

**ECTOR COUNTY ISD**  
**SCHOOL NUTRITION DEPARTMENT**

**MEMORANDUM**

**TO: TONYA TILLMAN**  
**FROM:** Terry Gooch  
**DATE:** April 23, 2007  
**RE: MEAL PRICES for 2007/2008**

I recommend that student meal prices remain the same for the 2007/2008 school year. Our last meal price increase was in 2003/04, and we should be able to maintain those prices for at least another year.

For your information, adult meal prices remain approximately equal to the average income for student meals. Therefore, we will continue to be within TDA and USDA regulations in regards to adult meal prices.

The number of approved meal applications has continued to decline for the past two years. I sense this is because of the labor market conditions in Ector County. Although federal reimbursements have declined, the school nutrition fund balance is sound.

**CURRENT MEAL PRICES**

	Breakfast	Lunch
Elementary Student	n/c	\$1.45
Secondary Student	\$ .85	\$1.75
Elem. Reduced-Price	n/c	\$ .40
Sec. Reduced-Price	\$ .30	\$ .40
