**Subject: *Everyday Mathematics* Materials – Fourth Edition**

As you know, our district has been using the *Everyday Mathematics* program in kindergarten-fifth grade since our original adoption in 2007. We would like an opportunity to share with our Board of Education a future recommendation we plan to bring to them in June, which involves updating our *Everyday Mathematics* materials to the Fourth Edition. Please consider including this topic in the Curriculum segment of the COW Meeting on May 23, 2016.

Thank so very much for your consideration of this request.

C: Ben Hillard
