Board Salute

Rose Provenzano - Leman Middle School

Submitted by: Kelly Borchering, teacher

Rose is a gem! As a building sub, she is pulled in many different directions (sometimes at the same time), yet, no matter her placement, she always has a positive impact on the students she serves. She truly cares about what is best for the students and makes long-lasting connections with them.

I have had the privilege of working alongside Rose several times, both in long-term sub roles in the Cross Cat program, as well as daily gen ed classes. I am in awe at how she can mold herself to whatever role she's given. Bravo, Rose, and thank you for serving our district! You are amazing!
