- Online Total: 351.1
- District Total: 500
- District Cap: 500

Online Learning with Acting Director, Bierce

The 6th -12th grade online program has wrapped up Semester 1 and the teachers are busy grading and getting courses set up for Semester 2. We had 21 students complete their graduation requirements and 7 ready for PSEO! They will be invited to celebrate with us in May at our graduation ceremony.

Our middle- and high-school students are participating in J-Term this week. Middle School students will focus on social-emotional learning topics and High School students will focus on career and college readiness and planning. Our Elementary students are continuing up their semester and will finish this Friday, January 17th.

We are excited to have our new 0.5 Special Education teacher starting on Wednesday. We are still searching for a math interventionist.

Seat Based Learning with Director Klang

We are completing our Fastbridge testing as we wrap up Semester 1. We are also looking forward to half way day!!

The donations and generosity for the students and staff with Christmas gifts was absolutely incredible! Many churches, Christmas for Kids, businesses and individuals poured their hearts out in generosity!

The staff enjoyed their well deserved break. It is evident that the staff is ready for part two - they are excited, happy, rejuvenated and ready to go!

Many 7th and 8th grade students are heading north to Finland to the Wolf's Ridge Nature center. They are looking forward to this adventure. There are a few staff attending and one parent on this two night trip. Thank you Lisa Laasch and others!

Spring Math continues to show amazing results!!! ALL 7th graders are scoring well above grade level! This is exciting and again - gives value to the one grade level teaching approach that we implemented this year.

As always - making the call for the e-learning days are always tricky. We got skunked last time, but, it's always better to be safe than sorry!!
