Reports on visits to High Performing or Star Schools

Mr. Brock English
Principal, Lawndale Elementary

Several weeks ago Principals were each offered the opportunity to visit up to three (3) High Performing or Star Schools housing similar grade levels to their respective schools. The purpose of the visits was to learn from and share with these host principals strategies their schools had utilized to increase student learning and academic achievement. Each TPSD principal was asked to bring back up to 3 strategies that he/she had learned about and that could possibly be implemented in TSPD schools. Principals were also encouraged to have teacher representatives participate in these visits. Lawndale Principal Brock English and Rankin Principal Paul Moton requested to share a report on their initial school visits.

(Mr. English will report for both himself and Mr. Moton. Mr. Moton has a PTA meeting scheduled at noon on Tuesday, and his assistant principal will be out that day.)
