Policy Cover Sheet

10-15-14

I have gone over the 500-800 series with Linda & Michelle.

We reviewed each policy individually to see if the policy is valid, meets current practice, or was in need of a rewrite.

We did address several in need of substantial revisions, such as health policies, but in general they were applicable.

I also streamlined the hilight notes to yellow is a change/addition and red is a recommended removal.

Hopefully this will focus your attention to items of greater relevance.

The updated 400-800 policies are in the boardbook module but if you want a hardcopy please advise me by the end of the day Thursday Oct. 16.

Sincerely,

Steve
