That the Board approve the College Preparatory Mathematics and English Language Arts Courses Memorandum of Understanding between Judson ISD and Alamo College District and the University of Texas at San Antonio and Texas A&M Univeristy-San Antonio

IMPACT/RATIONALE:

To assist students to achieve college readiness, part of HB 5 of the 83rd Texas Legislature was the creation of College Preparatory Courses in Math and ELAR. These courses allow our District to partner with local institutions of higher education (IHE) to design and implement courses that will allow students to meet the criteria for college readiness. This MOU is a renewal of our 2020-2025 College Preparatory MOU with Alamo Colleges, Texas A&M San Antonio, and UTSA.
