive school climate.

The Department also expanded its partnerships with culturally specific parent groups, including Beaverton Black People's Union, Padres Unidos (Latinx families), Muslim parents, and Jewish parents. These partnerships include regular engagement meetings to ensure families' voices are reflected in District decisions. Collaboration with the Multilingual Department has strengthened outreach efforts aligned with District initiatives.

The McKinney-Vento program continues to serve a growing number of students experiencing homelessness. Services include enrollment support, transportation assistance, access to meals, and connections to social services. Staff collaborate with school personnel and District nurses to ensure students can remain engaged in school and maintain academic progress. This work is funded through Title IA.

Major Departmental Challenges:

Amidst continued fiscal challenges, including declining enrollment and uncertain federal support for historically underserved student groups, the Department remains focused on system-level improvements that enhance equity, restorative practices, and student well-being. Strategic alignment of resources and support structures is critical to advancing the District's Strategic Plan and ensuring sustainable impact through the McKinney-Vento program.

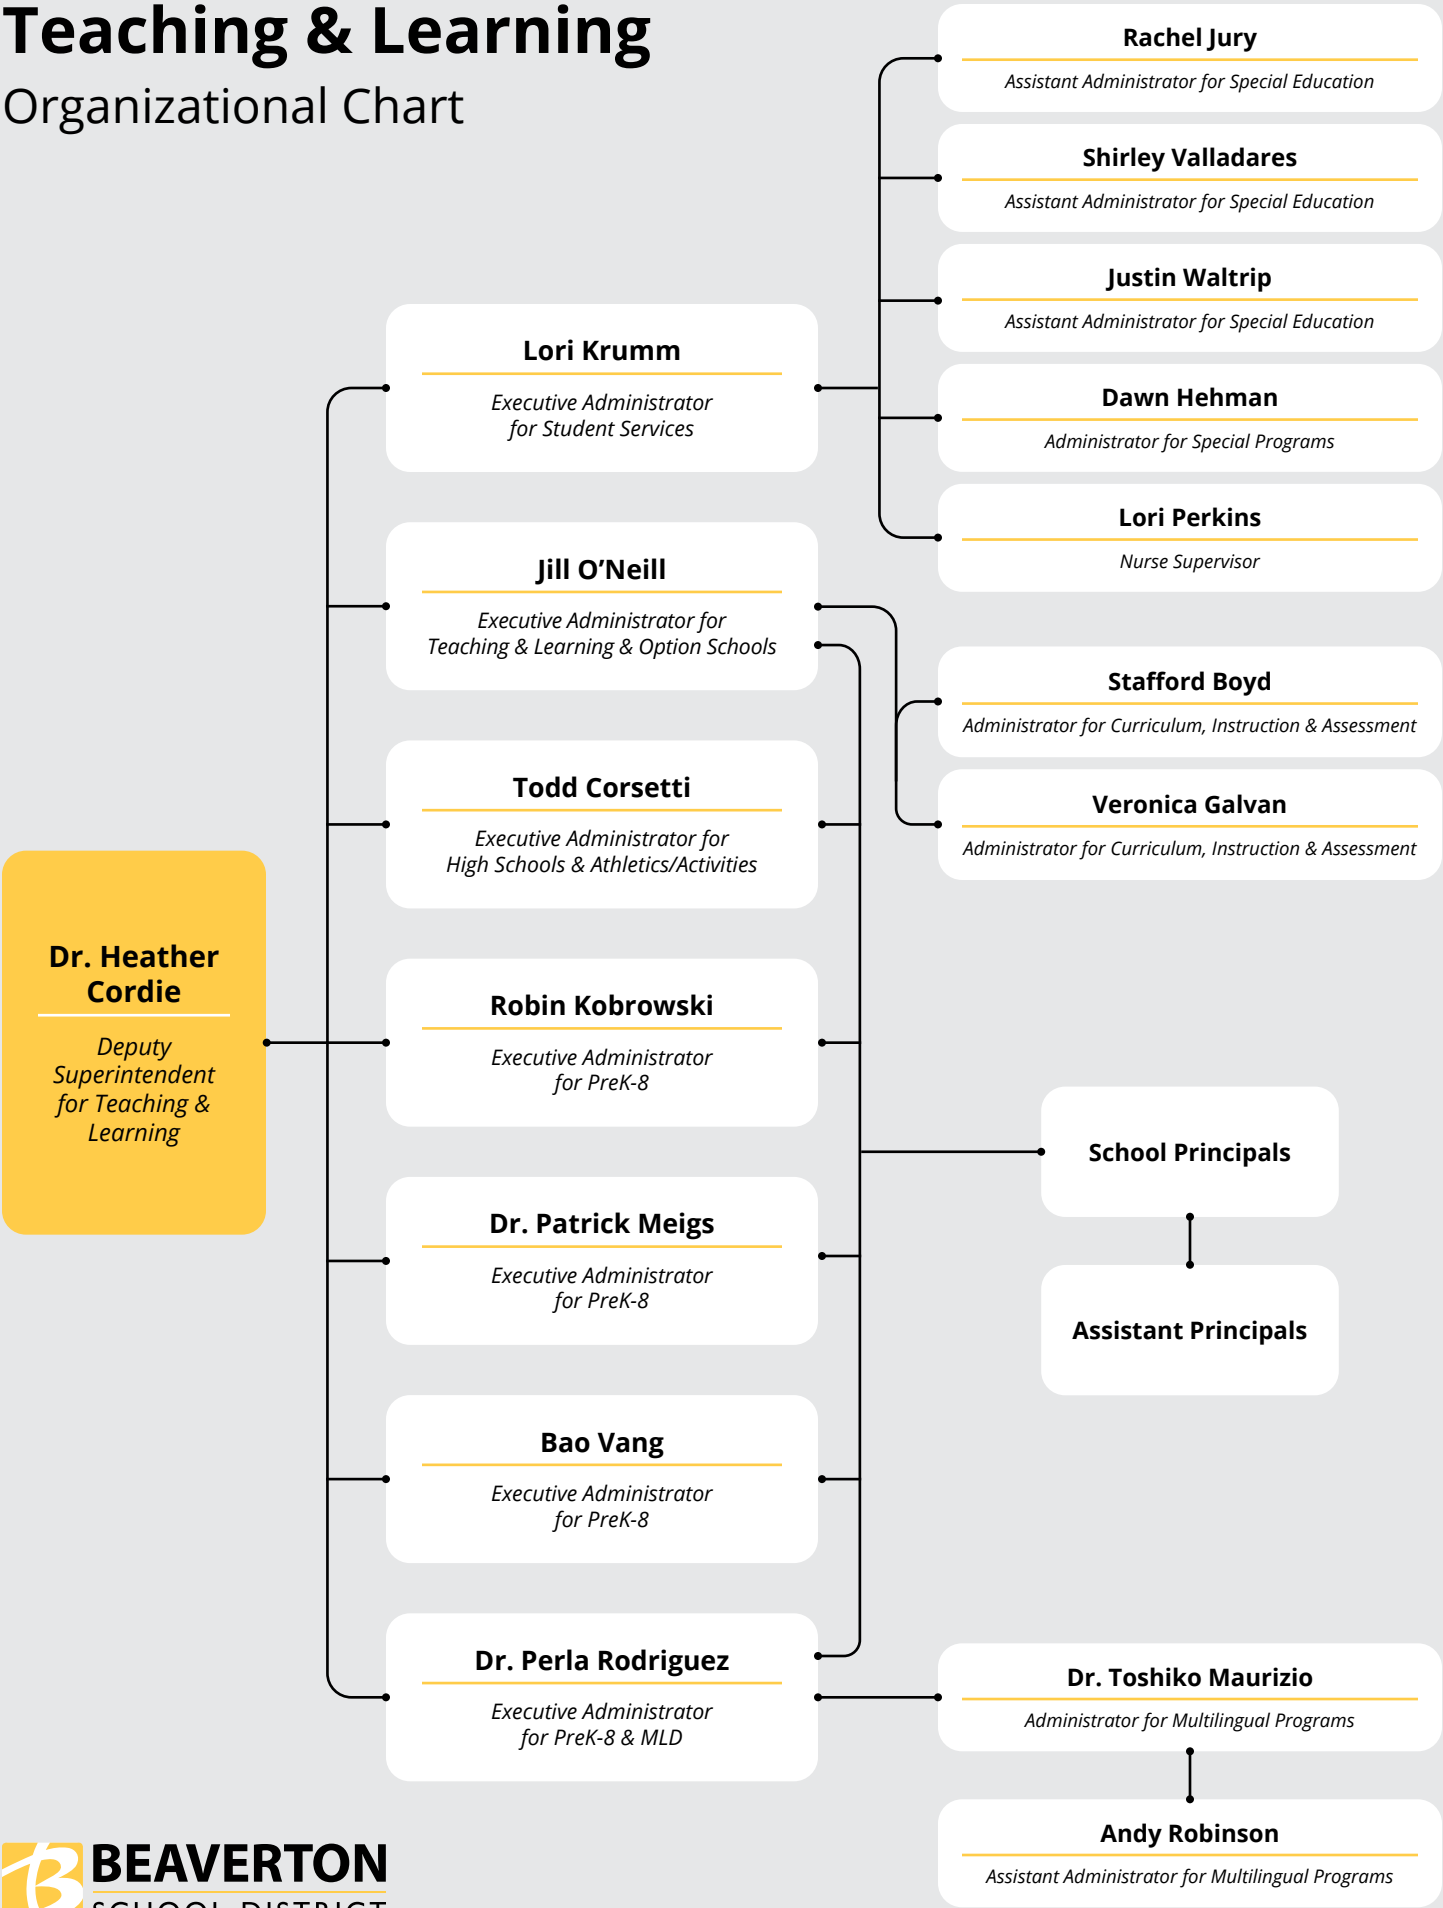

Significant Budget Changes:

There are no significant changes to the Office of Equity & Inclusion budget for the 2025-26 year.

*Staffing information is actuals as of 5/31/24 and Financial Data is working budget as of 5/31/24

Summary of Major Department Responsibilities:

The Teaching & Learning Department encompasses a broad range of teams, including Curriculum, Instruction & Assessment; Executive Administrators who support all building principals; Special Education; Assessment & Accountability; and Multilingual Supports. Across all areas, the Department's primary focus is to provide high levels of support to school leaders and staff as they educate and care for students and their families.

Recent/New Programs and Initiatives:

In 2024–25, the Department concentrated on implementing newly adopted K–5 Language Arts and English Language Proficiency (ELP) curriculum, while strengthening existing instructional efforts aligned with the District's Strategic Plan. A central focus was the district-wide implementation of a Multi-Tiered System of Supports (MTSS), a multi-year initiative designed to enhance instructional quality and equity. This work included universal screening in Reading, Mathematics, and Social Emotional Learning (SEL) across grades Pre–K–12, along with professional development aimed at deepening staff expertise in data literacy and effective Tier 1 instruction.

In preparation for 2025–26, the Department will support the rollout of newly selected curriculum for Secondary Language Arts and ELP, complete a K–12 Mathematics instructional materials adoption, and expand Tier 2 interventions across all content areas and grade levels. Initial development of Tier 3 interventions will also begin.

Another priority has been the continued expansion of the District’s Dual Language programs. During 2024–25, Phase 2 included adding new programs at:

- Hazeldale started at kindergarten with two Spanish dual language classrooms and two English classrooms.
- Jacob Wismer started a Mandarin dual language program at kindergarten with two dual language classrooms and two English classrooms.
- McKinley started a Spanish dual language Pre-K program.
- William Walker continued to expand its Spanish dual language program by adding classrooms at Grade 1.

In 2025–26, Phase 3 will focus on increasing student access through hub schools and providing transportation from neighboring communities to support enrollment. Highlights include:

- Aloha-Huber Park will expand dual language access at Grade 3 from two out of five classes offering dual language to three out of five. Aloha Huber will be a hub school and will receive interested K-3 students from Erroll Hassel and Chehalem Elementary. Students from Erroll Hassell and Chehalem will receive transportation.
- Hazeldale will continue to expand its Spanish dual language program by adding two classrooms at Grade 1. Hazeldale will be a hub school and will receive interested K-1 students from Kinnaman. Students from Kinnaman will receive transportation.
- Jacob Wismer will continue to expand its Mandarin dual language program by adding two classrooms at Grade 1. In addition, transportation will be provided for families interested in attending Jacob Wismer dual language program from Sato and Springville.
- McKinley will add a kindergarten cohort with two Spanish classrooms and three English classrooms.
- William Walker will continue to expand its Spanish dual language program by adding two classrooms at Grade 2.

In alignment with the District’s Strategic Plan, Career Technical Education (CTE) programming will continue to be enhanced and expanded, with continued efforts to align opportunities for access to high demand, high wage career pathways for all district students during the 2025-26 school year. The 2024-25 school year included:

- Continued investment of funds to remove the barrier of course fees for CTE classes.
- Partnering with Washington County and Beaverton Chambers of Commerce to provide onsite Career Connected Learning events, industry site visits, and CTE program specific Work Based Learning experiences.
- Onboarding a collaborative database platform to identify and engage with a network of regional industry partners interested in providing Career Connected and Work Based Learning experiences for our students.
- Providing HS counselor, college/career center, and student advocate staff tours of all district CTE Options programs to inform their support of students and families during course selection processes.
- Development of promotional materials and campaign for district CTE Options programs.

Plans for the 2025-26 school year include:

- The expansion of the Behavioral Health program to a district options CTE program.
- The expansion of the district Manufacturing options CTE program.
- Planning for the introduction of an Electrical Trades program coinciding with the opening of the new Beaverton High School in the 2026-27 school year.
- Integration of the new Higher Education and Career Path Skills graduation requirement within CTE programs of study.

Pre-Kindergarten programs also expanded in 2024–25, including the addition of a site at Raleigh Park. The District now operates Pre-K in all Title IA schools except Raleigh Hills, which is currently undergoing reconstruction. Implementation of the Creative Curriculum and Preschool Star Early Literacy Assessment—aligned with Oregon Early Literacy Standards—will continue to be refined in 2025–26, as the district prepares to launch Pre-K at the new Raleigh Hills campus in 2026–27.

Major Departmental Challenges:

In light of ongoing fiscal pressures related to declining enrollment, the Department remains focused on building sustainable, aligned systems that maximize resources while advancing the goals of the District’s Strategic Plan. Maintaining high-quality instruction and equitable student supports across all schools remains the Department’s top priority.

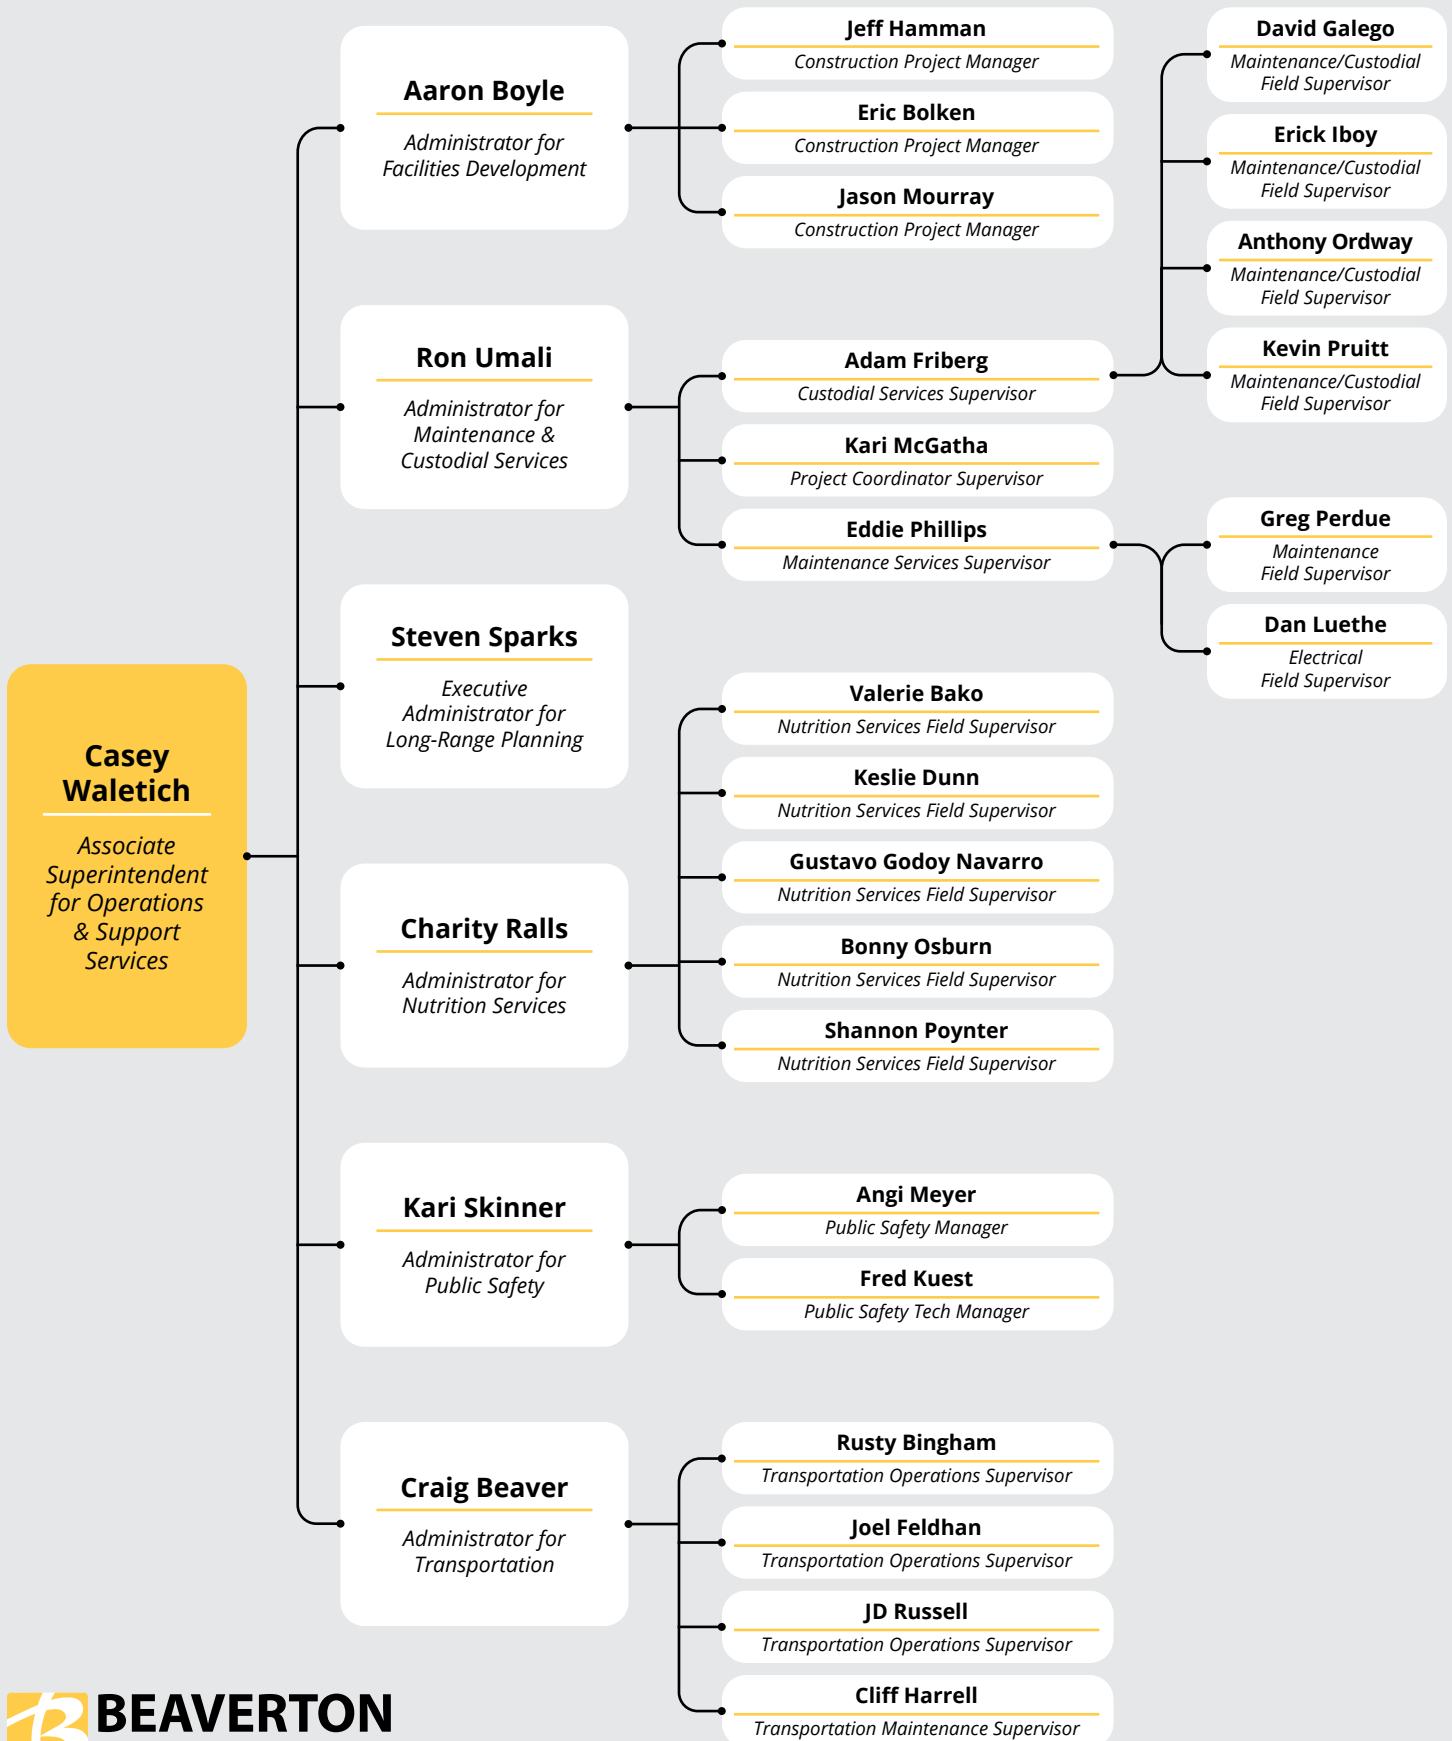

Significant Budget Changes:

There are no significant budget changes anticipated for 2025–26. However, the Department has identified and implemented several non-salary efficiencies as part of its ongoing efforts to optimize resource use.

Operations

*Staffing information is actuals as of 3/31/25 and Financial Data is working budget as of 3/31/25.

The Facilities Development budget is held outside the General Fund in the Capital Projects Fund, accounting for the 2022 Capital Bond program.

Summary of Major Department Responsibilities:

The Facilities Development Department is responsible for the planning, design, permitting, and construction of all capital improvement projects across the District's 64 facilities, which span approximately 5.6 million square feet on 875 acres. The Department manages both bond-funded and non-bond-funded projects, with a primary focus on delivering capital construction projects associated with voter-approved bond measures.

Recent/New Programs and Initiatives:

Implementation on the 2022 Capital Construction Bond is well underway. As of spring 2025, more than 25% of bond projects complete, and over 60% of total bond funding is under contract. Major projects currently in progress include:

- Rebuilding Beaverton High School
- Rebuilding of Raleigh Hills Elementary
- Gym and classroom additions at Stoller Middle School
- Seismic and deferred maintenance upgrades at Mountain View Middle School
- District-wide school security enhancements

Several other bond commitments have already been completed, including:

- Sato Elementary Classroom Addition
- Southridge High School Baseball/Softball Artificial Turf Installation
- Aloha High School Office Relocation
- Westview High School Office Relocation
- Springville Outdoor Learning Area
- Five Oaks Middle School Roof and Seismic Upgrades
- District-Wide Technology Modernization
- Southridge High School HVAC Replacement
- Capital Center HVAC Replacement

In partnership with the District's high school Career and Technical Education (CTE) programs, the Department has also launched a paid summer internship initiative. This program provides juniors and seniors with direct experience in the construction industry through collaboration with District contractors and architectural firms. Recruitment for the 2025 internship cycle will begin shortly.

Major Departmental Challenges:

The Department continues to face industry-wide challenges, including rising construction costs and a shortage of skilled tradespeople. Although careful value engineering and proactive contingency planning have helped reduce the impact of cost escalation, inflationary pressures and potential increases in international tariffs—particularly on goods sourced from Mexico, China, and Canada—remain areas of concern.

The nationwide shortage of skilled labor also poses a risk to project timelines, cost control, and construction quality. These workforce shortages have the potential to affect both large-scale capital projects and day-to-day maintenance operations.

FY 2025-26 Objectives:

In 2025–26, the Department's highest priority is to successfully complete summer projects with minimal disruption to school operations. This will require coordinated planning, close monitoring of construction progress, and responsive project management.

A major focus for the coming year is the District's deferred maintenance program. Demand for facility upgrades and repairs continues to outpace available resources. By the end of the fiscal year, the Department intends to complete a comprehensive plan to address remaining deferred maintenance needs across the District over the next three years.

Significant Budget Changes:

In the 2025-26 year, the Department will begin the spend down of the bond proceeds from the file sale related to the 2022 Capital Bond Measure. This will occur over the next several years..

Maintenance, Custodial Services & Energy Resource Conservation

Administrator: Ron Umali

Services: Maintenance Services, Custodial Services, Energy & Resource Conservation

Other Objects	482,301	479,039	673,658	317,669	82,750
Total	\$ 34,743,813	\$ 36,435,341	\$ 43,231,724	\$ 45,641,881	\$ 43,007,315

*Staffing information is actuals as of 3/31/25 and Financial Data is working budget as of 3/31/25.

Summary of Major Department Responsibilities:

The Maintenance and Custodial Services Department is responsible for the overall management, upkeep, and repair of the District's real property assets, which include approximately 5.6 million square feet of building space across 64 facilities situated on 875 acres. This work supports the day-to-day functionality and long-term preservation of the District's infrastructure.

The Energy & Resource Management team leads efforts to conserve resources by managing utility use, coordinating environmental outreach and education, and implementing energy efficiency initiatives. The team works in close collaboration with District departments and external energy partners to support sustainability across all school sites.

Recent/New Programs and Initiatives:

To address ongoing staffing challenges in skilled trades, the Department recently launched two apprenticeship programs—one for Stationary Engineers and another for Limited Maintenance Electricians. Participants become registered apprentices in the State of Oregon and receive District-funded support for coursework, materials, and required training. Upon successful completion, apprentices transition into full-time HVAC Technician or Limited Maintenance Electrician roles within the District.

This year, Maintenance Services also reorganized to form a dedicated HVAC preventive maintenance crew. This team focuses on the inspection and routine maintenance of HVAC systems across the District. Their work is intended to reduce system failures by ensuring critical components are functioning properly and consistently maintained.

Major Departmental Challenges:

Like many districts nationwide, the Department continues to experience a shortage of skilled tradespeople. Positions in HVAC, plumbing, and electrical trades remain difficult to fill due to competitive private-sector wages. These staffing gaps limit the District's capacity to respond quickly to maintenance needs and increase reliance on external contractors, whose services are typically more costly and less sustainable over time.

Rising material and labor costs have further strained the department's budget, with some material categories seeing increases of up to 12% over the past year. To manage these pressures, the Department has prioritized replacement of high-failure equipment using deferred maintenance funding from the 2022 bond, allowing more resources to be directed toward proactive maintenance.

FY 2025-26 Objectives:

A key objective for the coming year is the district-wide transition from T-8 fluorescent lighting to energy-efficient LED fixtures. Following new regulations prohibiting the sale, distribution, or installation of T-8 lamps beginning January 1, 2025, the Department is leveraging Energy Trust incentives to complete this conversion. As the existing supply of T-8 lamps is depleted, the goal is to replace fixtures across all sites to ensure compliance and improve long-term energy efficiency.

In addition, the Department will continue its close collaboration with the Facilities Development project management team to strategically prioritize major maintenance needs and maximize the impact of available resources.

Significant Budget Changes:

There are no significant budget changes anticipated for 2025–26.

Facility Use & Long-Range Planning

Summary of Major Department Responsibilities:

The Long Range Facility Planning (LRFP) Department is responsible for identifying and addressing the District's current and future infrastructure needs in alignment with its educational goals. This includes developing and maintaining the District's Long-Range Facility Plan, monitoring student enrollment forecasts and demographic trends, and coordinating with governmental agencies on local development.

The Department also oversees the District's real estate portfolio and manages the Facility Use Program, which coordinates internal and external use of District buildings and grounds. On average, more than 4,500 events and activities are scheduled each month across 53 available sites. The Facility Use team ensures that space is allocated appropriately, minimizes scheduling conflicts, confirms insurance coverage, assigns custodial support, and invoices users for applicable rental and staffing costs.

Recent/New Programs and Initiatives:

The District is currently developing an updated Long-Range Facility Plan to inform future decisions about school facilities and how they can best serve students and the community. This planning process is focused on understanding and reflecting community values while addressing key topics such as:

- Community priorities and educational values
- Declining and projected enrollment trends
- Facility capacity and condition
- Attendance boundaries and feeder patterns
- Educational specifications for school design and programming

Major Departmental Challenges:

A primary challenge for the department is the continued trend of declining student enrollment. This impacts both long-term planning and decisions regarding facility utilization. Additionally, the high demand for facility use—both from within the District and from external community organizations—places pressure on the scheduling and operational support systems.

FY 2025-26 Objectives:

The Department will continue advancing the Long-Range Facility Planning process, including community engagement and data analysis, to help guide future decision-making. An additional objective for the year is to review and enhance the facility use process, including improvements to the reservation platform, to better meet the needs of users and streamline operations.

Significant Budget Changes:

There are no significant budget changes anticipated for 2025–26.

Nutrition Services

Administrator: Charity Ralls

Services: School Breakfast and Lunch, Supper Meals, Summer Meals,
Grant Funded Nutrition Programs, Meal Benefits

All Nutrition Services expenditures are held outside the General Fund, in their own special revenue fund. The Nutrition Services department is a completely self-supporting operation.

Summary of Major Department Responsibilities:

The Nutrition Services Department provides nutritious, appealing meals to students while maintaining a self-supporting operation. Breakfast and lunch are offered at all schools across the District, with an emphasis on increasing meal access—particularly for the District’s most vulnerable students. The Department ensures compliance with all state and federal requirements for food safety, meal patterns, and nutrition standards. All meals that qualify for reimbursement are accurately documented and claimed through the Oregon Department of Education.

Recent/New Programs and Initiatives:

- Implemented free meals at all schools utilizing the Community Eligibility Provision (CEP), expanding access for all students.
- Added meal services for the Pre-Kindergarten programs at Elmonica, Hazeldale, Kinnaman and Raleigh Park.
- Secured additional Farm to School grant funding to expand offerings of locally grown and produced foods.
- Hired a District Wellness Coordinator to assist with the development, implementation and evaluation of the District's wellness policy.

Major Departmental Challenges:

- Staffing shortages persist, despite adding more than 25 new positions to accommodate increased student participation. Recruiting and retaining qualified staff remains an ongoing challenge.
- Potential changes to federal school nutrition regulations require proactive planning and adaptability.
- Rising food and supply costs, driven by inflation, continue to impact the Department's operating budget.

FY 2024-25 Objectives:

- Ensure adequate staffing to serve well-prepared and timely meals to all students.
- Expand menu variety with monthly additions, featuring culturally relevant dishes and locally sourced products.
- Strengthen partnerships with local food producers to increase the availability of regional food items.

FY 2025-26 Objectives:

- Implement new USDA nutrition regulations regarding added sugars and sodium.
- Expand taste testing opportunities and actively gather student feedback to inform future menu development.
- Maintain the allowed three months of operating expenses in the non-profit food service account to ensure program stability.

Significant Budget Changes:

Participation in school meals has increased significantly following the District-wide implementation of the Community Eligibility Provision. As a result, both revenue and expenditures for 2025–26 have increased. These changes were partially addressed through a mid-year supplemental budget adjustment in 2024–25 and are now fully reflected in the 2025–26 budget.

Public Safety

Administrator: Kari Skinner

Services: Threat Management, Emergency Response, Campus Security & Supervision, Partnership with First Responders & Government Entities, Safety & Security Systems Monitoring & Control

Summary of Major Department Responsibilities:

The Beaverton School District Public Safety Department is committed to creating a safe and secure environment for all students, staff, and visitors. With a strong focus on customer service and collaboration, the Department works closely with school administrators, District departments, and first responders to proactively address safety and security concerns.

The Department manages the Security Trio—Access Control, Video Surveillance, and Intrusion Alarm Systems—and oversees the issuance of employee and contractor badges. It also processes volunteer background checks and provides fingerprinting services to meet Oregon Department of Education (ODE) requirements.

Key areas of specialization include Threat Management, Emergency Response and Drill Coordination, and Crisis Preparedness. The Department is responsible for safeguarding nearly 38,000 students and over 5,000 staff members across 64 facilities, including PreK–12 schools, charter schools, and various school-sponsored events. Security enhancements are ongoing, thanks to funding from a voter-approved bond.

	Total Processed 2024-25 Year (as of 2/25/25)
Volunteer Applications Processed	20,000
Pilot Contractor Applications Processed	194
Security System Help Desk Tickets Processed	1,050
District Badges Issued (Above Annual Issuance)	590
Emergency Drills Completed	611
Fingerprints Processed for New Hires & Contractors	737

Recent/New Programs and Initiatives:

Expansion of Campus Supervisor Program

In Fall 2024, the District deployed 32 full-time campus supervisors across all high and middle schools to enhance safety and build positive student relationships. These supervisors serve as mentors, conflict mediators, and connectors to community resources while also monitoring school campuses. All are certified by the Oregon Department of Public Safety Standards and Training (DPSST).

Professional development has included training in First Aid, CPR/AED, Stop the Bleed, Naloxone/Narcan (in partnership with Tualatin Valley Fire & Rescue), de-escalation, restorative practices, and autism awareness (in collaboration with the Washington County Sheriff's Office Mental Health Response Team).

Enhancements to the Threat Assessment System

Responsibility for the District's Threat Assessment program has transitioned from Teaching and Learning to Public Safety to improve coordination and response. The program is being aligned with the nationally recognized Salem-Keizer Cascade model, which emphasizes shared responsibility among schools, law enforcement, and mental health professionals.

This multidisciplinary approach improves response times, enhances decision-making, and ensures tailored, student-centered interventions. Notably, over 95% of students assessed are able to

remain in school with appropriate supervision plans—balancing safety with student retention.

School Safety and Emergency Management Initiatives

The District continues to build a culture of preparedness through regular drills, emergency planning, and safety assessments. In 2024–25, all District leaders participated in reunification training using the "I Love U Guys" Foundation's Standard Response Protocol (SRP) and Standard Reunification Method (SRM).

Raptor Technologies, a new tool launching in 2025–26, offers modules for visitor and volunteer management and emergency response. The system now includes the *Student Safe* module, which allows early documentation and follow-up on student concerns.

Reunification kits (“ROK Boxes”) have been deployed at all comprehensive high schools, with full K–8 implementation planned by Spring 2025. The Department also supports Safe Oregon, an anonymous tip line that helps the District proactively respond to safety issues. Parent engagement continues through safety forums and communications regarding security bond upgrades.

Major Departmental Challenges:

Despite the department’s wide-ranging responsibilities, it operates with a core team of just six staff members. Challenges include maintaining and upgrading aging security infrastructure across 64 sites, meeting increased service demands, and ensuring staff are equipped to use evolving technologies.

Balancing these needs with limited staffing and budgetary constraints remains a central focus. Nevertheless, the Department remains steadfast in its mission to ensure a safe, welcoming environment for all.

FY 2024-25 Objectives:

- Expand and support the Campus Supervisor program
- Finalize a comprehensive Emergency Operations Plan
- Adopt the Standard Response Protocol and Standard Reunification Method
- Integrate Raptor Technologies for enhanced emergency management
- Continue implementation of security bond-funded enhancements
- Optimize crossing guard staffing

FY 2025-26 Objectives:

- Complete the transition to integrated card access systems at all schools
- Expand video surveillance from 450 to 1,300 cameras
- Implement new video intercom and visitor screening systems
- Upgrade intrusion systems with IP-based communication and integration
- Install 40 Distributed Antenna Systems (DAS) to improve emergency radio communications
- Expand and train Threat Assessment teams
- Launch new student safety software within the Raptor platform
- Strengthen background check systems for contractors
- Continue District-wide staff training in emergency operations

Significant Budget Changes:

There are no significant budget changes to the Public Safety budget.

Transportation

Administrator: Craig Beaver

*Staffing information is actuals as of 3/31/25 and Financial Data is working budget as of 3/31/25

Summary of Major Department Responsibilities:

The Transportation Department ensures the safe and efficient transport of approximately 25,000 students each day to and from school, as well as for field trips, athletic events, and after-school programs. The Department operates 240 daily bus routes and completes approximately 4,000 activity trips annually, with buses traveling over 3 million miles each year.

Recent/New Programs and Initiatives:

In Fall 2024, the Department implemented a new bell schedule designed to support student success by aligning school start times with student needs and increasing access to several programs. The Department was awarded \$19.8 million to replace 50 diesel buses with electric buses and expanded its charging infrastructure to 67 electric bus chargers through a Environmental Protection Agency (EPA) grant. Currently operating 45 electric buses, the district maintains the largest electric school bus fleet and charging network in the Pacific Northwest. All electric buses serve Title IA eligible schools. The Department also secured over \$2 million in additional grant funding to support electric school bus initiatives and completed a project to double the propane fuel storage capacity at its facility.

Major Departmental Challenges:

Recruiting and retaining qualified bus drivers remains the department's most significant challenge. Ongoing efforts include a comprehensive advertising campaign and regular candidate interviews. The Department is working toward its goal of employing 265 drivers by Fall 2025.

FY 2024-25 Objectives:

- **Expand Charging Infrastructure:** Install 30 additional electric bus charging stations at the 5th Street Transportation Complex by December 2025, in partnership with Portland General Electric (PGE).
- **Deploy Electric School Buses:** Place 17 additional electric school buses into service by June 2025, funded by the 2023 EPA grant.
- **Secure Additional Funding:** Apply for further grant funding from PGE to acquire two more electric school buses.

FY 2025-26 Objectives:

- **Increase Electric Bus Fleet:** Deploy 30 electric school buses by June 2026, Supported by grants from the 2023 EPA and 2024 EPA/DEQ Heavy Duty Clean Vehicle programs.
- **Enhance Charging Resilience:** Install a backup propane-powered generator at the 5th Street Transportation Complex to ensure charging resilience.
- **Strengthen Workforce:** Continue targeted recruitment and retention efforts to maintain a workforce of 265 drivers.

MULTIYEAR FINANCIAL REPORTING AND BUDGET PROCESS

REPORTING ENTITY

The Beaverton School District, established through the consolidation of multiple districts in 1960, operates under Oregon Revised Statutes (ORS) Chapter 332 to provide PreK–12 educational services. The District is governed by a separately elected seven-member Board of Directors, which appoints the Superintendent and administrative leadership. Daily operations are overseen by the Superintendent.

In accordance with generally accepted accounting principles (GAAP), the District qualifies as a primary government, as it has a separately elected governing body, is legally separate, and maintains fiscal independence. There are various governmental agencies and special service districts that provide services within the District's boundaries. However, the District is not financially accountable for any of these entities, and therefore, none of them are considered component units or included in the basic financial statements of the District's audited financial report.

In the 2023–24 Annual Comprehensive Financial Report (ACFR), four funds were classified as major funds: the General Fund, Grant Fund, Debt Service Fund, and Capital Projects Fund. These are considered major either by meeting the criteria established by the Governmental Accounting Standards Board (GASB) or due to their significance to financial statement users. The General Fund is always considered a major fund regardless of size.

The following is an overview of the District's eleven funds:

General Fund – The General Fund is the primary operating fund of the District, accounting for all financial resources not required to be reported in another fund. It includes expenditures for salaries, payroll costs, purchased services, supplies and materials, capital outlay, and other general expenses.

Expenditures are categorized by major function areas, with each category including program descriptions, staffing information, and program analysis. Variances between the 2024–25 and 2025–26 budgets are explained in detail.

Revenues are primarily from state funding and local property taxes, which together comprise the State School Fund (SSF). The SSF accounts for 87.6% of General Fund revenue (excluding beginning fund balance) and is allocated through a school equalization formula. This formula includes base student counts with additional weighting for students in special education, English language learners, students in poverty, foster care, and parenting programs. The SSF includes three components: the General Purpose Grant, the Transportation Grant, and the High-Cost Disability Grant.

In November 2022, voters renewed a five-year Local Option Levy dedicated to funding classroom teaching positions. This levy contributes approximately 7.0% of General Fund revenue, excluding beginning fund balance.

Other Funds include:

Student Body & Special Purpose Fund – Accounts for student activities and programs at the school level. Major revenue sources include student participation fees, fundraising activities, and community donations.

Equipment Replacement Fund – Accounts for resources reserved for expenditures on classroom supplies and equipment, capital improvements and replacements, classroom programs, and to supplement existing resources available for students. Revenue sources include funds received through various Oregon Department of Education and Department of Energy grants, Chromebook replacement fees, State School Fund transportation grant for bus replacement, and a transfer from the General

Fund for classroom technology and furniture and maintenance vehicle fleet replacement. On July 1, 2021, a transfer was made to this fund to transfer all budget related to capital equipment and student device replacements from the Long-Term Planning Fund. These types of expenses are accounted for in the Equipment Replacement Fund going forward.

Scholarship Fund – Accounts for fundraising and scholarship resources received and held by the District on behalf of the scholarships for future recipients. Disbursements from this fund are made in accordance with trust and scholarship agreements.

Grant Fund – Accounts for revenues and expenditures from federal, state, and private grants designated for specific purposes. The 2025-26 Grant Fund is lower than in prior years due to the expiration of one-time federal ESSER funding on September 30, 2024.

Long-Term Planning Fund – Before the 2021-22 fiscal year, this fund was used to accumulate resources for capital equipment replacement and to support the sustainability of District instructional programs, primarily funded through transfers from the General Fund and interest earnings. In 2019-20, \$18.4 million from the Financial Reserve was transferred to the General Fund, with no subsequent transfers into the fund. On July 1, 2021, all capital equipment replacement funds were moved to the Categorical Fund, leaving this fund solely dedicated to financial reserves. Its primary revenue sources are now services provided to other funds and interest earnings.

Nutrition Services Fund – Accounts for school nutrition program revenues and expenditures. Revenue sources include meal sales and subsidies from the National School Lunch and Breakfast Programs.

Debt Service Fund – Accounts for the District’s payment of principal and interest on long-term obligations, including General Obligation (GO) bonds, Limited Tax Pension Obligations and Full Faith and Credit Obligations (FFCO). GO bonds allow the District to finance capital projects such as the construction of new schools, rebuilding schools and equipment. Voters must approve the sale of these bonds. Limited Tax Pension Obligation bonds were issued to finance the District’s unfunded actuarial liability in the Oregon Public Employees Retirement System. The FFCO bonds were issued to finance capital projects. Principal revenue sources are property taxes, construction excise tax, transfers from other funds, and charges to other funds.

Capital Projects Fund – Supports acquisition, construction, and improvement of District facilities. Major funding sources include GO bond proceeds, construction excise taxes, and interest earnings.

The Capital Budget includes a \$723 million bond measure that was passed by voters in May 2022. The bond provides funds for repairs, construction, and improvements over a projected six-year period. The second and final bond sale is planned for the spring of 2025. Issuance proceeds are included in the 2025-26 budget in the form of beginning fund balance. The annual capital budget is determined by the commitments of the bond program

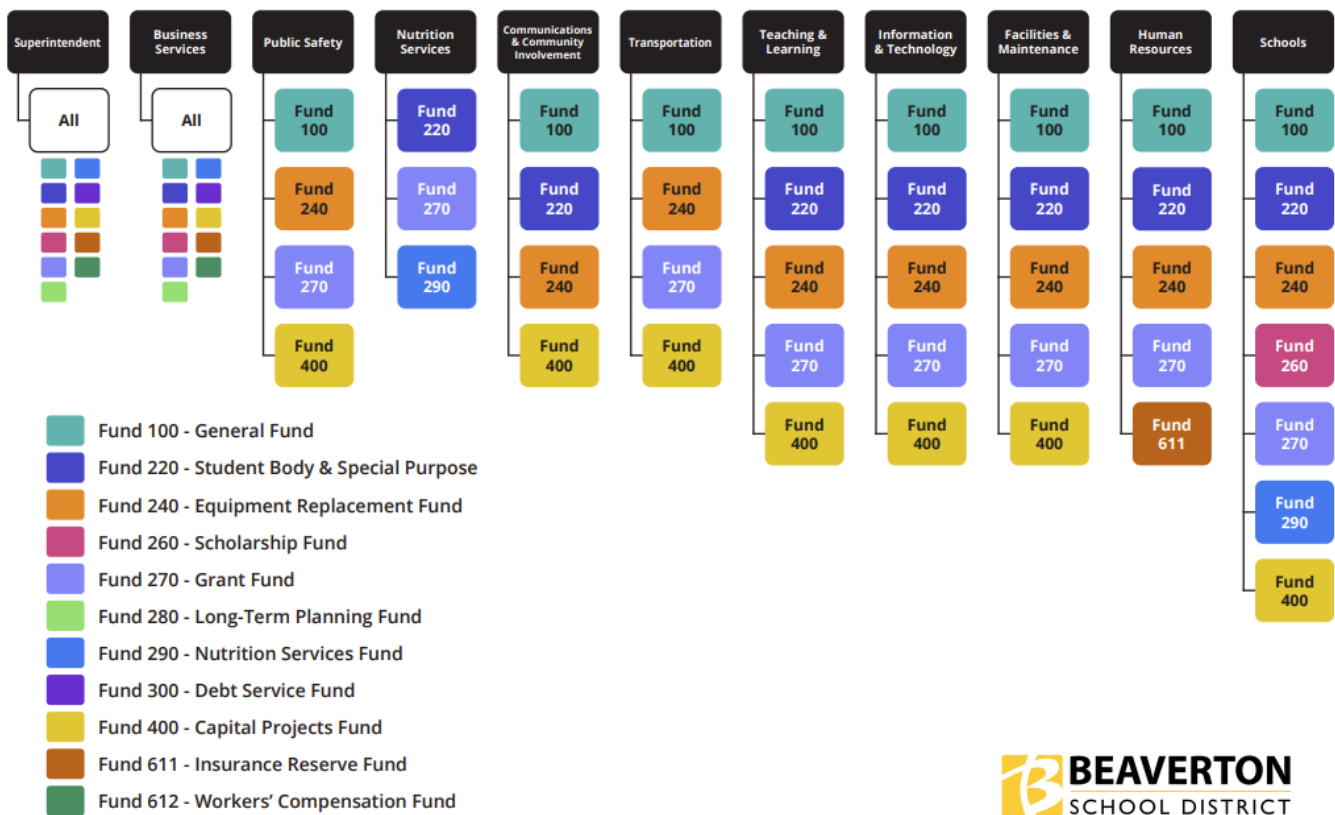

to Beaverton voters and is the sum of all the anticipated project budgets each year. To efficiently execute the 2022 bond, projects are prioritized by urgent needs such as HVAC or roof repairs. Large projects, such as school rebuilds are prioritized towards the beginning of the bond program to avoid cost escalation. The annual capital projects plan and schedule is

determined at the beginning of the bond program and monitored and adjusted as needs arise. Deferred maintenance is prioritized as needed, and the Facilities Development team holds quarterly meetings with the Maintenance team for on-the-ground experience. Additional information about the Capital Budget can be found in the Financial Section.

Insurance Reserve Fund – Accounts for administrative costs and costs incurred (up to insurance policy deductible limits) for the District’s self-insurance programs. These programs include property, liability, life, long-term disability, and unemployment. Principal revenue sources are charges to other funds and a transfer from the General Fund.

Workers’ Compensation Fund – Accounts for workers’ compensation claims (up to insurance policy deductible limits) for on-the-job injuries. The primary revenue sources are charges to other funds and interest earnings.

Relationship Between Departments & Funds

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The District’s budgetary basis of accounting aligns with generally accepted accounting principles (GAAP) in the United States.

Government-wide financial statements and internal service funds are reported using the economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recognized when earned, and expenses are recognized when liabilities are incurred, regardless of the timing of related cash flows.

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual

basis of accounting. Revenues are recognized when they are both measurable and available. The District considers revenues to be available if they are collected within sixty days after the end of the fiscal year. Expenditures are recorded when the associated fund liability is incurred, with exceptions for principal and interest on long-term debt, claims and judgments, and accrued vacation. These are recognized as expenditures only when due. Capital asset purchases are recorded as expenditures in the governmental funds, and the proceeds from long-term debt issuances are recorded as other financing sources.

Proprietary funds distinguish between operating and non-operating revenues and expenses. Operating revenues and expenses are those that result from providing services or delivering goods as part of a fund's primary operations. For the District's internal service funds, the main operating revenues come from insurance services. Operating expenses include materials and supplies, insurance premiums, claims, and administrative costs.

DISTRICT BUDGET GOALS

The District budget serves as the financial plan of operation and is guided by the District's strategic plan. The foundational building blocks and core values outlined in the strategic plan informed the development of the 2025–26 budget.

The School Board approves the annual budget calendar, appoints members of the Budget Committee, and formally adopts the District budget. The District provides budget documents annually and ensures opportunities for students, staff, and community members to offer input during the process. The budget is prepared and adopted in full compliance with Oregon's Local Budget Law. The Associate Superintendent for Business Services, serving as the Chief Financial Officer, also acts as the District's designated budget officer.

To support long-term financial stability, the District budgets for a minimum General Fund contingency of 5% to ensure an ending fund balance of at least 5% of total actual General Fund revenues. In addition, the District maintains a Financial Reserve in the Long-Term Planning Fund equal to at least 5% of total General Fund resources. Following a transfer from the Long-Term Planning Fund to the General Fund in fiscal year 2019–20, the District continues to rebuild this reserve. Beginning in 2021–22, the District established a Public Employees Retirement System (PERS) Reserve within the Long-Term Planning Fund. This reserve is supported by a 2.0% payroll cost charged to other funds for services and is projected to meet the 5% minimum reserve policy during the 2025–26 fiscal year.

KEY FACTORS IN BUDGET DEVELOPMENT

The overarching factors affecting the development of the 2025-26 budget include \$11.36 billion K-12 State School Fund for the 2025-27 biennium as proposed by the Governor and Co-Chairs of the Oregon Legislature, as well as anticipation of an additional \$200 million to support costs in Special Education. Additionally, the 2025-26 budget relies on the continuing resources from grants included in ODE's Aligning for Student Success (Integrated Guidance) initiative. This framework integrates the following six aligned programs, which total approximately \$54.0 million for the 2025-26 school year:

- High School Success (HSS)
- Student Investment Account (SIA) within the Student Success Act
- Continuous Improvement Planning (CIP)
- Career and Technical Education – Perkins V (CTE)
- Every Day Matters (EDM)
- Early Indicator Intervention Systems (EIS)

The District continues to experience declining enrollment, which is a key driver in both revenue allocation and staffing levels. In addition, the District’s strategic investments were reviewed for alignment with the District’s strategic plan. The District’s goals for student success and foundational building blocks are illustrated below.

THE BUDGET PROCESS. The District prepares its annual budget in accordance with Oregon Local Budget Law (ORS 294), which establishes standard procedures for budget preparation, presentation, and administration. The law requires public involvement in the budget process and mandates that each fund be balanced—meaning projected resources must equal projected requirements. Projected resources include both anticipated revenues and beginning fund balances.

The District is currently operating at a deficit in the General Fund and is relying on the use of its beginning fund balance to achieve a balanced budget. While this approach allows the District to meet its obligations in the short term, it is not a sustainable funding source. As such, the District makes ongoing adjustments each year to ensure financial sustainability, maintain required reserves, and minimize impacts to students and classroom instruction. The District’s budget is developed in full compliance with all applicable Board policies related to financial planning and management.

A key component of the budget development process is a continuous improvement cycle that includes ongoing monitoring and evaluation of the District’s strategic investments. Each investment is assessed over a two- to three-year period using defined metrics that measure student achievement and staff development outcomes. This process ensures that budget decisions are aligned with the District’s strategic goals and deliver meaningful results for students and staff.

BUDGET INVESTMENT PROCESS

In January, the District provides a video update with a short survey to determine the priorities of the students, parents, staff and community. The District received over 1,700 responses which can be viewed on the District’s [website](#). Overwhelmingly, the top priority was class size, followed by staff retention and compensation, special education and mental health services, safe learning environments and supporting arts and extracurricular programs.

The Superintendent and Cabinet is the final decision-making body for creating the District’s budget. Between November 2024 and February 2025, the District’s Staffing Allocation Methodology (SAM) committee met and reviewed allocation changes and adjustments

make 3% reductions to their total General Fund budgets.

Once a proposed budget is developed, the Superintendent presents the budget and Budget Message to the Budget Committee, which then reviews, asks questions, and receives public comment. The Budget Committee approves a budget for adoption by the School Board.

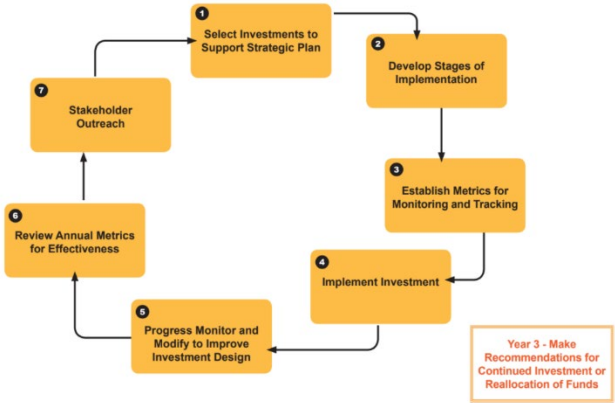

Notice of the first budget meeting is published in the local newspaper, five to thirty days before the first budget meeting, and posted on the District’s website for at least ten days before the first budget meeting.

Once a document is given to the Budget Committee, citizens may obtain a copy by calling (503) 356-4540 or by downloading it from the District’s website (www.beaverton.k12.or.us).

HOW THE BUDGET IS ADOPTED

After the Budget Committee approves a budget, the budget is forwarded to the School Board for further public testimony and review. A summary of the approved budget and notice of budget hearing is published in the local newspaper five to thirty days in advance of the hearing. The notice indicates where the complete budget document is available for review.

After the budget hearing and consideration of public testimony, the School Board adopts the budget prior to June 30.

that were deemed necessary for schools. In addition, during February 2025, District departments completed their budget worksheets, including requests for additional required or critical needs. These additional budget requests were first reviewed by the Deputy Superintendent for Teaching & Learning, the Associate Superintendent for Operations, and the Associate Superintendent for Business Services. Their recommendations were brought forward to the SAM committee if the requests were for schools, and then all budget requests with preliminary approval were brought to the Superintendent for final review. Additionally, for the 2025-26 budget, central departments were requested to

SUPPLEMENTAL BUDGETS

If the District receives unanticipated revenues or a change in financial planning is required, a supplemental budget may be adopted to authorize a change in the budget within a fiscal year. A supplemental budget cannot be used to authorize a tax levy.

The School Board may adopt a supplemental budget at a regular public meeting if expenditures in the supplemental budget are less than 10% of the annual budget of the fund being adjusted. If the expenditures are greater than 10%, the School Board must first publish the supplemental budget and hold a public hearing.

BEAVERTON SCHOOL DISTRICT
THE BUDGET PROCESS: REQUIREMENTS OF OREGON BUDGET LAW

STRATEGIC INVESTMENT SUMMARY

The following table outlines the strategic investments the District has currently made and is conducting an Academic Return on Investment (AROI) analysis on. More details about each investment and the metrics used for analysis are included in the Informational Section of this document.

Strategic Plan Goal/ Foundational Building Block	Investment	2025-26 Budget Investment
Foundations of Success, Engaging & Effective Teaching & Learning Systems	16 Pre-K Classrooms and PD	\$ 6,150,887
Foundations of Success, Engaging & Effective Teaching & Learning Systems	Elementary Instructional Coaches	5,861,344
College & Career Ready, Engaging & Effective Teaching & Learning Systems	Graduation Mentors	1,570,654
College & Career Ready, Progress on Standards, Facilities & Programs for World-Class Learning	FLEX Credit	1,350,942
Total		\$ 14,933,827

MEASURES AND LEVIES

MEASURE 5. In November 1990, Oregon voters approved Measure 5, a citizen’s initiative limiting total taxes on each property in the state to 1.5% of the property’s real market value and shifting responsibility for funding public education to the state from the local level.

Measure 5, a constitutional amendment, phased in the tax limit for schools over a five-year period, beginning with a limit of \$15 per \$1,000 of property value in 1991-92 and decreasing to a permanent limit of \$5 per \$1,000 of value in the 1995-96 fiscal year. Tax limitations do not apply to bonded debt for capital construction.

In response to the requirement that the state replace school tax revenue lost under Measure 5, the legislature created the State School Fund (SSF) and established an equalization formula to allocate revenue to schools on a weighted per-student basis.

Since Measure 5 was passed, the state’s share of funding to schools increased from about 30% to about 70%.

MEASURE 50. In 1997, Oregon voters approved Measure 50 to clarify legal ambiguities in a prior measure and change the property tax system from a tax base system (where a dollar amount is levied) to a tax rate system (where a permanent rate is levied). As a result, in 1997-98, assessed values were rolled back to 1995-96 values minus 10%, and future assessed value increases were capped at 3% per year plus exceptions such as the value of new construction. The District’s permanent rate was set at \$4.693 per \$1,000 of assessed value. Other provisions limited the use of the bonded debt and required a 50% voter turnout for property tax elections except at general elections (November of even-numbered years).

MEASURE 56. In November 2008, voters amended the state constitution to require that all local property tax measures on May and November elections be decided by majority vote, overturning the “double majority” requirement of Measure 50.

MEASURES 66 AND 67. In January 2010, Oregon voters upheld two tax increases approved by the 2009 legislature. Measure 66 increased personal income tax rates for high-income individuals, and Measure 67 increased corporate taxes by raising the

\$10 corporate minimum tax to \$150, raising the corporate profits tax, and increasing certain business filing fees.

MEASURE 98 (High School Success). In November 2016, Oregon voters approved Measure 98, a dropout prevention and college readiness initiative. Measure 98 requires state funds to be distributed to public school districts for approved plans to establish or expand career and technical education programs, to establish or expand college-level educational opportunities for students, and to establish or expand dropout prevention strategies in high schools.

MEASURE 99. In November 2016, Oregon voters approved Measure 99 using Oregon Lottery funds to create the Oregon Outdoor School Education Fund. The program dedicates funds to providing every student in fifth or sixth grade the opportunity to attend a week-long outdoor school program.

LOCAL OPTION LEVY. Since 1999, school districts have been allowed to request voter approval for local property tax levies to support operations and/or capital needs. This represents the only opportunity for district voters to increase revenue for district operations since Measure 5 passed in 1990. Local option capacity represents the “tax gap” between the Measure 5 tax rate limit based on real market value and the Measure 50 tax rate based on assessed value.

As revised by the 2007 legislature, the amount a district can receive under a local option levy is restricted to the least of:

- Measure 5 limit: revenue received by the district from local option taxes imposed; or
- Dollars per student: \$1,000 per average daily membership, weighted (ADMw), growing by 3% per year as of 2008-09; or
- Percent of state resources: 20% of the combined total of the state general purpose grant, transportation grant, facility grant, and high-cost disability grant.

Operating levies cannot exceed five years. Capital levies cannot exceed the lesser of ten years or the expected useful life of the asset(s).

Local option levies for more than a year may be filed as a tax rate. Local option revenue is excluded from the state funding formula.

Beaverton voters renewed a five-year local option levy in the November 8, 2022 primary election for a \$1.25/\$1,000 of assessed value of property. The renewal will begin in the 2023-24 school year and end in the 2027-28 school year.

GENERAL OBLIGATION BONDS. Districts may levy taxes for the repayment of bonded debt upon voter approval. Tax levies for bonded debt fall outside the limits of Measure 5.

Measure 50 limited the use of bonded debt to fund capital construction and improvements and prohibited using bonds to finance the purchase of equipment or maintenance and routine repairs.

The 2009 state legislature approved a provision of the Oregon Constitution that effectively expanded the range of the qualifying uses of bond proceeds by re-defining “capital costs” as costs of land and of other assets having a useful life of more than one year, including costs associated with acquisition, construction, improvement, remodeling, furnishing, equipping, maintenance or repair. Bonds may not be used to pay for the costs of routine maintenance or supplies.

Voters approved a \$723 million bond measure on the May 17, 2022 ballot to provide funds for continued repairs, construction and improvements at District sites.

SCHOOL BOARD FISCAL MANAGEMENT POLICIES

District Budget - The District budget shall serve as the financial plan of operation for the District. The District Strategic Plan guides the budgeting process.

The Board shall approve the budget calendar, appoint the budget committee membership and adopt the District budget. The District will provide that the budget and budget documents on an annual basis.

The administration shall provide opportunities for students, staff and the community to provide feedback regarding the alignment of the budget with the strategic plan.

The District budget shall be prepared and authorized in full compliance with the Local Budget Law. The chief financial officer for business shall be the budget officer ([Board Policy DB](#)).

Financial Reserves - The Board recognizes the importance of financial reserves to deliver sustainable and stable levels of instruction, staffing, number of instructional days and operation of facilities.

The reserves are necessary to:

1. Maintain financial stability for program continuity and public confidence;
2. Ensure budget and financial compliance with Oregon Revised Statutes and Oregon Administrative Rules;
3. Provide an emergency reserve to balance risk of availability and liquidity of resources in other funds as well as the potential drain upon general fund resources; liquidity; and designations. Such factors will be reviewed annually;
4. Protect the district from unnecessary borrowing in order to meet cash flow needs;
5. Provide prudent reserves to meet unexpected emergencies and protect against catastrophic events and accommodate volatile PERS rates;
6. Meet the uncertainties of state and federal funding; and
7. Help ensure a district credit rating that would qualify the district for lower interest costs and greater marketability of bonds that may be necessary in the construction and renovation of school facilities.

District reserves include both a sufficient general fund ending fund balance and a financial reserve, held outside the General Fund.

The Board directs the superintendent to manage the adopted district budget in such a way as to ensure an ending general fund balance of at least five percent of total actual revenues.

The Board also directs the superintendent to maintain a financial reserve of five percent of the total resources of the general fund.

The Board may authorize use of the general fund balance to address unanticipated, nonrecurring needs and may authorize use of the financial reserve to address adverse conditions which negatively affect the district's revenues or ability to meet the needs of students.

In the event the Board authorizes use of reserves, the superintendent shall propose a plan for the replenishment of the reserves as soon as practicable, considering state financial reserves and annually report progress against the plan. Prior to the reserves becoming less than projected, the superintendent will notify the Board of the possibility the reserves may fall below the minimum targeted level ([Board Policy DBDB](#)).

Budget Committee - The district budget committee will consist of the seven members of the board and seven electors appointed by the board as required by law. Terms of the appointed members of a budget committee in a district that prepares an annual budget will be three years each with appointments made so that, as nearly as practicable, the terms of

one-third of the members expire each year. Appointive members of a budget committee in a district that prepares a biennial budget shall be appointed to four-year terms. The terms shall be staggered so that as near as practicable, one-fourth of the terms of the appointive members end each year. At least one member of the budget committee must be a member of the District's educational equity advisory committee. Districts with ADM over 10,000 must convene an educational equity advisory committee no later than September 15, 2022. Districts with ADM of 10,000 or under are not required to convene an educational equity advisory committee until September 25, 2025. The board will establish appropriate timelines and procedures for appointment of budget committee members.

A majority of the constituted committee is required for passing an action item. Majority for a 14-member budget committee is 8. Therefore, if only 8 members are present, a unanimous vote is needed for passing an action item.

Presiding Officer and Orientation of Budget Committee:

1. Organization: The budget committee will hold its first regular organizational meeting on a day set by the board. A presiding officer shall be elected from among its members at this meeting. Such meeting may be prior to or on the date the budget message and document are presented.
2. Background Information: Budget committee members will be provided with data for the ensuing year(s), such as the board's educational plan, and other pertinent material bearing on the preparation of the district budget.

The budget committee shall hold one or more meetings to receive the budget message, the budget document and to provide members of the public with an opportunity to ask questions about and comment on the budget document. The budget officer shall announce the time and place for all meetings, as provided by law. All meetings of the budget committee are open to the public.

It is the function of the budget committee to approve budget estimates for an educational plan previously determined by the board. No new program should be considered for the budget estimate that has not previously been submitted to the board and approved as a part of the educational plan. The budget committee will determine levels of spending, but will not determine programs.

The budget committee will approve an estimated budget document for submission to the board ([Board Policy DBEA](#)).

Budget Transfer Authority - The Adopted Budget is a financial plan that may be subject to change as a result of circumstances or events occurring during the ensuing budget period. All appropriation transfers are authorized when completed by official resolution of the Board. The authorizing resolution must state the need for the transfer, its purpose, and the amount of the transfer.

Transfers of general operating contingency appropriations which in aggregate during a fiscal year or budget period exceed 15 percent of the total appropriations of the fund may be made only after the adoption of a supplemental budget prepared for that purpose.

The superintendent has the authority to approve transfers between programs and object codes within the same level of appropriation.

Interfund transfers from the General Fund to any other fund are authorized when completed by official resolution of the Board stating the need, purpose and amount.

Appropriation transfers from any special revenue fund will comply with applicable statutes ([Board Policy DBK](#)).

Revenues from Private, State and Federal Sources - The Board may authorize, accept and use private, state or federal funds available to the District to carry out district educational programs. The District, consistent with Board policy, will comply with all regulations and procedures required for receiving and using such funds.

The Board directs the superintendent or designee to pursue outside funding recognizing the obligations, expectations or encumbrances which will exist when the grant or other outside funding ceases.

The District shall pursue federal or state grants-in-aid that will assist the District in meeting adopted goals and objectives of the curriculum or in creating facilities or in purchasing equipment.

In the event an opportunity arises to submit a grant proposal which needs Board approval and there is insufficient time to place it before the Board, the superintendent is authorized to use his/her judgment in approving it for submission. The superintendent will share the grant proposal with the Board at its next regular meeting. The Board reserves the right to reject funds associated with any grant which has been approved ([Board Policy DE/DEB/DEC](#)).

Investment of Funds - The District's Investment of Funds policy applies to the investment of short-term operating funds and capital project funds (including bond proceeds and bond reserve funds) held by the District. Investments of employees' retirement funds, deferred compensation plans, and funds held and invested by trustees, escrow agents or fiscal agents are not covered by this policy. This policy does not apply to the District's checking account.

Except where legally required to hold separate funds, the District will consolidate cash balances from all funds to maximize investment earnings. Investment income will be allocated to the various funds monthly based on their respective cash balances.

The primary objectives for this investment policy, in priority order, shall be: preservation of capital; maintenance of a liquid position; and maximum yield.

- a. Safety of principal is the foremost objective of the investment program. Investment decisions shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The objective will be to mitigate credit risk and interest rate risk.
 - Credit Risk: The District will minimize credit risk, the risk of loss due to the financial failure of the security issuer or backer, by: Limiting exposure to poor credits and concentrating the investments

in the safest types of securities, Diversifying the investment portfolio so that potential losses on individual securities will be minimized, and Monitoring the investment portfolio holdings for rating changes, changing economic/market conditions, etc.

- Interest Rate Risk: The District will minimize the price risk, due to changes in general market interest rates, associated with the sale of securities prior to maturity, by: Structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations and/or capital projects, thereby avoiding the need to sell securities on the open market prior to maturity, and Investing operating funds primarily in shorter-term securities or local government investment pool.
- b. The investment portfolio shall remain sufficiently liquid to meet all operating, capital and construction requirements that may be reasonably anticipated. This is accomplished by structuring the portfolio so that securities mature concurrent with anticipated cash needs. In addition, a portion of the portfolio should also be placed in the Oregon Local Government Investment Pool (LGIP), or a similar investment vehicle, to provide immediately available funds.
- c. The investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the investment risk constraints and liquidity needs. Return on investment is of lesser importance compared to the safety and liquidity objectives described above. The portfolio investments are limited to highly rated/low risk securities in anticipation of earning a fair return relative to the risk being assumed.

Securities shall not be sold prior to maturity with the following exceptions:

- 1) A security with declining credit may be sold early to minimize loss of principal.
- 2) A security swap that would improve the quality, yield, or target duration in the portfolio.
- 3) Liquidity needs of the portfolio require that the security be sold.
- 4) To liquidate a security purchased in error that violates state law or this policy.

The standard of prudence to be used by investment officials shall be the “prudent person” standard and shall be applied in

the context of managing an overall portfolio. Investment officers acting in accordance with written procedures and this investment policy and exercising due diligence shall be relieved of personal responsibility for an individual security’s credit risk or market price changes, provided deviations from expectations are reported to the School Board in a timely fashion, and the liquidation and/or sale of securities are carried out in accordance with the terms of this policy.

Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their

own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution and management of the investment program, or that could impair their ability to make impartial decisions. Employees, officers and their families shall not undertake personal investment transactions with the same individual with whom business is conducted on behalf of the district. Officers and employees shall, at all times, comply with the state of Oregon Government Ethics Commission set forth in Oregon Revised Statute (ORS) Chapter 244.

The chief finance officer (CFO), currently filled by the Associate Superintendent for Business Services, shall manage the district's investment program and ensure compliance with the investment policy, designate eligible investment institutions, review periodic investment reports and monitor investment transactions.

The CFO will designate the cash manager under his/her supervision to administer the policy, place investments, maintain accounting records and prepare investment reports.

A list will be maintained of financial institutions authorized to provide investment and safekeeping services. In addition, a list will also be maintained of approved security broker/dealers selected by credit worthiness and other factors considered relevant by the district. These may include primary dealers or regional dealers that qualify under Securities and Exchange Commission (SEC) Rule 15C3-1 (uniform net capital rule).

Regional brokers and dealers must have an office in Pacific Northwest in order to be considered for doing business with the District. The District will limit all security purchases to institutions on the approved lists.

All financial institutions and broker/dealers who desire to become qualified for investment transactions must supply the following, as appropriate:

- a. Audited financial statements;
- b. Proof of National Association of Securities Dealers (NASD) certification;
- c. Proof of state registration;
- d. Completed broker/dealer questionnaire;
- e. Certification of having read and understood the District's investment policy;
- f. References from other Oregon local government clients.

A review of the financial condition and registration of qualified financial institutions and broker/dealers will be conducted by the CFO at least every five years. Additions and deletions to the list may be made at the discretion of the CFO.

The CFO, in cooperation with the Financial Reporting staff and the external auditor, will establish and maintain an adequate internal control structure designed to reasonably protect the investments of the district from loss, theft or misuse. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by the CFO.

The District shall comply with all required legal provisions and Generally Accepted Accounting Principles (GAAP) relating to investment accounting. The accounting principles are those contained in the pronouncements of authoritative bodies including but not necessarily limited to, the Governmental Accounting Standards Board (GASB); the American Institute of Certified Public Accountants (AICPA); and the Financial Accounting Standards Board (FASB).

Prior to sending funds to a broker/dealer for an investment purchase, the cash manager will require a trade ticket listing the details of the transaction. Securities may be held by the broker/dealer in the district's name in the broker/dealer's account or they may be held by a third-party safekeeping agent.

The purchase and sale of securities, repurchase agreement and guaranteed investment contract transactions shall be settled on a delivery versus payment basis in accordance with Oregon Revised Statute (ORS) 294.145(4) and (5). It is the intent of the district that all purchased securities shall be perfected in the name of the District.

Sufficient evidence to title shall be consistent with modern investment and commercial practices.

Cash management tools, defined as bank deposits, time deposits, certificates of deposit and savings accounts, shall be held in qualified Oregon depositories and collateralized in accordance with ORS Chapter 295.

ORS 294.035(3)(j) requires repurchase agreement collateral to be limited in maturity to three years and priced according to percentages prescribed by written policy of the Oregon Investment Council or the Oregon Short-Term Fund Board.

The cash manager shall prepare an investment report monthly including a management summary that provides an analysis of the status of the current investment portfolio and transactions made over the previous month. The report will be submitted to the CFO for review. This management summary will be prepared in a manner that will allow the CFO to ascertain whether investment activities during the reporting period have conformed to the investment policy. In addition, the cash manager will prepare a regular monthly board report. At a minimum, this report will include the following:

- 1) Listing of individual securities held at the end of the reporting period;
- 2) Average weighted yield to maturity of portfolio on investments as compared to applicable benchmark(s);
- 3) Listing of investments by maturity date, call date, cost and current fair value;
- 4) Percentage of total portfolio that each type of investment represents along with the percentages authorized in this policy.

The investment portfolio will be managed in accordance with the parameters specified within this policy. The appropriate benchmark will be the monthly yield for the LGIP. Because bond proceeds are expected to be invested at the time they are received, and are therefore invested in an interest rate environment that exists at that point in time, that portion of the portfolio will be excluded from ongoing benchmark performance measurement.

The market value of the portfolio shall be calculated at least annually and a statement of the market value of the portfolio shall be issued at fiscal year-end.

The CFO shall annually review the investment policy and submit the policy and revisions to the OSTF if required. The policy and any revisions shall be presented annually to the Board. The Board will approve all revisions to the policy ([Board Policy DFA](#)).

Depository of Funds – The Board will, at its annual organizational meeting or at other times deemed necessary by the Board, designate one or more banks which meet District, state and federal guidelines as official depositories for District funds ([Board Policy DG](#)).

Authorized Signatures - The Board will, at its annual organizational meeting or at other times deemed necessary by the Board, authorize the istrict clerk and/or deputy clerk or other individuals designated by the superintendent to sign District checks. The Board may authorize the use of facsimile signatures by those persons authorized to sign District checks ([Board Policy DGA](#)).

Loss Coverage - The Board and designated District employees are responsible to safeguard the District against loss regarding funds, fees, cash collections and inventory. The Board shall designate the District employees responsible as custodians of such items. The District shall purchase bond coverage or equivalent crime coverage in an amount determined by the Board, upon recommendation by the superintendent or designee. The District will pay the cost of such coverage ([Board Policy DH](#)).

Fiscal Accounting - Accounting procedures shall show a detailed and meaningful analysis of both receipts and expenditures. This analysis should be adequate for study and evaluation by the Board and school management and will serve as a basis to make financial and related educational decisions, to formulate future plans, to safeguard both the taxpayer and the school employee, and to ensure adequate financial accountability.

Payment on all District accounts, including the General Fund and special accounts, shall operate according to established accounting procedures.

All cash received is to be properly receipted. Money received shall be placed in deposit.

The superintendent or designee shall be the lawful custodial officers of all District funds and shall demand receipt for, and safely keep according to law, all bonds, mortgages, notes, monies, effects, books and papers belonging to the District. Funds may be commingled in the depository so long as they are budgeted and accounted for separately.

From time to time, funds may become available to the District prior to the time they are needed to offset current expenditures. The custodial officer shall forward all such receipts to the Local Government Investment Pool or other investment instrument as authorized by the District's investment policies. Funds that are not currently needed for the operation of the District will be invested with the interest from these funds being credited to the same account as that to which the invested funds revert ([Board Policy DI](#)).

Financial Reports and Statements - Appropriate staff member(s) will be available at any Board meeting, upon the Board's request, to respond to questions and to present current financial information. The superintendent will notify the Board at any time of substantial deviations in the anticipated revenues and/or expenditures.

The Board will receive monthly financial reports that include estimates of expenditures for the major general fund accounts in comparison to budget appropriations, actual receipts in comparison to budget estimates and the District's overall cash condition. Supplementary reports on other funds or accounts will be furnished upon request of the Board or superintendent.

The Board will receive a Annual Comprehensive Financial Report (ACFR) with the annual audit report presented by the District's authorized auditor ([Board Policy DIC](#)).

Fixed Asset Inventories - The District shall maintain a formalized program of accountability and controls over District fixed assets. The purpose of the inventory will be to satisfy financial and insurance reporting requirements to aid the administration of District fixed assets.

Fixed assets includes all District-owned property such as land, buildings, improvements to property other than buildings (i.e., parking lots, athletic fields, playgrounds, etc.) and equipment with a value greater than \$5,000 as defined by the *Program Budget and Accounting Manual*, published by the Oregon Department of Education.

The inventory shall be reviewed annually by the individual schools or departments.

The criteria for maintenance of a formalized inventory of fixed assets shall be maintained in the administrative regulations ([Board Policy DID](#)).

Audits - An audit of the accounts of the district shall be made annually by an independent firm of certified public accountants selected by the Board from the roster of municipal accountants maintained by the Oregon Board of Accountancy. The chief financial officer for business shall prepare a request for proposal (RFP) for audit services every three to five years. Every effort shall be made to seek proposals from qualified firms licensed to perform municipal audits in the state of Oregon.

The audit examination shall be conducted with standards as established by the Secretary of State.

A copy of the audit report will be presented to the Board. The superintendent will submit a copy of the audit report to the Oregon Department of Education and to the Oregon Secretary of State, Audit Division ([Board Policy DIE](#)).

District Purchasing - The function of District purchasing is to serve the educational program by providing the necessary goods, services and public improvements. The Board declares its intention to purchase competitively without prejudice and to seek maximum educational value for every dollar expended. Items commonly used by cost centers will be standardized whenever consistent with the educational goals and in the interest of efficiency or economy.

The position functioning as the chief financial officer is appointed by the superintendent to serve as purchasing agent. Throughout this policy, references to the chief financial officer shall refer to that position or its functional equivalent. This position will be responsible for developing and administering the District's purchasing program.

No obligation may be incurred by any officer or employee of the District unless that expenditure has been authorized in the budget or by board action and/or board policy. In all cases calling for the expenditure of District money, except payroll, a requisition and purchase order system must be used.

No purchase, with the exception of construction change directives, petty cash or credit card purchases, will be authorized unless covered by an approved purchase order. No bills will be approved for payment unless purchases were made on approved orders.

The superintendent or designee is authorized to enter into and approve payment on contracts obligating District funds not to exceed \$250,000 for products, materials, supplies, capital outlay and services that are within current budget appropriations. The superintendent or designee is authorized to obligate District funds without specific Board approval when the expenditures are routine and customary, including, but not limited to, state/municipal fees, payroll and utilities. The Board shall approve all contracts that are collective bargaining agreements or service contracts that include the provision of labor performed by District employees, such as custodial, food service and transportation services.

The chief financial officer or designee will review bills due and payable for the purchase of supplies and services to determine if they are within budget amounts. After appropriate administrative review, the chief financial officer or designee will direct

payment of the just claims against the District. The chief financial officer is responsible for the accuracy of all bills and vouchers.

No board member, officer, employee or agent of this District shall use or attempt to use their official position to obtain financial gain or for avoidance of financial detriment for themselves, a relative or member of household or for any business with which the board member, officer, employee, agent or a relative is associated.

Acceptance of any gratuities, financial or otherwise, from any supplier of materials or services to the District by any board member, officer or employee of the district is prohibited.

The superintendent shall develop administrative regulations necessary to implement this policy. Additional specific purchasing procedures are delineated in the District's *Purchasing Manual* which is updated periodically ([Board Policy DJ](#)).

Bidding Requirements - The board is the Local Contract Review Board (LCRB) for the district. The LCRB has not adopted its own rules of procurement. Consequently, the *Oregon Attorney General's Model Public Contracting Rules* shall apply to the district except as modified by adopted policy, resolution, rule or order.

Additionally, the superintendent or designee may include as part of the district's procedures and administrative regulations portions of the Oregon Department of Administrative Services administrative rules governing Public Contract Exemptions, OAR Chapter 125, Divisions 246 - 249.

The LCRB may make the written findings required by law for exemptions from competitive bidding. Such findings shall be maintained by the district and made available on request.

In situations of emergency, the LCRB authorizes the superintendent or designee to authorize an emergency procurement. Emergency contracts for construction services are not considered public improvement contracts and will be procured in accordance with OAR 137-049-0140 and OAR 137-049-0150.

The LCRB authorizes the superintendent or designee to determine whether goods or services are available from only one source. If such a determination is made, the district may award a contract without competition. To the extent reasonably practicable, the district shall negotiate with the sole source to obtain contract terms that are advantageous to the district. The determination of sole source must be based on written findings and may include:

- 1) That the efficient utilization of existing goods requires acquiring compatible goods or services;
- 2) That the goods or services required to exchange software or data with other public or private agencies are available from only one source;
- 3) That the goods or services are for use in a pilot or experimental project; or
- 4) Other findings that support the conclusion that the goods or services are available from only one source.

"Special procurement" means a contract or class of contracts that use a contracting procedure other than competitive sealed proposals, competitive sealed bidding, small procurement or intermediate procurement. Special procurements require LCRB approval and will be conducted in accordance with this policy and administrative regulation [DJC-AR](#).

Pursuant to OAR 137-047-0300(2)(b), the District may publish the advertisement for offers on the district's electronic procurement system (as selected by District staff) instead of publishing notice in a newspaper of general circulation as required by ORS 279B.055(4)(b).

The superintendent is authorized to develop administrative regulations and/or procedures to assist with the implementation of this policy and applicable procurement rules. Purchasing procedures are additionally specified in the District's purchasing manual, which may be updated as needed by the superintendent or designee ([Board Policy DJC](#)).

Personal Services Contracts - The District may enter into personal services contracts with qualified professionals as provided by Oregon Revised Statute (ORS) 279A.055.

“Personal services contracts,” as used in this policy, means contracts for specialized skills, knowledge and resources in the application of highly technical or scientific expertise or the exercise of professional, artistic or management discretion or judgment. The District may enter into a personal services contract with a current district employee only when the individual meets independent contractor status in accordance with state, Public Employees Retirement System (PERS) and Internal Revenue Service (IRS) requirements.

Selection of a personal services contractor will be based primarily on qualifications and performance history, expertise, knowledge and creativity and the ability to exercise sound professional judgment.

All personal services contracts shall be based on demonstrated qualifications and competence to perform the required services, encourage competition, discourage favoritism and obtain services at a fair and reasonable price.

The superintendent is authorized to develop administrative regulations modifying Oregon Administrative Rule (OAR) 137 Division 47 rules necessary to implement this policy, as appropriate ([Board Policy DJCA](#)).

Procurement Cards - The Board authorizes the superintendent to hold a bank procurement card in the name of the District and to issue such cards to designated employees. Approved cardholders will be held responsible for maintaining sole possession and security of issued cards at all times. The superintendent or designee shall determine the procurement card dollar authorization levels.

Procurement cards issued to employees may only be used to purchase items authorized by the adopted District budget.

The Business Office shall pay the procurement card balance in full no later than the due date so that finance charges will not be incurred.

Violation of the provisions of this policy may result in the revocation of the procurement card and/or discipline up to and including dismissal ([Board Policy DJFA](#)).

Employee Expenses - District employees who incur expenses in carrying out their authorized duties will be reimbursed upon submission of a properly completed and approved Employee Expense Statement and receipts as required by administrative regulation.

Such expenses may be incurred and approved as budgetary allocations permit.

Expenses for travel will be reimbursed when the travel has the approval of the superintendent (designee) in compliance with the District’s administrative regulations.

Persons who travel on District business will exercise prudent and economical expenditure of District funds and will differentiate between business expenditures and those for personal convenience.

The Board authorizes the superintendent to establish regulations for reimbursement of all employee in-district and out-of-district travel expenses, as well as guidelines for special event expenses.

Specific employee expense information is delineated in the District's *Purchasing Manual*, which is updated periodically ([Board Policy DLC](#)).

Disposal of District Property - The District may, at any time, declare district property as surplus and authorize its disposal when such property is no longer useful to the District, unsuitable for use, too costly to repair or obsolete. With the exception of real property, authority is delegated to the superintendent or designee to declare as surplus and dispose of district property, including but not limited to equipment, furniture and other items.

Efforts will be made to find other uses for items declared surplus. Items that are still usable, but no longer of use in the district, may be disposed of through approved state agencies or through other means of disposal where other organizations or the public have the ability to acquire surplus items.

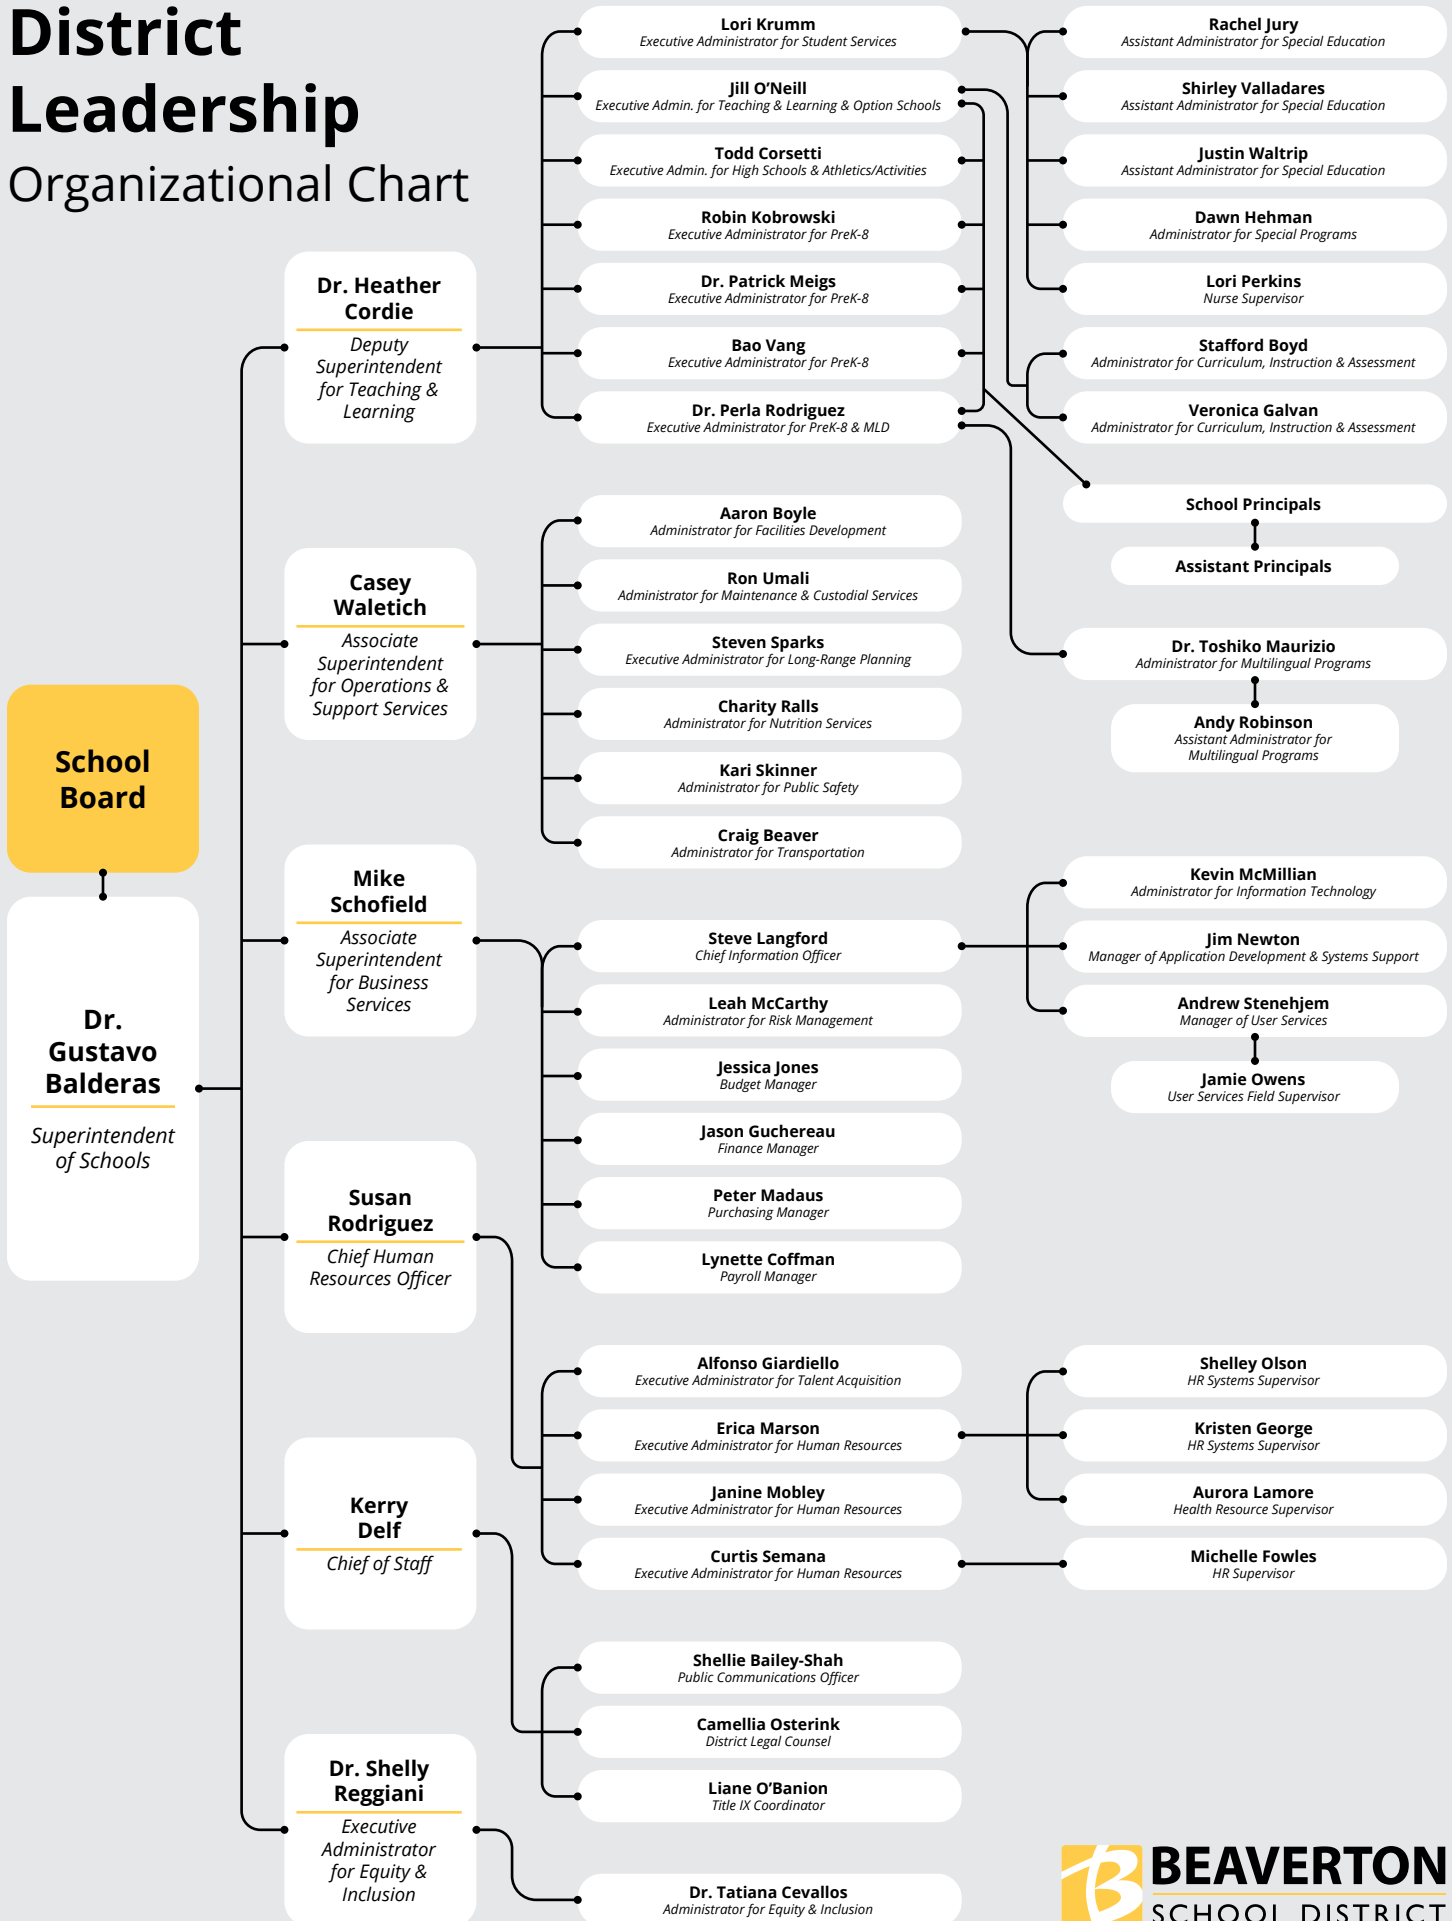

The monies generated by sale or disposal of items are returned to the General Fund. If the district property was purchased with state, federal or private grant funds, disposal of the property shall be made as outlined in the grant or by state or federal regulations.

Specific information related to disposal of district property is delineated in the District's *Purchasing Manual* which is updated periodically ([Board Policy DN](#)).

BEAVERTON SCHOOL DISTRICT

SCHOOL BOARD

2025

MEMBERS & ASSIGNMENTS

The Beaverton School Board has seven elected community members who serve four-year terms. They are volunteers. Though candidates are nominated from the Board Zone in which they live, voters in the district elect members at-large. Each board member has several school assignments that may or may not be in their zone.

ZONE 1

Susan Greenberg

Term Expires: 6/30/2025

School Assignments

- Fir Grove
- Greenway
- McKay
- Montclair
- Vose
- Conestoga
- Whitford
- Southridge

ZONE 2

Dr. Karen Pérez

Board Chair

Term Expires: 6/30/2025

School Assignments

- Bethany
- Oak Hills
- Rock Creek
- Sato
- Springville
- Stoller
- Westview
- Early College High School

ZONE 3

Dr. Melissa Potter

Term Expires: 6/30/2027

School Assignments

- Bonny Slope
- Cedar Mill
- Findley
- Jacob Wismer
- West Tualatin View
- Meadow Park
- Tumwater
- Sunset
- Terra Nova

ZONE 4

Sunita Garg

Term Expires: 6/30/2025

School Assignments

- Aloha-Huber Park K-8
- Chehalem
- Errol Hassell
- Hazeldale
- Kinnaman
- International School of Beaverton (ISB)
- Mountain View
- Aloha

ZONE 5

Ugonna Enyinnaya

Term Expires: 6/30/2025

School Assignments

- Beaver Acres
- Elmonica
- McKinley
- Terra Linda
- Five Oaks
- Beaverton Academy of Science & Engineering (BASE)
- Community Transition Program (CPT)
- Community School at Merlo Station Campus

ZONE 6

Justice Rajee

Board Vice-Chair

Term Expires: 6/30/2027

School Assignments

- Cooper Mountain
- Hiteon
- Nancy Ryles
- Scholls Heights
- Sexton Mountain
- Highland Park
- Mountainside
- FLEX Online

ZONE 7

Dr. Tammy Carpenter

Term Expires: 6/30/2027

School Assignments

- Barnes
- Raleigh Hills
- Raleigh Park
- Ridgewood
- William Walker
- Cedar Park
- Arts & Communication Magnet Academy (ACMA)
- Beaverton

FINANCIAL OVERVIEW

The Financial Section contains detailed information on Beaverton School District revenues and expenditures in the 2025-26 budget. The initial part of this section is a summary for all funds. The remaining portion of this section includes more detail with narratives and financial reports for revenues and expenditures by fund.

Classification Structure

The primary elements used to classify revenues and expenditures are fund, function and object. Funds represent the highest level of the classification structure. Functions are group-related activities aimed at accomplishing a major service. The seven major categories are Instruction, Support Services, Enterprise & Community Services, Facilities Acquisition & Construction, Long-Term Debt Service, Transfers and Contingency (Other Uses of Funds). Under Oregon Budget Law, budgets are appropriated (adopted) at these levels. Objects are used to describe the type of goods or service and are broken down into eight categories: Salaries, Associated Payroll Costs, Purchased Services, Supplies & Materials, Capital Outlay, Other Expenses, Transfers and Contingency. As shown in the chart below, these elements can be viewed as a pyramid with fund being the top level and object being the lowest level of detail. This pyramid approach is reflected in all the financial reports that follow.

All Funds Revenue

The 2025-26 revenue budget includes federal, state, intermediate and local sources. Other sources include interfund transfers and beginning fund balance.

In 2025-26, proposed revenue for all funds totals \$1.7 billion, a decrease of \$158.0 million or 8.7% compared to the 2024-25 adopted budget. This decrease in all revenue is primarily due to the decrease in Bond Proceeds in the Capital Projects Fund as the capacity was removed for the second and final bond sale for the 2022 capital bond program. This sale is planned to occur in May 2025.

The primary source of revenue for all funds in 2025-26 is Other Sources at \$741.7 million or 44.6% of all sources. The largest portion of the other sources remains in the Capital Projects Fund due to the 2022 capital bond beginning fund balance and anticipated bond sale in the spring of 2025. This is followed by State Sources totaling \$451.4 million or 27.1% of all sources. The third highest source of revenue totaling \$390.9 million or 23.5% is Local Revenue (property taxes). Together, State, Local and Other Sources comprise \$1.6 billion or 95.2% of all sources.

All Funds Expenditure

The 2025-26 proposed budget expenditures for all funds have decreased by \$158.0 million or 8.7% when compared to the 2024-25 adopted budget.

Expenditures in the following graph are categorized by object. Capital Outlay is the largest budget category at \$452.4 million or 27.2% of all funds. This is primarily due to the additional capacity from the anticipated second and final bond sale for the 2022 capital bond measure planned for the late spring 2025. Salaries are the second largest budget category at \$411.5 million or 24.7% of all funds. Associated Payroll Costs is the third largest component of the expenditure budget at \$258.2 million or 15.5%. These three areas account for \$1.1 billion or 67.4% of the budget.

OPERATING FUNDS

For the purposes of regular District operations, the following funds are considered to be operating funds:

- General Fund (100)
- Student Body & Special Purpose Fund (220)
- Grant Fund (270)
- Nutrition Services Fund (290)

Together, these funds total \$940.2 million and make up 56.9% of the District’s total budget.

INTERFUND TRANSFERS

Below is a summary of interfund transfers for the current budget year and the prior budget year. Transfers are generally consistent from year to year, however in proposed 2025-26 year, there are funding source changes for investments in classroom furniture and technology replacements which reduced the needs for General Fund transfers. In addition, the transfer from the General Fund to the Debt Service Fund was shifted and is now included in the Capital Projects Fund to the Debt Service Fund transfer.

	2024-25		2025-26	
	Transfers In	Transfers Out	Transfers In	Transfers Out
General Fund	\$ -	\$ 6,136,854	\$ -	\$ 2,900,000
Special Purpose Fund	19,000	15,000	19,000	15,000
Categorical Fund	2,410,000	133,885	400,000	129,161
Scholarship Fund	15,000	15,000	15,000	15,000
Nutrition Services Fund	-	4,000	-	4,000
Debt Service Fund	2,063,704	-	2,063,903	-
Capital Projects Fund	-	1,202,965	-	1,934,742
Insurance Reserve Fund	3,000,000	-	2,500,000	-
	\$ 7,507,704	\$ 7,507,704	\$ 4,997,903	\$ 4,997,903

FUND BALANCES

Oregon Budget Law requires a balanced budget where total resources equal total expenditures, therefore no ending fund balance is budgeted in 2024-25 or 2025-26. The ending fund balances by fund are listed in the following table for the last three years.

Significant changes that can be noted below are an increase in the General Fund ending fund balance over the last three years due to staffing shortages and increased SSF per pupil allocations during the 2022-23 and 2023-24 school years. The ending fund balance in the Long-Term Planning Fund continues to increase each year as the District continues to work towards the five percent reserve required by School Board Policy. The decrease in the Capital Projects Fund in 2023-24 is due to spend down of the initial bond sale for the 2022 Capital Bond measure. The final bond sale is planned for the 2024-25 fiscal year. The increases seen in the Insurance Reserve Fund are due to lower claims in 2022-23 and 2023-24. Adjustments have been made within the Insurance Reserve Fund to spend down the fund balance over the following three years.

		Ending Fund Balance		
		2021-22	2022-23	2023-24
100	General Fund	\$ 109,645,221	\$ 138,652,119	\$ 164,436,027
220	Student Body and Special Purpose Fund	5,052,084	5,602,145	5,549,386
240	Categorical Fund	4,564,663	3,324,312	5,074,060
260	Scholarship Fund	453,416	448,000	461,167
270	Grant Fund	-	-	-
280	Long-Term Planning Fund	10,128,224	17,162,668	24,651,224
290	Nutrition Services Fund	5,479,319	5,930,480	5,157,964
300	Debt Service Fund	7,047,071	9,797,926	8,808,603

EXPENDITURE VARIANCE ANALYSIS

GENERAL FUND (100) - OBJECT VARIANCE

OBJECT	DESCRIPTION	VARIANCE FROM 2024-25 BUDGET	VARIANCE EXPLANATION
0200	Associated Payroll Costs	\$ 25,517,919	Increase is primarily due to increased PERS costs for the 2025-27 biennium, as well as increased associated payroll costs related to negotiated contracts, including health insurance.
0400	Supplies & Materials	4,073,617	Increase in supplies and materials is due to the purchase of teacher laptops from a new lease with Apple.
0700	Transfers	(3,236,854)	The decrease in transfers is due to the shifting of funding sources for the classroom technology, classroom furniture and debt service to the Capital Projects Fund. Previously these transfers were made from General Fund to the Equipment Replacement Fund and the Debt Service Fund.

For the General Fund by object, variances greater than \$500,000 and 10% are listed above.

GENERAL FUND (100) - FUNCTION VARIANCE

FUNCTION	DESCRIPTION	VARIANCE FROM 2024-25 BUDGET	VARIANCE EXPLANATION
5200	Transfers of Funds	\$ (3,236,854)	The decrease in transfers is due to the shifting of funding sources for the classroom technology, classroom furniture and debt service to the Capital Projects Fund. Previously these transfers were made from General Fund to the Equipment Replacement Fund and the Debt Service Fund.

For the General Fund by function, variances greater than \$500,000 and 10% are listed above.

STUDENT BODY & SPECIAL PURPOSE FUND (220)

FUNCTION	DESCRIPTION	VARIANCE FROM 2024-25 BUDGET	VARIANCE EXPLANATION
2000	Support Services	\$ 140,750	This fund, in addition to student body funds, contains small grants and contributions. The increase due to added capacity to recognize the consistent use of professional curriculum development within the fund with these grants and contributions.

For Student Body & Special Purpose Fund, variances greater than \$100,000 and 10% are listed above.

EQUIPMENT REPLACEMENT FUND (240) - FUNCTION VARIANCE

FUNCTION	DESCRIPTION	VARIANCE FROM 2024-25 BUDGET	VARIANCE EXPLANATION
1000	Instruction	\$ (250,000)	Decrease is related to the change in funding source of the classroom technology and classroom furniture investments to the Capital Projects Fund.
2000	Support Services	(1,488,749)	

For Categorical Fund, variances greater than \$100,000 and 10% are listed above.

GRANT FUND (270) - FUNCTION VARIANCE

FUNCTION	DESCRIPTION	VARIANCE FROM 2024-25 BUDGET	VARIANCE EXPLANATION
1000	Instruction	\$ (9,164,378)	The decreases in the Grant Fund are due to the end of the ESSER III grant in September of 2024.
2000	Support Services	(6,097,143)	

For Grant Fund, variances greater than \$500,000 and 10% are listed above.

LONG-TERM PLANNING FUND (280) - FUNCTION VARIANCE

FUNCTION	DESCRIPTION	VARIANCE FROM 2024-25 BUDGET	VARIANCE EXPLANATION
6000	Contingencies	\$ 9,050,000	Increase for PERS reserve services provided to other funds revenue. The PERS reserve is a charge against eligible salaries.

For Long-Term Planning Fund, variances greater than \$100,000 and 20% are listed above.

DEBT SERVICE FUND (300)

FUNCTION	DESCRIPTION	VARIANCE FROM 2024-25 BUDGET	VARIANCE EXPLANATION
5100	Long-Term Debt Service	\$ 6,074,689	Increase in debt service payments is primarily due to the anticipated issuance of General Obligation bonds in May 2025.

For Debt Service Fund, variances greater than \$1,000,000 and 5% are listed above.

CAPITAL PROJECTS FUND (400) - FUNCTION VARIANCE

FUNCTION	DESCRIPTION	VARIANCE FROM 2024-25 BUDGET	VARIANCE EXPLANATION
1000	Instruction	\$ 5,400,000	Increase in Instruction is due to the change of funding source for the classroom technology and classroom furniture investments from the Equipment Replacement Fund to the Capital Projects Fund, as well as the secondary literacy curriculum adoption.
2000	Support Services	(2,112,799)	Decrease is due to removal of the bond sale administration costs for the final bond sale related to the 2022 Capital Bond measure which is planned to occur in May 2025.
4000	Facilities Acquisition & Construction	(206,368,978)	Variance is due to the spend down of the 2022 capital construction bond.
5200	Transfers of Funds	731,777	Increase in Transfers is due to a transfer from Construction Excise Tax revenue to the Debt Service Fund.

For Capital Projects Fund, variances greater than \$500,000 or 10% are listed above.

INSURANCE RESERVE FUND (611) - FUNCTION VARIANCE

FUNCTION	DESCRIPTION	VARIANCE FROM 2024-25 BUDGET	VARIANCE EXPLANATION
2000	Support Services	\$ (2,405,638)	The 2024-25 budget was increased due to unemployment expenses related to SB 489. Expenses related to this senate bill were significantly less than expected, which is represented by the decrease in budget in 2025-26.
4000	Facilities Acquisition & Construction	(60,308)	Reduced unused budget in Facilities Acquisition & Construction.

For Insurance Reserve Fund, variances greater than \$500,000 or 10% are listed above.

WORKERS' COMPENSATION FUND - FUNCTION VARIANCE

FUNCTION	DESCRIPTION	VARIANCE FROM 2024-25 BUDGET	VARIANCE EXPLANATION
6000	Contingencies	\$ 246,009	Increase in contingency is due to less claim expenses recent years. The District has been analyzing claim information along with revenue information to spend down the fund balance over the next few years.

For Workers' Compensation Fund, variances greater than \$500,000 or 10% are listed above.

General Fund (100)

GENERAL FUND OVERVIEW

The General Fund budgets for most operating activities of the District, except for those activities required to be accounted for in another fund.

Revenue - The State School Fund Grant general purpose and transportation grants are the principal revenue sources of the General Fund totaling 87.5% of total revenue, excluding beginning fund balance. The State School Fund Grant is apportioned to schools through the general purpose grant, a facility grant, a transportation grant and a high cost disabilities grant. Approximately 95.5% of the grant is allocated to school districts and the remainder is allocated to Education Service Districts (ESD). All grants except the facility grant and a portion of the transportation grant are accounted for in the General Fund. Districts may apply for facility grant funds when construction adds square footage to school buildings. The portion of the transportation grant related to the depreciation of transportation related capital assets is accounted for in the Categorical Fund, along with the facility grant funds

The state grant apportionment is less the local revenue. Local revenue includes general operating property taxes, county and common school funds. Local property taxes account for 75.6% of the local revenue. The general purpose grant is allocated through a weighted average daily membership (ADMw) formula. The transportation grant is paid at seventy percent of the District's allowable General Fund transportation costs. Each December, all school districts

within the state are required to estimate for the following year the components of the grant such as ADMw, local property taxes, transportation costs, and the cost of students with an individual education plan (IEP) with a cost per student over \$30,000.

The District receives estimated payments starting in July and ending in May. The general purpose and transportation portion of the grant is reconciled in the month of May in the next fiscal year after districts file student enrollment data and final annual financial reports. The high cost disability grant is a shared grant based on the District's proportion of the

funds claimed and is approximately 0.4% of General Fund revenue. The District receives an estimated payment for the current year in May and a final settlement the following May.

The local option tax levy is a voter approved levy that allows the District to collect taxes outside the constitutional tax limitation. The length of the approval is limited to five years. District voters passed a local option levy in 2013 for reduced class size. Funds from this levy can only be spent on classroom teachers. Voters renewed the levy in 2018 and again in 2022 for an additional five years at \$1.25/\$1,000 of assessed value of property. This resource accounts for 7.0% of the General Fund revenue, excluding beginning fund balance. The five-year renewal of the local option levy expires at June 30, 2028. The remainder of the General Fund revenue includes earning on investments, the portion of District's ESD allocation not used for services, athletic pay-to-play and gate fees, other state and local sources, and beginning fund balance.

Expenditures - Salaries and benefits account for approximately 89.2% of the General Fund expenditures, excluding contingency. General Fund budgeted positions is outlined on the following page. Board policy requires a 5% contingency. Due to increased reserves because of the increased SSF per pupil allocations, reserve build ups from the COVID-19 pandemic and staffing shortages, the contingency for 2025-26 is 16.4%. The District also includes a transfer from the General Fund to the Insurance Reserve Fund and Equipment Replacement Fund, which makes up 0.5% of the total General Fund budget, excluding contingency. The remaining amount is mostly budgeted within Purchased Services and Supplies & Materials.

*Student Body &
Special Purpose Fund (220)*

STUDENT BODY & SPECIAL PURPOSE FUND OVERVIEW

The Student Body & Special Purpose Fund accounts for the District's individual school activity programs, including student body funds and department donations.

Revenue – The primary revenue source for the Student Body & Special Purpose fund is participation fees, contributions and donations, and fund-raising activities. Overall, the revenue is generally similar from year to year. Approximately 43.4% of the total 2025-26 revenue is from local sources, including 14.7% of the local sources from donations and 28.7% from fees. The remaining 41.2% of the total budgeted revenue is beginning fund balance.

Expenditures – The majority of expenditures within the Student Body & Special Purpose Fund are in the areas of purchased services and supplies and materials with 44.6% of the 2023-24 actual expenditures being in this area and making up 80.7% of the 2025-26 budget.

*Equipment Replacement
Fund (240)*

EQUIPMENT REPLACEMENT FUND OVERVIEW

The Equipment Replacement Fund accounts for resources reserved for expenditures on classroom supplies and equipment, capital improvements and replacements, classroom programs, and to supplement existing resources available for students. On July 1, 2021, a transfer into the Equipment Replacement Fund from the Long-Term Planning Fund (280) occurred. This transaction transferred all the equipment replacement reserves from the Long-Term Planning Fund to the Equipment Replacement Fund, including Chromebook replacement fees and school bus replacement funds. The Long-Term Planning Fund now only includes financial reserves.

Revenue – The four main sources of revenue for the Equipment Replacement Fund are Senate Bill 1149 (SB1149) contributions, Chromebook replacement fees, State School Fund transportation grant and a transfer from the General Fund. The District is reimbursed at a rate of 70% of eligible transportation costs by the State School Fund. The portion attributable to depreciation of school buses is included in this fund for bus replacement. The District has budgeted a \$400,000 transfer from the General Fund for future replacements of the Maintenance Department vehicles.

Expenditures – The capital outlay expenditures have remained consistent over the past several years as the District uses the SB1149 contributions to install energy efficient equipment and electrical fixtures with these funds. Most of these expenses are considered capital improvements or meet the capital asset criteria individually.

Beginning July 1, 2021, this fund also contains the equipment replacement funds which includes Chromebook replacement fees and school bus replacement funds. The inclusion of bus replacements in this fund has significantly increased the anticipated expenses in capital outlay. In the 2025-26 year, the Supplies & Materials budget shows a large decrease, as the investments for classroom technology and classroom furniture replacements at \$1.0 million each were moved to the Capital Projects Fund.

Scholarship Fund (260)

SCHOLARSHIP FUND OVERVIEW

The Scholarship Fund accounts for fund-raising and scholarship resources received and held by the District in a fiduciary capacity. Disbursements from this fund are made in accordance with the trust and fund-raising agreements.

The principal revenue source for this fund is contributions and donations. Contributions and donations make up approximately 13.6% of the total revenue in the Scholarship Fund with the largest resource being the beginning fund balance at 81.9%.

Overall, the revenue within this fund is consistent from year to year with slight fluctuations in the fund-raising and donations to the scholarships.

Expenditures – The expenditures in the Scholarship Fund are generally tuition payments to institutions after a scholarship has been awarded to a Beaverton School District senior. These expenditures may fluctuate from year-to-year based on a variety of reasons, such as the applications and the trust and fund-raising agreements.

Grant Fund (270)

GRANT FUND OVERVIEW

The Grant Fund accounts for revenues and expenditures of grants restricted for specific educational projects. This fund includes all initiatives included in the ODE Aligning for Student Success Integrated Guidance, as well as the Elementary and Secondary School Emergency Relief (ESSER) grant which ended in September 2024. The Grant Fund, overall, has been declining over the last few years as the ESSER funds were spent down. The significant grants included in the Aligning for Student Success Integrated Guidance for the District are the Student Investment Account (SIA) and High School Success (HSS) grants. Additionally, Federal programs such as Title IA, Title IIA, Title III and IDEA are included in this fund.

Revenue – Principal revenue sources for the Grant Fund are federal, state and local grants. For a few years during the pandemic relief funds provided by ESSER, the Federal sources were the most significant source of revenue in the Grant Fund. Beginning in the 2024-25 school year, State Sources has returned to providing the largest amount of resources with the Grant Fund as ESSER ended. State sources make up 58.2% of the total Grant Fund revenue, while federal sources make up 39.7% of the total Grant Fund in 2025-26. SIA and High School Success (HSS) funds are included within State Sources.

The remaining 2.0% of the Grant Fund budget is from local and intermediate sources, the majority of which are grants from the Beaverton Education Foundation (BEF).

Expenditures – Approximately 56.4% of the Grant Fund budget is accounted for in salaries and benefits. The majority of the SIA and HSS budgets are allocated in positions. Following the salaries and benefit budget, the next largest areas are capital outlay at 23.9%, purchased services at 11.5% and supplies and materials at 5.8%. Capital outlay has made a large increase since 2023-24 due to an approximately \$19.8 million EPA award for electric school buses which will be spent over the 2024-25 and 2025-26 fiscal years. The remainder of the capital outlay category includes capacity for seismic grants through the state, as well as CTE building improvements through HSS. The decrease in capital outlay from the 2024-25 budget to the 2025-26 budget is primarily due to the spending of an \$8.0 million matching grant through the Oregon School Capital Improvement Matching (OSCIM) program in the 2024-25 fiscal year, which the District was awarded with the passage of the 2022 capital bond measure. Expenditures in the Grant Fund must follow the requirements of each individual grant. Overall, these areas do not shift significantly from year to year.

Long-Term Planning Fund (280)

LONG-TERM PLANNING FUND OVERVIEW

This fund previously accounted for capital equipment replacements and reserves to address adverse economic conditions. On July 1, 2021, the capital equipment replacement portion of this fund was transferred to the Equipment Replacement Fund (240) and the Long-Term Planning Fund now contains only financial reserves.

Revenue – The revenue sources for the Long-Term Planning Fund are services provided other funds and beginning fund balance. Services provided other funds revenue is made up of a percentage of payroll costs related to PERS rates. As rates are expected to increase again in future biennia, the District will have reserves in this fund to help remedy the increased costs related to PERS when this occurs.

The largest portion of the Long-Term Planning Fund revenues is beginning fund balance. The current Board policy requires that the District maintain a 5% contingency in the General Fund and maintain an additional Financial Reserve of 5% of the total revenue within the Long-Term Planning Fund. After a large transfer to the General Fund in 2019-20, the District is working towards rebuilding the reserves and anticipates meeting the board policy by the end of 2025-26.

Expenditures – As this fund is meant for long-term planning and now only contains financial reserves, there are no budgeted expenditures in this fund. All budget is held in the contingency and not intended to be spent in the 2025-26 year.

Nutrition Services Fund (290)

NUTRITION SERVICES FUND OVERVIEW

The Nutrition Services Fund accounts for revenues and expenditures for the food dispensing programs.

Revenue - Principal revenue sources for this fund are sales of food and subsidies under the National School Lunch and Breakfast programs passed through the State of Oregon from the United States Department of Agriculture. Approximately 50.4% of all revenue in the Nutrition Services Fund are from federal sources, followed by 24.3% in state sources and 22.5% of all resources being from beginning fund balance. Revenue from the sale of meals has decreased significantly from 2023-24 to 2025-26 due to the transition of all schools to the Community Eligibility Provision (CEP), which provides free meals to all students in those schools. This was done over a two year period.

While the revenue in the Nutrition Services Fund had been stable pre-pandemic, post-pandemic there have been several adjustments. Revenue in 2021-22 was particularly low in daily meal sales and state sources due to the USDA waivers allowing free meals for all students. This rebounded to more typical revenue in 2022-23 and 2023-24, however with the District's addition of all schools to CEP 2023-24 and 2024-25 years, the daily sales has again declined in 2024-25 and the upcoming 2025-26 year. State sources has increased due to this change in meal eligibility.

Expenditures – The largest area of expenditures in the Nutrition Services Fund is supplies & materials at 49.7%, which accounts for all food purchases. The next largest expenditure category is in salaries & benefits at 47.0%. Over the past several years, these amounts have had little fluctuation with the exception of contractual salary and benefit increases and increased costs for food purchases due to supply chain issues and meal participation as the District moved to a CEP district.

Debt Service Fund (300)

DEBT SERVICE FUND OVERVIEW

The Debt Service Fund provides for the payment of principal and interest on long-term debt including General Obligation (GO) bonds, Public Employees Retirement System Unfunded Actuarial Liability (PERS UAL) pension obligation bonds, and the Full Faith and Credit Obligation (FFCO) bonds.

Beaverton School District debt service payments are funded by voter approved taxes imposed on local property, payments made directly from the District's General Fund, Construction Excise Taxes (CET) and through a deduction in the monthly State School Fund payment from the state of Oregon.

The bulk of the District's debt service consists of GO bonds paid with revenues generated through voter approved tax measures. ORS 328.245 establishes a parameter of bonded indebtedness for school districts. Aggregates are governed by real market value of all taxable properties within the District based on the following: 1) For each grade from kindergarten to 8th for which the District operates schools, fifty-five one-hundredths of one percent (.0055) of the real market value. 2) For each grade from 9th to 12th for which the District operates schools, seventy-five one-hundredths of one percent (.0075) of the real market value.

The legal debt margin for Fiscal Year 2024 is:

Real Market Value	\$74,876,945,440
Debt Limit (7.95% of RMV)	\$5,952,717,162
Debt Applicable to Limit	\$921,574,000
Legal Debt Margin	\$5,031,143,162
Debt as Percentage of Debt Limit	15.48%

The second largest portion of the District's debt service consists of the District's UAL Bonds. In 2005 the District participated in a state sponsored funding of the District's UAL under Oregon PERS. Funding to meet the 2005 UAL Bonds debt service requirements is deducted from State School Fund payments made to the District. In February 2015, the District issued additional UAL Bonds. The 2015 UAL Bonds are not deducted from the State School Fund payments but paid directly by the District. In both cases, the net impact is a reduction in the funding available in the General Fund. However, the District would have to pay a significantly higher PERS rate on its payroll expense in lieu of participating in the UAL Bonds.

The District also has debt service for FFCO. In April 2016, the District refunded the majority of the FFCO entered into in 2009. Debt service payments consist of the remaining 2016 FFCO and extend until 2036. FFCO debt service requirements are paid from the proceeds of CET and a transfer from the General Fund. Debt service requirements will remain at about the \$1.34 million level through the remainder of the life of the obligations.

In November 2021 the District issued \$16.2 million additional FFCO bonds for the purchase of a building. The debt service requirement is paid from the General Fund with final maturity in 2036.

Capital Projects Fund (400)

CAPITAL PROJECTS FUND OVERVIEW

The Capital Projects Fund accounts for activities related to the acquisition, construction and equipping of facilities. This fund includes the 2022 bond program proceeds and related expenditures.

The principal revenue sources are beginning fund balance, construction excise tax and interest earnings. The 2022-23 year was the first year of the \$723 million bond measure passed by voters in May 2022. As such, the overall beginning fund balance in this fund has increased significantly with the sale of new bonds in summer 2022.

2025-26 CAPITAL PROJECTS FUND REVENUE

(in millions)

In the 2024-25, the second and final bond sale related to the 2022 bond program is planned for spring 2025. This bond sale will come into the 2025-26 fiscal year as beginning fund balance, which represents 97.1% of the 2025-26 total resources.

Expenditures – Major expenditure categories in the Capital Projects Fund are capital outlay at 79.6%, purchased services at 12.6% and supplies and materials at 6.1% of the total budget. As noted in

revenue above, the expenditures also have increased over the last three years due to the May 2022 bond measure and will continue to increase through 2025-26, as the Beaverton High School and Raleigh Hills Elementary replacement projects are in full swing with opening dates in the fall of 2027.

District Construction in Progress (CIP)

At June 30, 2024, the Beaverton School District had \$82,980,919 in CIP. CIP is comprised of capital projects that are less than 95% complete at year end. Once a project is at least 95% complete, it is moved out of CIP and categorized in the proper capital asset classification and depreciation begins.

	Construction in Progress
Balance at July 1, 2023	\$ 56,661,526
Additions	60,909,043
Reductions	(34,589,650)
Balance at June 30, 2024	\$ 82,980,919

The five projects listed to the left make up 54.7% of the total June 30, 2024 CIP balance. The Beaverton High School and Raleigh Hills projects are expected to increase significantly in the next year.

The following District Capital Improvement Plan is based on the \$723 million bond measure that was passed by voters in the May 2022 election.

The June 30, 2024 CIP balance is made up of:

Project - Beaverton HS Replacement	\$ 28,427,962
Project - Five Oaks Seismic Upgrade	5,797,118
Project - Southridge HS HVAC Upgrade	4,649,683
Project - Raleigh Hills Conceptual Design	3,601,635
Project - Mountain View MS Seismic Upgrade	2,918,165
Other Various Projects	37,586,357
	<u>\$ 82,980,919</u>

District Capital Improvement Plan

The 2021, the Beaverton School District Long Range Facilities Plan was used as the guiding document in preparing the 2022 Capital Construction Bond. All district facilities were evaluated and subjected to a needs-based screening process to develop the final list of projects that was approved by the Beaverton School District Board of Directors.

The 2022 Capital Construction Bond is a 6-year program funded by a \$723 million general obligation bond authorized by the voters in May of 2022. Investments were grouped into 6 major categories: Seismic Upgrades, Deferred Maintenance, Modernization, Additional Capacity, Technology, and Security/Other Equipment. This bond program addresses needs that were projected past the completion of the 2014 bond. Execution of the 2022 Bond program began in the 2022-23 budget year.

Modernization and repair work constitutes 55% of the Capital Plan funding and includes the replacement of Beaverton High School, Raleigh Hills Elementary School, and the Allen Street Transportation Facility. The Modernization category also includes investments in all schools constructed prior to 2014. This will help establish a new baseline for standards across the District.

Seismic upgrade projects will be completed at six middle schools: Five Oaks, Mountain View, Meadow Park, Cedar Park, Whitford, and Highland Park. Seismic investments have been planned so that all schools have a reduced seismic risk by 2032. The 2022 bond includes the schools with the highest seismic risk that will not be replaced in a potential 2028 bond. Beaverton High School and Raleigh Hills Elementary School are two of the worst performing schools seismically and therefore, are included for replacement. Some portion of potential savings from the 2022 bond will go to additional seismic improvements.

Deferred Maintenance projects were identified through the Facilities Condition Assessment process. This is a database containing the description, condition, estimated remaining life, and estimated replacement cost of all district facility assets. This database allows us to sort and prioritize projects to best understand where to make investments.

Impact of Capital Investments on Operating Budget

The 2022 Capital Bond has a major impact on the operating budget. With an aging building inventory, it is necessary to construct improvements to various end-of-life assets annually. Two of the largest ongoing replacement needs are roofs and HVAC systems. These are also two of the costliest systems to replace. In the absence of a capital construction bond, these would become General Fund expenses. For each of the planned projects below, the projected impact on the operating budget will be summarized. There are many smaller projects not listed below. These are mostly deferred maintenance and modernization projects. These projects typically reduce operating budget expenditures because they replace old and inefficient systems and materials with new ones.

First Year (2022-23) Capital Budget

The first bond sale for the \$723M Capital Construction bond supported the capital work planned in 2022-23. The following projects were completed during the first year of the bond program:

- Sato Elementary Classroom Addition
 - Budget: \$2,864,804
 - Scope: Add 4 classrooms and support spaces to the school.

- Status: Project Complete
 - Operating Budget Impact: This project added square footage to the building, increasing operating expenses.
- Five Oaks Middle School Roof/Seismic Upgrade
 - Budget: \$13,277,055
 - Scope: Seismic upgrade & roof replacement.
 - Status: Project Complete
 - Operating Budget Impact: The seismic project has no effect (other than potentially avoiding some repair costs after an earthquake). The roof replacement and other deferred maintenance items will reduce the operating expenditures for the building.
- Aloha High School Office Relocation
 - Budget: \$6,985,000
 - Scope: Construct new front office with secure entrance, remodel existing office space.
 - Status: Project Complete
 - Operating Budget Impact: This project added square footage to the building, increasing operating expenses.
- Sunset High School Track Replacement
 - Budget: \$2,455,640
 - Scope: Replace subsurface and track surface of the existing track.
 - Status: Project Complete
 - Operating Budget Impact: This project replaced a failing track. This means the operating expenditure of replacement and makes the track safer.
- Baseline Technology Modernization
 - Budget: \$3,649,734
 - Scope: Develop and implement a baseline audio/visual technology standard for all classrooms in the district. This involved installing TV's, speakers, and peripherals.
 - Status: Project Complete
 - Operating Budget Impact: This project added a large number of televisions throughout the district. The eventual replacement of these TV's will need to be budgeted for.

Second Year (2023-24) Capital Budget

The following projects were planned and completed or are still in process:

- Beaverton High School Replacement Project
 - Budget: \$253,630,000
 - Scope: Construct new Beaverton High School, demolish old building, construct site improvements.
 - Status: Under Construction, will be completed fall 2027.
 - Operating Budget Impact: This project will both positively and negatively impact the operating budget. The new building will be larger and require more effort to clean. However, replacement of the 100-year-old building will mean avoiding significant costs to maintain the facility. The systems and materials in the new building will be much more efficient, but they will also be larger.
- Raleigh Hills Elementary Replacement Project
 - Budget: \$65,983,222
 - Scope: Tear down and rebuild Raleigh Hills Elementary School.
 - Status: Under Construction, will be completed spring 2026.

- Operating Budget Impact: This project will both positively and negatively impact the operating budget. The new building will be larger and require more effort to clean. However, replacement of the 100-year-old building will mean avoiding significant costs to maintain the facility. The systems and materials in the new building will be much more efficient, but they will also be larger.
- Stoller Middle School Gym/Classroom Addition
 - Budget: \$12,211,054
 - Scope: Remove portables, construct new gym and classroom building.
 - Status: Under Construction
 - Operational Budget Impact: This project will add square footage to the building, increasing operating expenses.
- Mountain View Middle School Seismic Upgrade
 - Budget: \$20,106,223
 - Scope: Seismic, electrical, HVAC upgrades, ceiling & lighting replacement, new finishes.
 - Status: Under Construction
 - Operational Budget Impact: The seismic project has no effect (other than potentially avoiding some repair costs after an earthquake). The roof replacement and other deferred maintenance items will reduce the operating expenditures for the building. Utility costs should be reduced due to the LED lighting replacement.
- Southridge High School Softball/Baseball Artificial Turf
 - Budget: \$5,200,000
 - Scope: Convert natural grass baseball and softball fields to artificial turf.
 - Status: Complete
 - Operational Budget Impact: There will be reduced operational expenses associated with watering, mowing, and striping. There will be new operational expenses related to storm water treatment facilities, turf impact testing, turf maintenance, and end of life turf replacement.
- Westview High School Concessions
 - Budget: \$3,636,723
 - Scope: Add bathroom and concessions facility adjacent to stadium field.
 - Status: Complete
 - Operational Budget Impact: This project adds a new building, so there will be operating expenses for maintenance and utilities. This eliminates the need for temporary bathroom facilities onsite, but overall, this is a cost increase.
- Westview High School Office Relocation
 - Budget: \$3,465,670
 - Scope: Create new secure front entrance and offices.
 - Status: Complete
 - Operational Budget Impact: This project has little to no impact on the operational budget. It does add a small amount of square footage, but other than that it is cost neutral.
- Springville Elementary Courtyard Renovation
 - Budget: \$1,000,000
 - Scope: Replace existing courtyard surfacing with artificial turf.
 - Status: Complete
 - Operational Budget Impact: This project should represent a reduction in operational costs. Previously, the courtyard was covered with wood chips, and it created a significant mess. This involved a lot of cleaning and maintenance.

Third Year (2024-25) Capital Budget

The following projects were planned and are in process:

- Aloha High School Softball/Baseball Artificial Turf
 - Budget: \$9,000,000
 - Scope: Convert natural grass baseball and softball fields to artificial turf along with a new soccer field. Improve drainage, pathways, backstop netting, dugouts, and various other items.
 - Status: Design/Procurement
 - Operational Budget Impact: There will be reduced operational expenses associated with watering, mowing, and striping. There will be new operational expenses related to storm water treatment facilities, turf impact testing, turf maintenance, and end of life turf replacement.
- Aloha High School Athletic Facility
 - Budget: \$2,000,000
 - Scope: Construct a new softball batting cage and improve existing concessions/bathrooms.
 - Status: Design/Procurement
 - Operational Budget Impact: The new batting cage will add square footage that must be maintained. The concessions improvements will offset maintenance costs associated with the old building.
- Aloha High School HVAC Upgrades
 - Budget: \$21,805,000
 - Scope: Replace end-of-life HVAC systems, distribution, and controls.
 - Status: Design/Procurement
 - Operational Budget Impact: The new systems will be more energy efficient, leading to lower utility bills. Additionally, they will require less maintenance and be less prone to breakdowns, which will save on repair costs.
- Cooper Mountain Elementary Office Relocation
 - Budget: \$1,790,930
 - Scope: Create new secure front entrance and offices.
 - Status: Permitting
 - Operational Budget Impact: This project has little to no impact on the operational budget. It does add a small amount of square footage, but other than that it is cost neutral.
- Meadow Park Middle School Seismic Upgrades
 - Budget: \$25,700,000
 - Scope: Seismic upgrades, roof replacement, ceiling/lighting/electrical upgrades.
 - Status: Permitting
 - Operational Budget Impact: The seismic project has no effect (other than potentially avoiding some repair costs after an earthquake). The roof replacement and other deferred maintenance items will reduce the operating expenditures for the building.
- Oak Hills Elementary Classroom Addition & Outdoor Learning
 - Budget: \$4,733,717
 - Scope: Add 4 classrooms and support spaces to the school along with a new covered play.
 - Status: Permitting
 - Operational Budget Impact: This project will add square footage to the building, increasing operating expenses.

- McKinley Elementary Outdoor Learning
 - Budget: \$1,687,138
 - Scope: Convert courtyard to artificial turf, add covered play.
 - Status: Predesign
 - Operational Budget Impact: There will not be any significant operational cost impacts.

Fourth Year (2025-26) Capital Budget

The following projects are planned:

- Allen Transportation Replacement
 - Budget: \$13,900,000
 - Scope: Tear down and rebuild the Allen Transportation bus maintenance facility.
 - Status: Design
 - Operational Budget Impact: This project will reduce operational expenditure. The new building will be the same size as the existing building and be more efficient.
- Aloha Huber Outdoor Learning
 - Budget: \$1,000,000
 - Scope: Add playground and covered play.
 - Status: Not Started
 - Operational Budget Impact: There will be minor added costs to maintain the new playground area.
- Cedar Park Seismic Upgrades
 - Budget: TBD
 - Scope: Seismic upgrades and roof replacement.
 - Status: Not Started
 - Operational Budget Impact: Similar to the other seismic projects.
- SRHS Athletic Facility
 - Budget: \$2,000,000
 - Scope: TBD
 - Status: Not Started
 - Operational Budget Impact: Not yet known
- Westview Softball/Baseball Artificial Turf
 - Budget: \$4,000,000
 - Scope: Convert existing softball and baseball fields to artificial turf.
 - Status: Not Started
 - Operational Budget Impact: Similar to the other turf projects.
- Sunset High School HVAC Upgrades
 - Budget: TBD
 - Scope: Replace end-of-life HVAC systems, distribution, and controls.
 - Status: Design/Procurement
 - Operational Budget Impact: Similar to the other HVAC projects.

Fifth Year (2026-27) Capital Budget

The following projects are planned:

- Barnes Elementary Gym/Cafeteria
 - Budget: \$7,500,000

- Scope: Construct new gym and cafeteria.
- Status: Not Started
- Operational Budget Impact: TBD
- Whitford Middle School Seismic Upgrades
 - Budget: TBD
 - Scope: Seismic upgrades
 - Status: Not Started
 - Operational Budget Impact: TBD

Sixth Year (2027-28) Capital Budget

The following projects are planned:

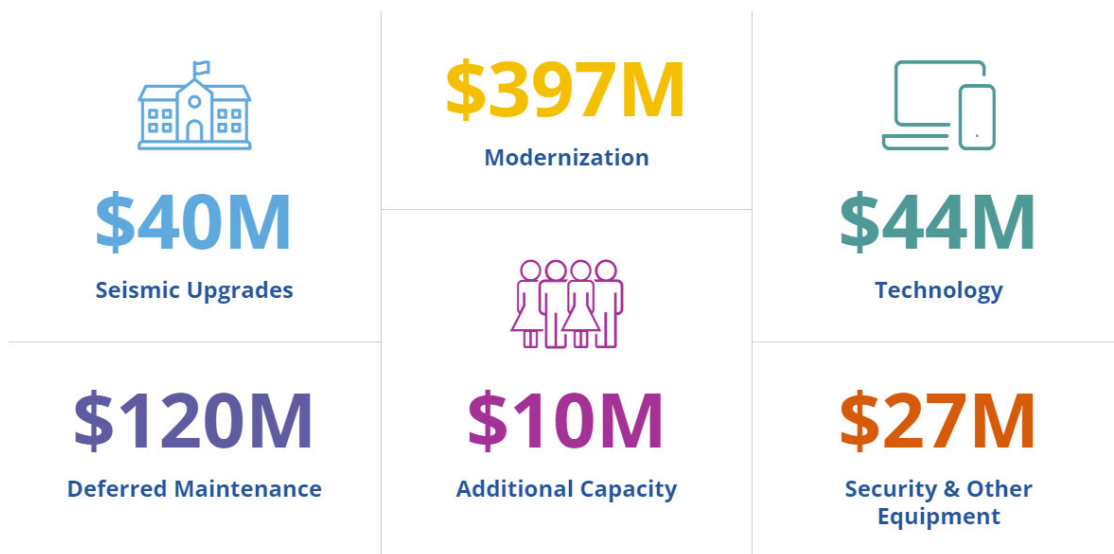

- Highland Park Middle School Seismic Upgrades
 - Budget: TBD
 - Scope: Seismic upgrades
 - Status: Not Started
 - Operational Budget Impact: TBD

Long Range Planning

In Fall of 2024, BSD began a new long range planning process. This process will look at: community values and priorities for our schools, declining enrollment and projected enrollment trends, Facility capacity and condition, boundaries and feeder patterns, and educational specifications. This process will involve a significant amount of outreach and community engagement. The outcome of this process will help inform a potential future capital improvement bond.

Insurance Reserve Fund (611)

INSURANCE RESERVE FUND OVERVIEW

The Insurance Reserve Fund accounts for costs incurred by the District under its self-insurance programs, except workers' compensation, up to insurance policy deductible limits. These programs include property liability, life, long-term disability, and unemployment.

The District is self-insured for costs up to policy deductible limits as follows:

- General Liability and School Board errors and omissions - \$500,000 per occurrence
- Fire loss, property damage, all risk (theft, vandalism, etc.) - \$500,000 per occurrence
- Long-term disability claims – payment of all claims for the first fifty-one months of disability for eligible administrator and classified staff. Eligible certified staff are fully insured for disability claims.

Principal revenue sources for the Insurance Reserve Fund are services provided to other funds and a transfer from the General Fund. The transfer from the General Fund makes up 18.5% of total revenues, followed by the services provided other funds at 17.8%. Services provided other funds are made up of unemployment insurance, life insurance and long-term disability insurance charges against salaries paid. The rates for the 2025-26 year are 0.30% for unemployment insurance, 0.20% for life insurance and 0.35% for long-term disability insurance. These rates have generally been steady over several years, with revenue only fluctuating with the salaries expended by the District. The unemployment rate increased by 0.50% for the 2024-25 year due to anticipated costs of SB 489 and unemployment costs for classified staff over school breaks, including summer, however, the rate was brought back down in the 2025-26 year as the unemployment impacts were less than anticipated.

The beginning fund balance has increased due to additional interest income, lower claim expenses than anticipated and less unemployment impacts over the last few years. A portion of this fund balance is planned to be spent down over the next three years.

Expenditures – Major expenditures in the Insurance Reserve Fund are in the area of Other Objects, which is where all insurance judgements and settlements are accounted for. This makes up 46.0% of the total Insurance Reserve Fund budget. In the past few years, this amount has been increasing slowly due to an increase in claims and rising insurance costs with a large increase in 2024-25 due to anticipated unemployment costs for SB 489. The 2025-26 budget reflects a lower amount due to less unemployment impacts from SB 489.

Workers' Compensation Fund (612)

WORKERS' COMPENSATION FUND OVERVIEW

The Workers' Compensation Fund accounts for claims relating to on-the-job injuries up to insurance policy deductible limits. The District is self-insured for costs up to policy deductible limits of \$400,000 per claim for workers' compensation.

The primary revenue source for the Workers' Compensation Fund is services provided to other funds, which makes up 40.6% of the total revenue.

The services provided to other funds are made up of workers' compensation insurance charges against salaries paid. The rate for the 2025-26 year is 0.65% which is 0.15% less than it was in 2024-25. After analyzing the revenue generated by this charge against salaries, the beginning fund balance and the reduction in claims, it was determined that the rate should be decreased for the 2025-26 year.

Expenditures – Major expenditures in the Workers' Compensation Fund are in the area of Other Objects, which is where all insurance judgements and settlements are accounted for. This makes up 40.7% of the total Workers' Compensation Fund budget.

Classroom Teacher Definition - Regular full-time and part-time staff who work in instructional activities dealing directly with the teaching of students including school classroom teachers K-12. This document does not include elementary PE specialists and elementary music specialists.

Note: The budgeted enrollment may not agree to other projected enrollment information within this document due to enrollment being adjusted for a 3 year ADM trend prior to staffing for high school, a 1% holdback for elementary and middle schools and the weighted enrollment calculation. The budgeted enrollment listed here is the enrollment that was used for staffing but presented unweighted.

------------------------	----------------	----------------	----------------	----------------	----------------

Overall, personnel allocations for the District have increased 4.4% for 2025-26 over the previous budget year. The increase, despite enrollment loss over the last five years, is primarily due to the significant investments made in the area of Special Education and English Language Development. The 2025-26 proposed budget reflects lower classroom teachers due to enrollment loss but increased Special Education teacher and paraeducators, as well as increased English Language Development teachers. The District continues to experience declining enrollment, and is projecting significant enrollment loss over the coming years, which will impact staffing levels in the future.

BEAVERTON SCHOOL DISTRICT

PROPERTY TAX SYSTEM AND ASSESSMENT OVERVIEW

In Oregon, property taxes help support police, fire protection, education and other public services provided by local taxing districts, such as cities, counties, and schools. Oregon's property tax system represents one of the most important sources of revenue for local governments. Oregon's property tax system is defined by two significant constitutional limitations that were put into place by initiative petitions passed by voters in 1990 (Measure 5) and 1997 (Measure 50).

- Measure 5 – amendment to the Oregon constitution setting an upper limit on the amount of property taxes to be collected. By 1995, the permanent tax rates of \$5 per \$1000 of RMV for schools and \$10 per \$1,000 RMV for general government taxes were established. This applied only to operating taxes, not bonds.
- Measure 50 – established a Maximum Assessed Value (MAV) for each property that existed in 1995. The lower of the MAV or Real Market Value (RMV) determined the assessed value (AV). Annual growth of AV was limited to 3% for existing property and for new property, the AV = RMV times (AV / RMV of similar property).

Property is taxed on its AV. A property's AV is the lower of its RMV or its MAV. Each year, the county assessor determines the property's RMV and calculates its MAV.

Oregon law states that the county assessor must value all property at 100 percent of its RMV. RMV is typically the price a property would sell for in a transaction between a willing buyer and a willing seller on January 1, the assessment date for the tax year. To estimate the RMV for a property, the county assessor appraises the property by comparing sales of similar properties, building costs and net operating income if applicable. Some property, such as farm or forest property, may be subject to special valuation processes.

A property's MAV is the taxable value limit established for each property. The first MAV for each property was set in the 1997-98 tax year. For that year, the MAV was the property's 1995-96 RMV minus 10 percent. MAV can increase for only two reasons:

1. Three percent increase – for tax years after 1997-98, MAV is derived as the greater of the prior year's MAV or the prior year's AV increased by three percent. For the Majority of Washington County accounts, the MAV will increase three percent per year.
2. Exceptions –
 - a. Changes in the property value as the result of new property or new improvements to property. These property events from minor construction will generally increase RMV, although it may not change MAV,
 - b. The property is partitioned or subdivided,
 - c. The property is rezoned and the use is changed consistent with rezoning,
 - d. The property was omitted from previous tax rolls, or
 - e. The property becomes disqualified from exemption, partial exemption or special assessment.

New construction affects MAV if it increases the value of the property by more than \$18,200 in any one year or \$45,000 within any consecutive five years.

BEAVERTON SCHOOL DISTRICT

BUDGET’S EFFECT ON TAXPAYERS

TAXES PAID BY AVERAGE HOMEOWNERS

The District has a permanent tax rate of \$4.6930 per \$1,000 of AV and a local option rate of \$1.25 per \$1,000 of AV. The local option rate is a result of the May 2013 election, where Beaverton voters approved a local option levy to fund classroom teachers within the District. The local option levy was renewed in 2018 and again in 2022. The current local option levy will expire on June 30, 2028. Additionally, the District has a bond tax rate that is determined by the District’s debt service each year.

The table below presents tax rates, average assessed values, and tax burden for homeowners in the District. The projected tax burden for 2025-26 is calculated based on the average assessed values provided by Washington County and the District's projected tax rates for the year.

	2021-22	2022-23	2023-24	2024-25	Projected 2025-26
<u>Tax Rates</u>					
Permanent Tax Rate per \$1,000 of AV	4.6930	4.6930	4.6930	4.6930	4.6930
Bond Tax Rate per \$1,000 of AV	2.0869	2.2479	2.1854	2.2697	2.4129
Local Option Tax per \$1,000 of AV	1.2500	1.2500	1.2500	1.2500	1.2500
 Average Assessed Value	 \$ 295,978	 \$ 308,138	 \$ 318,581	 \$ 328,283	 \$ 339,037
Tax Burden	\$ 2,377	\$ 2,524	\$ 2,590	\$ 2,696	\$ 2,833

DEBT SERVICE SCHEDULES

General Obligation Bonds

The District issues general obligation (GO) bonds to finance the acquisition and construction of major capital facilities. These bonds are backed by the full faith and credit of the District and are typically issued as 20-year serial bonds with annual principal maturities.

On May 11, 2017, the District issued the following GO bonds as part of the second phase of capital improvements under the \$680 million bond measure approved by voters in May 2014:

- Series 2017A: \$38,990,000 (taxable bonds, interest rates 1.49%-3.23%), final maturity June 2028
- Series 2017B: \$32,980,000 (deferred interest bonds, interest rates 3.57%-4.13%), final maturity June 2034
- Series 2017C: \$32,980,000 (current interest bonds, interest rate (5.00%), final maturity June 2035)
- Series 2017D: \$149,397,089 (convertible deferred interest bonds, interest rate 5.00%), final maturity June 2036

Interest for Series 2017A and 2017C is paid semiannually in June and December. Series 2017B and 2017D are structured with deferred or convertible interest, with principal and interest payments scheduled per bond provisions. Redemption features apply beginning June 15, 2027 for each series.

On June 30, 2020, the District issued Series 2020 GO Bonds totaling \$432,745,000 to refund \$71,060,000 of Series 2012B and \$298,310,000 of Series 2014B bonds. These bonds carry interest rates from 0.351% to 2.093%, with final maturity on June 15, 2034.

On July 12, 2022, the District issued:

- Series 2022A: \$142,742,153 (deferred interest bonds, interest rates 4.37%–4.93%), final maturity June 2048
- Series 2022B: \$176,670,000 (current interest bonds, interest rate 5.00%), final maturity June 2052

These bonds support the first phase of capital improvements related to the \$723 million bond measure passed by voters in May 2022. Semiannual interest is paid on Series 2022B, with principal due annually in June.

Debt service for GO bonds is funded by voter-approved property tax levies. In 2024–25, the District has budgeted \$87,411,182 for GO bond debt service. This is projected to increase to \$92,699,999 in 2025–26, pending the outcome of a final GO bond sale related to the 2022 capital bond measure that is planned for spring 2025.

Full Faith and Credit Obligation Bonds

These bonds are secured by the District's full faith and credit but are repaid from the General Fund.

- March 19, 2009: Bonds issued for a transportation center, school facilities, and equipment.
- April 27, 2016: \$16,260,000 issued to refund 2009 bonds. Interest rates range from 2.00% to 4.00%, with final maturity in June 2036.
- November 30, 2021:
 - Series 2021A: \$9,200,000, interest rate 1.810%, maturity 2036
 - Series 2021B: \$7,000,000, interest rate 0.79%, maturity 2024

Interest is paid semiannually in June and December; principal is paid annually in June.

Limited Tax Pension Obligation Bonds

These bonds were issued to finance the District's share of the Public Employees Retirement System (PERS) unfunded actuarial liability.

Source: Business Services

- June 21, 2005: The District issued \$189,935,000 as part of a pooled issuance. An intercept agreement with the State of Oregon ensures repayment via withheld State School Fund revenues. Bonds mature June 30, 2028, with interest rates between 4.11% and 4.76%.
- February 26, 2015: The District issued \$79,220,000 in taxable pension obligation bonds without an intercept agreement. Maturing June 30, 2034, interest rates range from 0.35% to 4.06%.

Debt service for pension obligation bonds is funded from the General Fund. Annual payments of approximately \$1.34 million will continue through the duration of the bonds. Savings from reduced PERS liability are reflected in the District's proportionate share of the net pension liability or asset.

STUDENT ENROLLMENT HISTORY AND PROJECTIONS

AS OF SEPTEMBER 30

Enrollment Projection Methodology:

The District develops annual enrollment projections for grades 1-12 using three types of information: cohort survival history, current and projected housing development, and overall economic picture. Cohort survival is a commonly used demographic technique that looks at the number of students in a given grade or series of grades (called a "cohort"), and determines how many of those students will move up to the next grade or school level. Cohort survival in a given area is affected by in- and out-migration of families in response to economic climate, the type of housing available (i.e., single family units vs. multiple family units), and general mobility of the population. Because there are no previous years' "cohorts" to compare classes with, kindergarten projections are generated using birth rates and BSD "capture" rates of eligible births in Washington County.

Beaverton School District

Staffing Allocation Methodology (SAM)

2025-26

Elementary Schools

Kindergarten - 2nd grade classes are staffed at a ratio of 24.53 students per teacher. Third grade through 5th grade classes are staffed at a ratio of 26.80. The staffing ratio was weighted at 0.25 for students of poverty for each school. The overall classroom teacher staffing of each elementary school was determined by their weighted enrollment. Counseling is also calculated on weighted enrollment. All other staffing that is dependent on enrollment used unweighted projected enrollment.

Middle Schools

Middle School students enroll in Language Arts, Mathematics, Physical Education/Health Science, and Social Studies each year. In addition, two periods of electives are offered each semester. The menu of electives includes AVID, Applied Arts/Technology, Fine Arts, and Spanish. Students may receive support for Special Education or English Language Learning in lieu of electives.

Staffing to schools is based on a ratio of 1.0 FTE to 26.35 students. For the purposes of staffing, a school's student count is determined by using a weighted enrollment strategy. The total population of the school for staffing is calculated by augmenting the enrollment of the school with an additional 0.5 student weighting for all students of poverty.

Option Schools

For the purposes of staffing, a school's student count is determined by using a weighted enrollment strategy. The total population of the school for staffing is calculated by augmenting the enrollment of the school with an additional 0.5 student count for all students of poverty. The District has one K-12 option school, FLEX Online School. Elementary students at FLEX Online School are weighted at 0.25, while secondary students are weighted at 0.5.

Special Education

Resource Room Staffing

Licensed and Classified Staffing

Resource room licensed and classified staffing is based on January caseload numbers. The following criteria determine caseload:

1. The student is currently eligible for special education services.
2. Parental consent for special education services has been signed.
3. The student is actively enrolled at the school.
4. The student is directly case-managed by the resource room teacher.

Eligible students case-managed by another service provider (e.g., Speech Language Pathologist) are not included in the resource room caseload, even if they receive services through the resource room. Instead, they are counted toward the service provider's caseload. Additionally, students in the evaluation process or not yet enrolled and attending the school are not included in caseload calculations.

The staffing ratios are as follows:

- **Elementary Schools:** Average licensed staffing ratio is **1:27** (minimum allocation: 0.5 FTE for caseloads under 20 students).
- **Secondary Schools:** Average licensed staffing ratio is **1:32** (minimum allocation: 0.25 FTE for caseloads under 14 students).

Caseload averages below these thresholds require 8 hours per week to be set aside for overflow testing and other district-assigned duties. For detailed staffing ratios, refer to the tables below.

Elementary and K-8 Resource Room Licensed Staffing		Elementary and K-8 Resource Room Classified Staffing	
Caseload Average	Licensed FTE	Classified FTE	Hours/Day (182 Day Calendar)

Specialized Program Staffing Projections and Adjustments

Specialized program classified staffing allocations are based on 2025-26 classroom projections. These allocations do not include students with additional adult assistance, which are handled separately. Adjustments to specialized program staffing will occur:

- **June and August:** Initial placement adjustments based on classroom projections.
- **October:** Final adjustments.

For program-specific staffing ratios, see the specialized program tables below.

Elementary ALC Staffing Ratio*

Staffing Allocation Methodology (SAM)

2025-26

English Language Learners (ELL)

The 2025-26 allocations were determined using the EL projections for the 2025-26 school year. Separate ratios are used to calculate teacher allocations for DL students and EL students at the elementary level. Newcomer students are included at an additional 0.25 weight.

Elementary Licensed Staffing		Elementary Classified Staffing		
DL Students	EL Students	Criteria	Classified FTE	Hours/Day (182 Day Calendar)
60:1	40:1	Licensed FTE < 1.0	0.875	7.0 hours
Licensed allocation rounded to nearest 0.5				

Middle/High School Licensed Staffing		Middle/High School Classified Staffing		
EL/DL Students		Criteria	Classified FTE	Hours/Day (182 Day Calendar)
60:1		Licensed FTE < 1.0	0.875	7.0 hours
Licensed allocation rounded to nearest 0.2				

A total of 33.2 Bilingual Resource Facilitator I (BRFI) positions (7.5 hours/day) will be funded for the 2025-26 school year. To determine which schools were allocated BRFI positions, the following items were taken into consideration:

- The primary responsibility of a BRFI is to provide language interpretation and translation services. Therefore, BRFI staffing allocations are generally based on each school's proportion of students who have at least one parent/guardian that requires those services. Most of the meetings for which interpretation services are needed are in Spanish and are related to Special Education (e.g., contacting families to schedule IEP meetings, interpreting at IEP meetings). While a BRFI does provide some support to students that speak languages other than English and Spanish and to their parents/guardians, most of their needs are met by the MLD-based Bilingual Resource Facilitator II staff (e.g., interpreting at meetings). Therefore, these are the weights that were given to different student characteristics when determining each school's proportion of BRFI staffing:
 - Students with disabilities who have at least one parent/guardian that requires Spanish interpretation: 3X
 - Students without disabilities who have at least one parent/guardian that requires Spanish interpretation: 1X
 - All other students who have at least one parent/guardian that requires interpretation (non-Spanish): .25X
- Middle and high schools (non Option program schools) were allocated at least a .5 BRFI position due to the complexity and increased volume of the demands on a BRFI at those levels (e.g., more meetings with families, evening events).
- All schools that host a Spanish Dual Language program were allocated at least a 1.0 BRFI due to the increased communication that needs to be provided to families in those programs. Jacob Wismer Elementary School's new Mandarin Chinese Dual Language program will be supported by the Mandarin-speaking MLD-based Bilingual Resource Facilitator II.
- The Dari/Pashto-speaking BRFI position was divided among three Newcomer Center schools: Aloha Huber Park (elementary), Meadow Park (middle), and Beaverton High School (high). The remaining Newcomer Centers will continue to be supported by BRFI staff at those sites (AHS 4.0, WVHS 2.0).

Note: All allocations are shown in FTE. Classified includes calendars and hours, as well as FTE.

PERFORMANCE MEASURES

Dropout Rates

Dropout data is collected in the Annual Cumulative Average Daily Membership (ADM) Data Collection each year at the end of the school year, which identifies students' enrollment dates and status as of the last day of enrollment for the year. A dropout is a student who withdrew from school and did not graduate or transfer to another school that leads to graduation. Dropouts do not include students who:

- are deceased,
- are being home schooled,
- are enrolled in an alternative school or hospital education program,
- are enrolled in a juvenile detention facility,
- are enrolled in a foreign exchange program,
- are temporarily absent because of suspension, a family emergency, or severe health problems that prevent attendance at school,
- received a GED certificate,
- received an adult high school diploma from a community college.

Dropout rates at the State level have been decreasing for several years, however as students returned to schools after the pandemic, the State dropout rate had a sharp increase in 2021-22. The District's increase mirrors that of the State but is still more than 50% below the State dropout rate. For the 2023-24 school year, the District dropout rate is 1.5% lower than the State dropout rate.

Beaverton School District graduation rates had been on the rise for several years of students graduating on time in four years. Although the District saw a slight decline in the 2020-21 year (students who entered 9th grade in 2017-18), the District is once again on the rise and has reached an all-time high in 2021-22 (students who entered 9th grade in 2018-19). Since then, the graduation rates have been decreasing slightly at the State and District levels. The District graduation rate for 2023-24 (students who entered 9th grade in 2020-21) is 6.1% higher than the State graduation rate.

The data to the right is 4-year cohort graduation rates for 9th graders entering in 2011-12 through 2020-21.

Standardized Test Scores

The District has scored between 9.6% and 10.7% higher than the State average in ELA standardized test scores and between 13% and 14.5% higher than the State average for Math standardized test scores for several years in a row.

Identified Student Percentage (ISP)

As the District has added more Community Eligibility Provision (CEP) schools it has moved to using the directly certified student numbers, also known as Identified Student Percentage (ISP), as the measure of poverty instead of free/reduced numbers which include students approved for free/reduced meals through income applications. Students who attend CEP schools do not fill out income applications for meal benefits. If non-CEP schools use free/reduced numbers which include income application approved students compared with CEP schools that can only use the Identified Student Percentage, the free/reduced numbers would be skewed against the lower income CEP schools.

The Identified Student Percentage includes all students who are approved for free meals through other programs – SNAP, TANF, Foster, Homeless, Migrant and Medicaid. All schools have students who are directly certified through other programs so the district has moved to using the ISP to represent poverty percentage for consistency.

Student Surveys

The purpose of the BSD Annual Survey is to help the District understand how students feel about their school. Answers are summarized by school and reported to the School Board.

The District prioritizes creating a welcoming environment where every student feels accepted. Recent surveys show that a high percentage of students—at least 80%—feel welcome and accepted at their school.

When asked to grade their school overall, 85% of middle school students, 88% of high school students, and 93% of elementary school students rated their school a C or higher.

Middle school and high school students were surveyed on their plans for the first year after high school graduation. The majority plan to attend a four-year college or start working, either full-time or part-time.

Parent Surveys

Parent surveys focus on parent communication and satisfaction with the District and their student's individual school or teacher.

When asked if they felt well-informed about general happenings at their child's school, 88% of parents surveyed responded that they agreed.

Regarding the overall grade for their child's school, 79% of parents/guardians rated it an A or B, while 15% rated it a C.

Staff Surveys

Staff were surveyed during the spring of 2024 as well. Approximately 45% of District staff completed the survey. Of the staff who responded, at least 91% feel welcome and accepted at their place of work and at least 93% responded that they receive timely communications from the District.

STRATEGIC INVESTMENTS

The District has made strategic investments to support the Strategic Plan by building on, discontinuing or modifying previous year investments and measures of success. During the 2022-23 school year the District embarked on a community-wide process to develop a strategic plan to guide the District's work for the next five years. The goals and foundational building blocks within the strategic plan were used to determine the strategic investments outlined below. The following pages include detailed information on the individual investments included in the 2025-26 budget and the measures that will be used to determine the academic return on the investments.

During the spring 2019 legislative session, House Bill 3427 (Student Success Act) was passed which created a new business tax dedicated to early learning and K-12 education. This tax was estimated to generate approximately \$1.0 billion each year. Fifty percent of the SSA creates the SIA, of which the projected Beaverton School District allocation for the 2025-26 year is \$38.2 million. Significant investments from the SIA have been included in the information that follows, as well as previous District investments from other funds. The SIA requires an annual report on the status of the District's investments with the SIA funds, many of which are listed below. The two main goals for the SIA are:

- increasing academic achievement, including reducing academic disparities for focal populations
- addressing students' health and safety needs

All investments in the SIA support these goals and are aligned with the District's strategic plan goals of Safe & Thriving, Foundations of Success and Progress on Standards.

In addition to the SIA, the District also receives approximately \$12.1 million in High School Success funds (HSS, ballot measure 98) which was approved by Oregon voters in November 2016. The goals for the HSS grant are to increase and expand CTE opportunities for students and establish or expand dropout prevention strategies in high schools. All investments made by the District with HSS funds support these goals, which are aligned to the District's strategic plan goals of Progress on Standards and College & Career Ready.

In *What Does the Most Good...and for Whom?: A Guide to Academic Return on Investment Analysis* (2020), the District Management Group (DMG) asserts that "districts generally do not have the resources to analyze multiple programs each year" (p.10). In selecting programs for determining academic return on investment (AROI), DMG advises districts to set minimum threshold criteria for size and scope to focus the list on high-potential candidate programs. This "minimum threshold requirement works as a filter to focus on programs of sufficient size and scope, ensuring that there will be significant value to applying an AROI analysis to the program" (p.12).

"Thoughtful program selection is one of the most important steps in the AROI process and can be managed effectively by using a structured program selection rubric" (p.13). Using a program selection rubric helps "identify which of the programs, strategies, or efforts has the greatest potential to generate actionable insights and have the most significant impact on students as a result of an AROI analysis" (p. 13). DMG's program selection rubric uses 10 criteria including scope, investment of dollars and staff time, data availability, and the political context surrounding the program. The District's AROI team applied DMG's program selection rubric to identify investments would be beneficial for the District to track academic return on investment.

Early Learning – Annual Investment \$6,150,887

Strategic Plan Goals/Foundational Building Block: Foundations of Success/Engaging & Effective Teaching & Learning Systems

Under the goal, Foundations of Success, the Beaverton School District is working to close the opportunity gap for our students of poverty and color by offering access to early learning and Pre-K programming. The District believes that by eliminating the opportunity gap for children early on and by connecting and including families in our work, that the District will begin to close the achievement gap. Children in our Pre-K programs experience learning through playful inquiry and have the opportunity to develop the habits of mind that are essential to future success in school. Additionally, during the fall of 2024, Pre-K staff adopted Creative Curriculum. This is a Pre-K curriculum that aligns with the literacy scope and sequence outlined in Oregon's new early literacy standards. Implementation of the new curriculum lends itself to evaluation of our Pre-K program with measures that are more directly aligned with those that will be used from K-12th grade.

The Beaverton School District began Pre-K programming in 2017-18 at one Title IA school and one non-Title IA school. Since that time, the District has expanded to 14 schools, all at Title IA schools. During the 2024-25 school year, the District is serving over 450 students who may otherwise not have had the opportunity to attend Pre-K.

The financial investment in Pre-K includes classroom instruction staff and materials, professional development for educators, and family engagement staff. Several grants support the program including Preschool Promise, which increases program access through a partnership with Washington County. Title IIA helps to fund professional development and the Kindergarten Readiness Partnership & Innovation (KPI) grant through Washington County supports family engagement staff.

Year	Students Served	Cost per Student

Elementary Instructional Coaches – Annual Investment \$5,861,344

Strategic Plan Goals/Foundational Building Block: Foundations of Success/Engaging & Effective Teaching & Learning Systems

Full-time Instructional Coaches are in every elementary school in the 2024-25 year, with some Title IA schools having 1.5 or 2.0 Instructional Coaches. The Instructional Coach primarily supports teacher practice and possesses deep knowledge of school systems, multi-tiered systems of support (MTSS), and effective instructional practices. The Instructional Coach, in collaboration with school leadership plays a pivotal role in planning and implementing professional development (PD) opportunities, coaching teachers, paraeducators, and school-based teams, and supporting the adoption and effective use of curriculum and data to enhance student learning outcomes. The Instructional Coach also supervises and oversees the school's intervention system and provides intervention support to teachers and a portion of their time to students as needed.

Year	Students Served	Cost per Student

The District began using the Star Screener from Renaissance to collect baseline data at the beginning of 2024-25 school year, which will allow schools across the District to consistently measure student growth from fall to spring. This data will also be disaggregated by race/ethnicity.

Definition of Success: Percentage of K-5 students at Levels 1 and 2 would move up at least one level during the school year using the Renaissance Star Screener.

- Level 1: The student has not yet met the grade-level achievement standard and needs continued support.
- Level 2: The student has nearly met the grade-level achievement standard and may need continued support.
- Level 3 – The student has met the grade-level achievement standard and demonstrates progress toward mastery.
- Level 4 – The student has exceeded the grade-level achievement standard and demonstrates advanced progress toward mastery.

	All Students

Graduation Mentors – Annual Investment \$1,570,654

Strategic Plan Goals/Foundational Building Block: College & Career Ready/Engaging & Effective Teaching & Learning Systems

The District is committed to preparing students for post high school success. District Graduation Mentors support students under the strategic plan goal of College & Career Ready. Graduation Mentors provide personal, targeted support for students not passing 1-2 classes with less than 90% attendance and students not passing 3 or more classes with attendance of 90% or greater. Their caseloads result from coordination between counseling departments, Behavior Health & Wellness teams and 9th Grade Success teams. Caseloads are approximately 35 - 50 students. Graduation Mentors collaborate with students and families with the primary objective to implement supportive strategies outlined by building support teams. Graduation Mentors assist and track their work with students by monitoring academic progress and attendance. Graduation Mentors help students to improve organization, and engagement during class and task completion, guide and reinforce student understanding of classroom rules, procedures and expectations; and provide academic goal setting strategies and training. Graduation Mentors collaborate with counselors to address academic, emotional, and social barriers.

Year	Students Served	Cost per Student

FLEX Credit – Annual Investment \$1,350,942

Strategic Plan Goals/Foundational Building Block: *Progress on Standards, College & Career Ready, Facilities & Programs for World-Class Learning*

The FLEX Credit program provides an additional pathway to engage and prepare all students for post-graduate success as outlined under the strategic plan goal of College & Career Ready. FLEX Credit offers individual, online courses to students in grades 9-12 who are enrolled at least half-time in a school within the District. Students must meet at least one of the following criteria:

- Need support to stay on track to graduate.
- Are at risk of not graduating due to credit deficiency.
- Wish to access advance placement courses.

FLEX Credit offers opportunities for students to recover credits as well as earn credits in courses new to the student in core subjects and numbers of electives. On-track coaches in buildings support FLEX Credit students in problem-solving barriers to success.

A group of finance leaders from school districts in Oregon with student enrollment counts greater than 10,000 students.

ACCRUAL BASIS

The basis of accounting under which transactions are recognized when they occur regardless of the timing of related cash flows.

ACFR

Annual Comprehensive Financial Report

ACMA

Arts and Communications Magnet Academy

ADA

Americans with Disabilities Act

ADMw

Average daily membership, weighted for additional student characteristics

ADOPTED BUDGET

Financial plan adopted by the governing body for the fiscal year or budget period that is the basis for appropriations (ORS 294.456).

AED

Automated External Defibrillator

AGS

Algebra/Geometry/Statistics

AHS

Aloha High School

AI

Artificial Intelligence

AICPA

American Institute of Certified Public Accountants

ALC

Academic Learning Center

ALLOCATED PERSON UNIT (APU)

Allocated Person Unit is used to budget average salary and benefit costs to cost centers.

AP

Advanced Placement

APPROPRIATION

A legal authorization to make expenditures and incur obligations for specific purposes. Total appropriations

include the adopted budget and any supplemental budget(s). The legal appropriation is the amount authorized by the board (ORS 294.311(3)).

APPROVED BUDGET

The budget that has been approved by the budget committee.

AROI

Academic Return on Investment

ASBO

Association of School Business Officials International

ASIST

Applied Suicide Intervention Skills Training

ASHREA

American Society of Heating, Refrigerating and Air-Conditioning Engineers

ASSESSED VALUE (AV)

The value placed on real and personal property as a basis for imposing taxes. It is the lesser of the property's maximum assessed value or real market value.

AUDIT

An official inspection of an individual's or organization's accounts, typically by an independent body.

AV

Assessed Value

AVERAGE DAILY MEMBERSHIP (ADM)

The year-to-date average of daily student enrollment.

AVID

Advancement Via Individual Determination

BALANCED BUDGET

Projected resources equal projected requirements within each fund.

BALLOT MEASURE 98 (HSS)

High School Success is a fund initiated by ballot Measure 98 in November 2016 to aid in increasing graduation rates and ensuring high school graduates are ready for their next step. The measure passed with 65% voter support and allowed the Oregon Department of Education (ODE) to disperse \$170 million total during the 2017-19 biennium among districts and charter schools that serve students in grade 9 through grade 12. All areas of eligibility must be fully in place by the end of the 2020-21 school year.

BASE

Beaverton Academy of Science and Engineering (replaces HS2 and SST in the 2020-21 school year)

BASIS OF ACCOUNTING

Methodology and timing of when revenues and expenditures or expenses are recognized and reported in the financial statements.

BEA

Beaverton Education Association

BEF

Beaverton Education Foundation

BHS

Beaverton High School

BH&W

Behavioral Health & Wellness

BOARD OF EDUCATION

Seven member elected board, created according to state law and vested with responsibilities for educational activities in a given geographical area, who establishes policy, hires a superintendent and governs the operations of the district.

BOND

A written promise, general under seal, to pay a specific sum of money, called the face value, at a fixed time in the future, called the date of maturity and carrying interest at a fixed rate, usually payable periodically. The difference between a note and a bond is that the latter usually runs for a longer period of time and requires greater legal formality.

BRF

Bilingual Resource Facilitator

BSD

Beaverton School District

BUDGET

A plan of financial operation embodying an estimate of proposed expenditures for a given period or purpose and the purposed means of financing them.

BUDGET COMMITTEE

A statutorily (ORS 294.414) defined committee composed of the School Board and an equal number of citizen members appointed by the Board. The committee is responsible for reviewing the budget as proposed, recommending changes and approving the final budget which is presented to the School Board for adoption.

BUDGET DOCUMENT

Written report showing the school district's comprehensive financial plan for one fiscal year. It must include a balanced statement of actual revenues and expenditures for each of the last two budgets and estimated revenues and expenditures for the current and upcoming budget.

BUDGET MESSAGE

Written explanation of the budget and the school district's financial priorities. It is prepared and presented by the Superintendent of the school district.

BUDGETARY CONTROL

The control or management of a school district in accordance with an adopted budget to keep expenditures within the limitations of available appropriations and available resources.

C4K

Clothes for Kids

CAPITAL BUDGET

A plan of proposed capital outlays and the means of financing them for the current fiscal period. It is usually a part of the current budget.

CAPITAL OUTLAY

Items which have a useful life of one or more years and exceed a dollar threshold established by the district, such as land, buildings, furniture, and equipment.

CAPITAL PROJECTS FUND

Accounts for resources, usually bond sale proceeds, used for activities related to the purchase or construction of major capital assets.

CCI

Communications & Community Involvement

CD

Construction Documents

CDL

Comprehensive Distance Learning

CET

Construction Excise Tax

CEP

Community Eligibility Provision

CEYP

Continuing Education for Young Parents

CFO

Chief Finance Officer

CIP

Construction in Progress *or* Continuous Improvement Planning

COLA

Cost of Living Adjustment

CONTINGENCY

An estimate in an operating fund for unforeseen spending that may become necessary.

COVID-19

A mild to severe respiratory illness that is caused by a coronavirus that was first identified in Wuhan, China in December 2019. In 2020, the virus was declared a global pandemic.

CPR

Cardiopulmonary resuscitation

CTE

Career and Technical Education

CTE CONCENTRATOR

A student at the secondary school level who has completed at least two course credits in a single CTE POS.

CTE POS

Career and Technical Education Program of Study

CURRENT BUDGET PERIOD

The budget period currently in progress.

DAO

District Administrative Office

DAS

Distributed Antenna Systems

DEBT SERVICE FUND

A fund established to account for payment of general long-term debt principal and interest.

DEPRECIATION

A reduction in the value of an asset with the passage of time, due in particular to wear and tear.

DEQ

Department of Environmental Quality

DMG

District Management Group is an independent consultant that helps school district leaders combine the most effective educational best practices with proven management techniques to bring about measurable, sustainable improvements in student outcomes. The District works with DMG on AROI.

DPSST

Oregon Department of Public Safety Standards

DSC

District Support Center

E&RC

Energy and Resource Conservation

EDM

Every Day matters

EGC

Emotional Growth Center

EIG

Expanded Income Guidelines

EIIS

Early Indicator Intervention Systems

EL

English Learner

Emotional Learning Center

ELD

English Language Development

ELL

English Language Learner

ELP

English Language Proficiency

ELPA

English Language Proficiency Assessment for the 21st Century

ENERGY STAR

Voluntary program of the EPA that helps businesses and individuals save money and protect our climate through superior energy efficiency

EPA

Environmental Protection Agency

ERP

Enterprise Resource Planning system

ES

Elementary School

ESB

Electric School Bus

ESD

Education Service District

ESSER

Elementary and Secondary School Emergency Relief Fund

EVERY STUDENT SUCCEEDS ACT (ESSA)

Federal law governing the United States K-12 public education policy. Like the No Child Left Behind Act, ESSA is a reauthorization of the 1965 Elementary and Secondary Education Act, which established the federal government's expanded role in public education.

EWS

Early Warning System

EXPENDITURES

Total amount incurred if accounts are kept on an accrual basis; total amount paid if accounts are kept on a cash basis.

FASB

Financial Accounting Standard Board

FFCO

Full Faith & Credit Obligation

FISCAL YEAR

A 12-month period from July 1 through June 30 to which the annual operating budget applies.

FLEX

FLEX Online School

FRL

Free and reduced lunch

FTE

Full-time Equivalent

FULL TIME EQUIVALENT (FTE)

The term used to note the percentage of the job employed based on One full time employee being the norm. One FTE is one employee 100% of the time for the entire year. (0.5) FTE is one employee working one half of the day in that position.

FUNCTION

A group of related activities aimed at accomplishing a major service or regulatory program for which a government is responsible.

FUND BALANCE

The excess of assets of a fund over its liabilities and reserves. During the fiscal year prior to closing, it represents the excess of the fund's assets and estimated

revenues for the period over its liabilities, reserves & appropriations for the period.

FUND

A fiscal and accounting entity with self-balancing accounts to record cash and other financial resources, related liabilities, balances and changes, all segregated for specific, regulated activities and objectives.

GAAP

Generally Accepted Accounting Principles

GASB

Governmental Accounting Standards Board

GENERAL FUND

A fund used to account for most operating activities except those activities required to be accounted for in another fund.

GFOA

Government Finance Officers Association

GMP

Guaranteed Maximum Price

GO

General Obligation Bond

GOVERNING BODY

County court, board of commissioners, city council, school board, board of trustees, board of directors, or other managing board of a local government unit.

GRANT

A donation or contribution in cash which may be made to support a specified purpose or function, or general purpose.

HB

House Bill

HB 3427

House Bill that established the SSA and allocated funding to education purposed including the SIA.

HR

Human Resources Department

HS2

Health and Sciences School (replaced by BASE in the 2020-21 school year)

HSS

High School Success (Measure 98)

IB

International Baccalaureate

IEP

Individualized Education Program

IGA

Intergovernmental Agreement

IM

Identity Management

INSTRUCTION

The activities dealing directly with the teaching of students or improving the quality of teaching.

INTEGRATED GUIDANCE

Oregon Department of Education (ODE) initiative to streamline the grant application process for six grants. The six grants are High School Success (HSS), Student Investment Account (SIA), Continuous Improvement Planning (CIP), Career and Technical Education (CTE/Perkins), Every Day Matters (EDM), and Early Indicator and Intervention Systems (EIS)

INTERNAL SERVICE FUND

A fund used to account for fiscal activities when goods or services are provided by one department or agency to other departments or agencies on a cost-reimbursement basis.

IPM

Integrated Pest Management

ISB

International School of Beaverton

ISC

Independent Skills Center

ISP

Identified Student Percentage

IT

Information & Technology

KPI

Kindergarten Readiness Partnership & Innovation Grant

LAB

Legislatively Approved Budget

LEVY

Amount or rate of ad valorem tax certified by a local government for the support of governmental activities.

LCRB

Local Contract Review Board

LGIP

Local Government Investment Pool

LIABILITIES

Debt or other legal obligation arising from transactions in the past which must be liquidated, renewed, or refunded

at a future date; does not include encumbrances.

LITT

Library Instructional Technology Teacher

LOCAL OPTION TAX

Voter approved temporary taxing authority that is in addition to the taxes generated by the permanent tax rate. Local option taxes can be for general operations, a specific purpose or capital projects. They are limited to five years unless they are for a capital project, then they are limited to the useful life of the project or 10 years, whichever is less.

LRFP

Long Range Facility Planning

MAV

Maximum Assessed Value

MEASURE 5 CONSTITUTIONAL LIMITS

The maximum amount of tax on property that can be collected from an individual property in each category of limitation.

MEASUREMENT FOCUS

The accounting convention which determines: (1) which assets and which liabilities are included on the governmental unit's balance sheet; and (2) whether its operating statement presents "financial flow" information (revenue and expenditures) or "capital maintenance" information (revenues and expenses).

MLD

Multilingual Department

MTSS

Multi-Tiered System of Support

MYP

Middle Years Programme

NASD

National Association of Securities Dealers

NSPRA

National School Public Relations Association

OBJECT CLASSIFICATION

A grouping of expenditures, such as personal services, materials and services, capital outlay, debt services, and other types of requirements.

OBJECTIVE

A specific, measurable goal that is to be achieved within a certain timeframe.

ODE

Oregon Department of Education

OAR

Oregon Administrative Rules

OKA

Oregon Kindergarten Assessment

ORS

Oregon Revised Statutes. Oregon laws established by the legislature.

OSAS

Oregon Statewide Assessment System

OSCIM

Oregon School Capital Improvement Matching

OSEA

Oregon School Employees Association

OSTF

Oregon Short-Term Fund

OSU

Oregon State University

PCC

Portland Community College

PD

Professional Development

PERMANENT RATE LIMIT

The maximum rate of ad valorem property taxes that a local government can impose. Taxes generated from the permanent rate limit can be used for any purpose. No action of the local government can increase a permanent rate limit once it is established.

PERS

Public Employees Retirement System

PFMLI

Paid Family Medical Leave Insurance

PGE

Portland General Electric

PK

Pre-Kindergarten

PLTW

Project Lead the Way

PPE

Personal Protective Equipment

PROGRAM

A group of related activities to accomplish a major service or function for which the local government is responsible.

PROPERTY TAXES

Ad valorem tax certified to the county assessor by a local government unit.

PROPOSED BUDGET

Financial and operating plan prepared by the budget officer. It is submitted to the public and the budget committee for review.

PURCHASED SERVICES

Includes such items as conference fees, mileage paid, consultant fees, fees of subcontractors, utilities including electricity, telephone, water, refuse and gas, liability, property and fleet insurance.

PV (PHOTOVOLTAIC)

A photovoltaic system, also PV system or solar power system, is a power system designed to supply usable solar power by means of photovoltaics.

PVH-PMSA

Portland-Vancouver-Hillsboro Primary Metropolitan Statistical Area

RACHEL CARSON

Rachel Carson School of Environmental Science is an options-magnet program designed for students with strong interest in science in the middle grades.

RFP

Request for Proposal

RMV

Real Market Value

REQUIREMENT

The sum of all appropriated and unappropriated items in a fund. Total requirements must always equal total resources in a fund.

RESERVE FUND

Established to accumulate money over time for a specific purpose, such as purchase of new equipment.

RESOLUTION

A formal order of a governing body.

RESOURCE

Estimated beginning funds on hand plus anticipated receipts.

RHES

Raleigh Hills Elementary School

RMV

Real market property value

SAM

Staffing Allocation Methodology

SB

Senate Bill

SB 1149

Senate Bill effective in 2002 requiring Portland General Electric and Pacific Power to collect a “public purpose charge” in billing to provide additional funding for energy efficiency efforts in eligible public K-12 school facilities within their service areas.

SCC

Social Communication Center

SEC

Securities and Exchange Commission

SEL

Social Emotional Learning

SIA

Student Investment Account, the account by which the State of Oregon has divided approximately 50% of the resources of the Student Success Act

SLC

Structured Learning Center

SNAP

Supplemental Nutrition Assistance Program

SPED

Special Education

SRC

Structured Routines Center

SRM

Standard Reunification Method

SRO

School Resource Officer

SRP

Standard Response Protocol

SSA

Student Success Act

SSC

Student Success Coach

SSF

State School Fund

SST

School of Science and Technology (replaced by BASE in the 2020-21 school year)

SUPPLEMENTAL BUDGET

A financial plan prepared after the regular budget has been adopted to meet unexpected needs or to spend revenues not anticipated when the budget was originally adopted.

SYNERGY

Student information management system.

T4B

Teach for Beaverton, an innovative teacher residency program for student teachers in partnership with Oregon State University

TANF

Temporary Assistance for Needy Families

TBD

To Be Determined

THPRD

Tualatin Hills Parks and Recreation District

TOSA

Teacher on Special Assignment

TRANSFERS

Amounts moved from one fund to finance activities in another fund. They are shown as expenditures in the originating fund and revenues in the receiving fund.

TRL

Temporary Remote Learning

TSC

Transportation Service Center

UAL

Unfunded Actuarial Liability

UNAPPROPRIATED ENDING FUND BALANCE

Amount set aside in the budget to be used as a cash carryover to the next fiscal year or budget period. It provides the local government with cash until tax money is received from the county treasurer in November. This amount cannot be transferred by resolution or used through a supplemental budget, unless necessitated by a qualifying emergency.

USDA

United States Department of Agriculture

WVHS

Westview High School

YSO

Youth Services Officer
