Subject: Recommendation to Purchase Mobile Devices and Carts

Please include a Recommendation to purchase Mobile Devices and Carts on the agenda of the Board of Education, Committee of the Whole Meeting, on August 13, 2018. We would like an opportunity to discuss this recommendation with the Board of Education.

As we continue to adopt new high school and middle school textbooks that come with digital media to enhance our students' learning experiences, there is an increased need for students to use Chromebooks. This recommendation is to purchase additional Chromebooks to support that additional need. The building principals have discussed optimizing the Chromebooks that they currently have and are developing a plan for the future as we continue to increase our need for digital access.

We are recommending the following purchase:

Item Number	Description	Unit price	Quantity	Total
	Dell Chromebook 11-3189, 11" Chromebook	\$294.00	1450	\$426,300.00
3000022652613 3000022652923	Carts with charging customization kits	\$1,511.00	42	\$63,462.00
PSS-SVC-FF	Chromebook Enrollment, delivery, engraving and cart setup	\$19.00	1450	\$27,550.00
				\$517,312.00

The funds for this purchase are included in the 2013 Bond.
