## Electronic Devices - New Statute and Policy

The students have done a great job overall managing electronic devices and in many cases students see that the change has led to a more focused participation in school.

This is a reminder that in accordance with state law and school policy, all electronic devices—including cell phones, earbuds, and smartwatches—must remain **powered off and stored in your backpack** from the **first bell until dismissal** each school day.

Violating this rule will result in the following consequences:

- **1st Offense:** Phone is confiscated. Student may pick it up at the end of the day. Parent/guardian will be notified.
- **2nd Offense:** Phone is confiscated and **only released to a parent or guardian. Saturday School** will be assigned.
- **3rd Offense:** The phone is confiscated. A required meeting with an administrator is scheduled with the parent or guardian, focusing on a plan for moving forward. **Two Days of Saturday School** will be assigned.

The above consequences pertain to offenses involving a phone being misused. If a student escalates a situation, other consequences may come into play, such as disrespect, arguing, or non-compliance.

We appreciate your cooperation in creating a focused and respectful learning environment. If you have any questions, please see your alpha principal.

## Transportation - Buses

Transportation asks that all parents check their student's route information on Infofinderi (<https://www.infofinder.com/ifi/?cid=JI3NNAOUOLK>) and Stopfinder.

**GUARDIANS**  
Our school has adopted The "Love U Guys" Foundation's Standard Response Protocol (SRP). Students and staff will be trained, practicing, and drilling the protocol.

**COMMON LANGUAGE**  
The Standard Response Protocol (SRP) is based on an all-hazards approach as opposed to individual scenarios. Like the Incident Command System (ICS), SRP utilizes clear common language while allowing for flexibility in protocol. The premise is simple - there are five specific actions that can be performed during an incident. When communicating these, the action is labeled with a "Term of Art" and is then followed by a "Directive." Execution of the action is performed by active participants, including students, staff, teachers and other responders. The SRP is based on the following actions: HOLD, Secure, Lockdown, Evacuate, and Shelter.

**HOLD**  
"In Your Classroom or Area"  
Students are trained to:  
• Clear the hallway and remain in their area or room until the "All Clear" is announced.  
• Do business as usual.  
Adults and staff are trained to:  
• Close and lock the door.  
• Account for students and adults.  
• Do business as usual.

**SECURE**  
"Get Inside, Lock Outside Doors"  
Students are trained to:  
• Return to inside of building.  
• Do business as usual.  
Adults and staff are trained to:  
• Bring everyone indoors.  
• Lock the outside doors.  
• Increase situational awareness.  
• Account for students and adults.  
• Do business as usual.

**EVACUATE**  
"Go to Location"  
Students are trained to:  
• Leave staff behind if required to.  
• Follow instructions.  
Adults and staff are trained to:  
• Bring roll sheet and Go-Bag (unless instructed not to bring anything with them, dependent on reason for evacuation).  
• Lead students to Evacuation location.  
• Account for students and adults.  
• Report injuries or problems using Red Card/Green Card method.

**SHELTER**  
"Take Cover and Stay Put"  
Hazards might include:  
• Tornado  
• Hazard  
• Earthquake  
• Tsunami  
Safety Strategies might include:  
• Evacuate to shelter area.  
• Stay the course.  
• Drop, cover and hold.  
• Get to high ground.  
Students are trained to:  
• Appropriate Hazards and Safety Strategies.  
Adults and staff are trained to:  
• Appropriate Hazards and Safety Strategies.  
• Account for students and adults.  
• Report injuries or problems using Red Card/Green Card method.

## Khan Academy

A great resource for students is the Khan academy. The organization has resources for most students grades and specifically high school. Most high school subjects are supported.

In a [recent study](#), students were over twice as likely to meet grade-level standards with Khan Academy. Districts across the country are partnering with us to ensure all their students succeed.

The link to Khan Academy is located at [www.khanacademy.org](http://www.khanacademy.org)

## Attendance Matters!

Excessive absences place your child at risk of losing credit for the semester or the year. State law requires at least 90% attendance which allows for only 9 absences each semester of the school year to gain credit or be promoted. Attendance has a direct impact on a student's ability to learn. Please help us give your child the best education possible by ensuring they are in regular attendance at school.
