

**School Board Meeting:**

**September 23, 2024**

**Subject:**

Revision – ECFE, School Readiness  
Preschool, ECSE Handbook

**Presenter:**

**Scott Thielman, Superintendent**

---

**SUGGESTED SCHOOL BOARD ACTION:**

Recommend approval

**DESCRIPTION:**

Request that the following language be removed from the handbook:

**Photographs and Videotaping**

Staff may occasionally use pictures and video recordings to assist with learning activities. In addition, staff use photographs to share classroom activities with parents. Your signed permission is required and obtained prior to taking, using, and/or sharing this information.

**RATIONALE:**

The District's "Release of Student Data" guidelines and form is already included in the handbook. Photographs and videotaping that is done by staff will now fall under the same guidelines as Release of Student Data, and will therefore be less confusing.
