

Site Report – Chignik Lake – February 2022

To: Superintendent Kasie Luke and LPSD School Board Members	From: Barbra Donachy/Head Teacher, Chignik Lake
Outstanding Activities and Events	
February was short, sweet and busy! We opened the month with battle of the books. We had several battling teams. Our K-2 team was victorious and earn “champions of LPSD.” Next thing we knew, it was time to celebrate the 100 th day of school. Our student teacher is enjoying working with our elementary students and enjoying the beautiful scenery around the Lake. Students have been learning about and practicing Native Youth Olympic events. Elementary students have a way of turning work into fun – building engineering feats, practicing spelling with beads, and earning monster cookies after memorizing all their math facts. Whew, what a great month of highlights!	
Personnel	
Our new and existing staff are all falling into new routines. We’ve been able to meet our student needs with our personnel. We are grateful to have our student teacher whose energy and willingness to go beyond expectations is really helping us to give extra support to students.	
Standards Based System/Curriculum Progress	
Students are working and focused on the end of the year goals now. Tutoring services are still helping to give students additional one-on-one support.	
Technology Progress	
All is functioning well.	
Facility Update	
Our maintenance staff is taking terrific care of our school and teacher buildings. We’ve hired a new custodian and we have reliable subs if we need them. Our facility is looking great!	
LSAC Activity	
The LSAC met on February 7. The meeting was informational, as there was no quorum. The next meeting is scheduled for March 7. Minutes will be sent separately.	
Volunteer Report	
Community volunteers continue to pitch in with post office pick-ups, air field runs, and running a chess club.	
Professional Development	
Staff continue to work on personal goals to improve their professional practice.	
Pupil Attendance	
We currently have fifteen students enrolled and all are regularly attending face-to-face.	
Student and Staff Safety	
All staff and students have been careful in following Covid safety protocols. All have been willingly participating in daily health screenings. The ice in the village is slowly going away reducing that danger. We have plenty of Yaktraks for staff.	
Subsistence Calendar	
Students are working hard within the calendar framework.	
Other	

More Monster Achievements in February!

Proud Achiever!

Shy achievers!

100 Days of Happiness and Learning!

Spelling fun with beads.

Engineering marvels with K'nex
